COTTAGE GROVE, OREGON, SATURDAY, MAY 6, 1905.

NO. 3

## COTTAGE GROVE BAND CONCERT

The Best Band Concert Ever Given in the City Will Occur May 9th Don't Miss It.

Don't miss the band concert, Tuesday evening, (May 9th.) If you do, you will miss the best program the band has ever attempted. Not only the music of a higher class than ever been played by the band, but to add to this, the musicians are turning into the artistic and finished work of rendering it.

The music is by the best composers and it is hoped that more of our people will turn out to this concert and more fully appreciate a good thing when they have it furnished in at home.

The ladies chorus is getting it well in hand and is sure to be beyond the most sanguine expectations.

There are other features to come in this program which will help to make it a winner.

This will be the last indoor concert of the season so come and enjoy yourselves.

### Good Roads Convention.

On Saturday, May 13 the Lane County Good Roads association will hold its annual meeting at the court house at 2 p. m. in Eugene which time matters of importance will be discussed.

An effort is being made to have every road supervisor in the county present at which time it is proposed that the supervisors organize an association for promotion of best methods of road building throughout the county.

Prominent speakers are expected from a distance and a number of addresses will be made. Let attendance be general.—Register.

There should be a good attendance from this locality at this convention.

### Bonita Weather Bureau.

T. C. Abrams, electrician at Bonita, keeps a voluntary meteorological record. For the month of April his record shows: Maximum temperature 78; on the 23rd, minimum 31, on the 10 and 11th; Precipitation, total 2.05; greatest in 24 hours, .60; ar days 12; Frosts 3rd 10th 11th; no thunderstorms during the month, something unusual in this locality.

### Is Puzzled.

"Anyone spitting on any sidewalk, crosswalk or receptacle are subject to a fine of five dollars," is

the somewhat vague edict that now confronts the chronic expectorator, in the form of a display card inscription. Aside from its violation of grammatical rudiments the term "receptacle" in the notice leaves the reader very much in doubt as to the meaning it is sought to convey. As there are no open cisterns nor Pasteurized cesspools for the human atomizer to contaminate, it might have reference to the cuspidore, but we were always of the impression that these receptacles were within the bounds of propriety. Then, again, how is the feat of spitting on a receptacle to be performed in the strictest sense of the term? we plead guilty to displaying the doubting proclivities of the Missourian on these questions.—Eugene Register.

### TELEPHONE WAR ON

Pacific States Line Takes Lead by Reduction in Linn.

As a result of a petition to the Pacific States Telephone Company, which was numerously signed by Linn county patrons of the company, a reduction has been made in the telephone rates between Albany and Shedd, Halsey, Brownsville, Lebanon, Seio, Crabtree and Jefferson, the principal towns of the county. The rate was reduced from 25 cents to 15 cents, and is good only for subscribers to the Pacific States system. This is considered by many as the beginning of the war between the independent telephone lines and the Pacific States lines in Linn county.

### MAKES A FASTER TIME

Overland Trains to California Cut Schedule Slightly.

Train No. 12, of the Southern Pacific, will hereafter arrive in Portland from San Francisco a 16:25 instead of 8 o'clock in the evening as heretofore. The change in schedule went into effect today. The reason for the shorter time required to make the trip to the Bay City is that with the completion of the ferry at Port Costa the run around the bay will not be necessary any longer.

Train, 16, leaving at 7 o'clock in the evening, will leave at 8:05 o'clock in the evening, while train 11 will leave Portland the same as usual. Train 12 will leave San Francisco at 8 o'clock in the morning, instead of 7:30 o'clock.

They keep conductors on passenger trains to punch the passengers' tickets. They keep them on freight trains to punch the tramp's noses.

## ASK FOR MORE MONEY

Two Thousand Dollars More Wanted for Lane Co. Exhibit

Indorsed by Cottage Grove Citizens.

"A committee of representative business men visited the county commissioners' court at 1.30 o'clock this afternoon, and asked for an additional appropriation for the Lane County exhibit at the Lewis and Clark fair, says the Eugene Guard. The committee consisted of the following: T. G. Hendricks, S. H. Friendly, F. W. Osburn, Darwin Bristow, F. L. Chambers, F. E. Dunn, Alton Hampton, H. W. Thompson, G. W. Griffin, J. W. Shumate, C. A. Baker, Henry Stewart, Dr. D. A. Paine, A. C. Woodcock, F. M. Wilkins, and L. L. Whitson.

The court was addressed by a number of members of the committee, among them being T. G. Hendricks, A. C. Woodcock, J. W. Shumate and F. E. Dunn. It was the opinion of all that the court should appropriate at least \$2000 in addition to the \$500 appropriated some time ago.

The matter was taken under consideration and a decision will be given in a short time.

It appears that Lane county could afford to give the sum asked by the committee. Lane county has given \$2500, Jackson \$2000, the little county of Coos \$2500, and other counties in proportion. Lane should not take a back seat in this matter.

With the \$500 already appropriated no satisfactory showing can be made. Lane county people visiting the fair would be ashamed to own the exhibit as theirs if nothing more is given."

Following this action by the Eugene people a communication was sent to Cottage Grove asking that the matter be presented to the Commercial Club and the citizens and if they deemed it expedient, to so signify in writing to the county court.

A meeting of the Commercial Club was called and the following resolution was passed; also the resolution was indorsed by a large number of citizens.

COTTAGE GROVE, MAY 5th, '05. Whereas: It is important that every county, village and hamlet in the State of Oregon should be well represented at the Lewis and Clark Exposition to be held in the city of Portland and believing it is the duty of each county in the state to make an appropriation from the public funds to defray the expenses of such exhibit providing the same is properly and judiciously expended. Therefore be it;

Resolved, by the Commercial Club of Cottage Grove Oregon in convention assembled, that we heartily endorse the work and action of the committee of Eugene, in their endeavors in that direction and most respectfully and urgently ask the county court of Lane county to make an appropriation of the sum of \$2,000,000 the same to be used in the collection of an placing on exhibition at said exposition a creditable exhibit of the products of Lane county.

Commercial Club of Cottage Grove Ore:  
THOS. K. CAMPBELL, Pres.  
H. O. THOMPSON; Sec.  
We, the undersigned citizens and taxpayers of Lane county; State of Oregon, hereby endorse the above resolutions and respectfully petition the said county court to make the above appropriation.  
(Signed by many citizens.)

### No Space Allotted.

Mr. W. H. Shane appointed by the Bohemia Mine Owners' Association to take charge of the mineral exhibit from Bohemia at the Lewis and Clark Fair, returned to the city this week, after a visit to the Fair grounds and several interviews with the Commissioners.

Upon his investigating, he learned that no special place had been assigned for the exhibit of the

Bohemia display. There was a space set apart, which to Mr. Shane seemed entirely too small for the states exhibit and in this space the ores would be piled or dumped or something.

Last fall Mr. D. W. Wyant, came here and stated he was authorized by the commission, which is admitted by them, to arrange for the gathering of ores of this part of Oregon and that it was the desire to have a large collection from each camp, for which ample space would be assigned.

With this understanding the mine owners employed a man whose duty it was to gather ores from the mines and have them sent to the Wildwood station of the O. & S. E. from where the railroads transported them free to Portland. In this way, with the ores added this spring, also under the supervision of Mr. Wyant, there are now some 12 or 15 tons of ore in Portland. Mr. Wyant stated that the ore and representative must be on hand by 1st May and in compliance therewith, Mr. Shane presented himself on that date.

He says that other states have large space, which is all right, but feels that Oregon is somewhat left in the matter. From his understanding of the commissioners statement, only the Baker City man, who has been appointed to take charge of the mineral display of the state will be allowed to represent the mineral department.

There are some districts where very rich pockets or specimens are found that can make a showing in a glass case, but to represent Bohemia properly, where the ores are of a lower grade, but in great quantities requires considerable room.

### Western Yamhill.

From the Sheridan Sun.

While the finest of all kinds of berries and small fruits grow in abundance with not a failure on record, there is not a fruit cannery along the Yamhill river and the shelves of our grocers are filled with canned goods from California. Capital seeking investment might with profit investigate this industry. No higher grade of wool or mohair is grown in any other part of the state yet no woolen mill. A home market would soon add thousands to the bands of sheep and goats which could and do, in localities, graze on our beautiful hills also thousands to the wealth of our locality. No good reason can be advanced why this locality should be behind its neighbors in the creamery business. Today it is in its infancy, hardly sprouted. Then the resources in building material, both brick and lumber, are the very best.

### Memorial Day.

Memorial Day will be fittingly observed in Cottage Grove. Appotomattox Post and the Relief Corps, are making arrangements for snitable exercises and ceremonies. It is expected many of the fraternal organizations will take part in the parade.

If you need an awning, let the Wynne Hardware Company order it for you. They know what you want.

BLACK BUTTE, ORE., APR. 28, 1905.

School report of District No. 61, for the year commencing Sept., 19, 1904, and closing April 28, 1905.

No. of times tardy.....	36
Average no. of pupils belonging.....	16.54
Average daily attendance during the year.....	15.52
No. of visitors during the year.....	28
No. of visits of school board during the year.....	6
No. of visits of Co. Supt.....	1
Average length of time spent at school by each visitor during the year, 1hr. 30m	

Miss Hester Bemis has been neither absent nor tardy during the school year. All the pupils have acquitted themselves honorably both in deportment and scholarship. Teacher, Mrs. Emma Damewood.

### Centennial Notes.

Fifteen thousand people visited the grounds of the Lewis and Clark Exposition last Sunday.

Thousands of roses are now in bloom on the grounds of the Lewis and Clark Exposition.

Two hundred and fifty photographs of Seattle public schools and various branches of school work will feature the Sound City's educational display at the Lewis and Clarke Exposition.

Governor John C. Cutler of Utah has issued a proclamation strongly urging the people of his state to support the Lewis and Clark Fair. Utah will have a handsome building and many exhibits.

Rev. Newell Dwight Hillis, D. D., pastor of the Plymouth Congregational church of Brooklyn, and one of the best known preachers and lecturers in the United States, has wired his acceptance of the invitation extended him by the Lewis and Clark Exposition authorities to preach in the Auditorium at the Fair. His date is August 27.

The Lewis and Clark Exposition had an imperial visitor one day last week in Count Michael Michaelovich Darzimoff, a Russian noble who will represent Caucasia at the fair. The Count was well pleased with the Fair. He said that the Exposition is well known in Europe and that in London, sports are gambling on the probable attendance.

The California building, one of the handsomest structures at the Lewis and Clark Exposition, was completed last week, and accepted by the state commission. The building is in the shape of a Greek cross, each wing of which is a replica of an old Spanish, the four, which are reproduced being El Carmel, Dolores, San Luis Rey and Santa Barbara. Aside from its historic interest, the building will prove popular this summer on account of the wealth of interesting exhibits from the Golden state on display.

Babies are to have a day of their own at the Lewis and Clark Fair. Dan McAllen, the "father of the Exposition," who suggested the fair idea nine years ago, will have charge of arrangements for the baby show, and the babies are assured of a good time if Dan has anything to say about it. There will be prizes for the prettiest baby, the healthiest baby, the fattest baby, the thinnest baby and every other breed of baby. Mr. McAllen is busy arranging a program for the day.

### A Good Game.

City Ball Player—That was the best game of ball ever played on that diamond.

Farmer Hayrick—What wuz the score, young feller?

City Ball Player—One to nothing. Farmer Hayrick—Shucks! Young feller, I've seed a game daown our way that wuz sixty-two to forty-eight!

### Silk Creek Items

Baker Slagle is home from Dorena.

Prescott and Frank Wheeler are home from Gaston.

Mrs. Eugene Miller visited her parents at Saginaw last week.

Grandma Babcock is visiting her daughter Mrs. Wheeler this week.

Neal McCoy has been unable to attend school the past week from sickness.

Mr. A. D. Owens is building a fine new barn, as also is Mr. E. A. Wheeler.

Our district school is prospering finely under Miss Hutchinson's excellent management.

O. D. Wheeler has traded his ranch here for one situated on Indian creek and expects soon to move his family to their new home.

A party of young people gathered at the home of W. N. Wheeler Saturday evening. The company enjoyed music, both vocal and instrumental, pleasant chats and conundrums. At an early hour the young people departed for their homes.

### SAGINAW NOTES

Ed Colcord is working with the tie train.

Mrs. Clara Taplin visited the Grove Thursday.

Clyde Colcord was up from Springfield Sunday.

Ike Collins and Chas. Culver are working at Springfield.

Mr. Lesley is going to move to Coburg the last of the week.

Mrs. Lee Thomason visited in Roseburg several days last week.

Ben Jackson has resigned his position with the B-K Company.

Fred Lamb and family moved to Eugene Monday. Mr. Russell takes Fred's place in the store.

George Wiscarson of Mosby Creek moved into Saginaw last week and is working on the dock.

### Just Out of Calls.

Occasionally the commercial man has a story to tell as he travels about. At the Graham hotel recently one of these gentlemen reentered one; probably old enough to have kept, but new to the listeners.

It happened in Seattle, the traveler before retiring, asked to be called at 6:30. The intelligent night clerk after a moments hesitation, replied, he was sorry, but he was entirely out of 6:30 calls. If however, the gentleman could make it 6 o'clock or even 7 o'clock, he could be accommodated.

"Papa," said little Johnnie, "didn't George Washington ever tell a lie?" "My son," sternly replied his father, "I don't intend to tell one trying to defend a man I never knew."

## SPRING LINE

Banner Shirt Waist

JUST RECEIVED
