

LEADERS

Keep your subscription up.

Mrs. J. H. Davidson has gone to Eugene for a few days.

P. Hooper of Black Butte is in town for a time Thursday.

Earnest Fearance of Orseco has moved down to town for a few weeks at least.

Separators you must have—get the best made. Griffin & Veatch handle them.

Miss Grace Lynne of Portland is visiting at London with Mrs. Wm. Brund.

Tell your friends to subscribe for the Leader, and get them to vote for your candidate.

Empire Cream separators are the best made—Griffin & Veatch are sole agents here.

Mrs. J. R. Cooley, returned to town after attending the funeral of Mrs. J. H. Lamson at Eugene.

Hop picking season is on, and many of the young folks are ready for a fine time along with their work.

Wm. Wechter of Salem, operating the Golden Rule property at Bohemia was in town for a couple of days this week.

Wagonmaking, blacksmithing and general repair work at J. H. Baker's shop. Every guarantee of good workmanship given.

Mr. Wm. Brund of Florence has been visiting Andrew Brund and family recently and has gone up to London for a few days.

Felix Currin brought in several boxes of very fine fall apples on Thursday. He has lots more of them to bring in soon.

Does your neighbor subscribe for the Leader, if they don't get after them and get them to do so, maybe they will vote for your candidate.

How does your subscription stand, are you paid up to date, or are you behind. If behind, pay up to date, and then in advance, and get a bunch of votes for your favorite.

Help Wanted.—I will commence picking hops in my yards 1½ miles east of Creswell on or about Sept. 7th. Those wishing to pick will please write Supt. R. O. Brady, Creswell, Oregon.

Dr. Corpron and family have gone for a three weeks visit at the sea side, at Winchester Bay. The doctor carries a gun in one hand and his medicine case in the other, saying he is fixed to kill or cure.

George Kerr, driver of the Bohemia stage, came down to the Grove Wednesday to have Joe Baker repair his stage. Mr. Kerr says he knows where to get his work done and done right.

Constable Atkins and M. Blond returned from Grants Pass where they were called as witnesses in the trial of the men arrested here for breaking into the store of McCroskey at that place. The examination brought forth much strong evidence and the men were bound over for the next term of court.

The Cottage Grove Flour Mills are very busy these days, weighing and cleaning wheat. More wheat has been delivered at the mill this month than for years, and the prospect for a very large year's supply is good. While much of wheat is spotted, and small yet there is a good quantity of good clean wheat. About 3000 bushels are now stored in the mill, and it is expected that about 15000 will be taken in.

Cottage Grove added its quota to the circus crowd at Eugene. The farmers and those living around this section have been passing through for several days on their way to and from circus, and all seem to have had a fine time. There are always new sights for those that have been before, and many strange and wonderful things for those that see the circus for the first time, but all are good and ready to go home after a day of it.

The water pipe ditches are being dug rapidly, gangs of men are at work. There is a gang of men at work cleaning the ground where the new reservoir is to be located and getting ready for the dams. Contractor Lee is much pleased with the progress they made. A carload of fitting is on hand and is being distributed as fast as possible to the places where they will be used.

The So. Pacific tanks are going up rapidly, although the men are having to learn the work of construction as they go. The So. Pacific does not think it pays to hire a crew of trained bridge and tank work men to build their tanks, so they are teaching their own crew of well diggers to do the whole thing themselves. It will take longer and possibly cost less. The water supply in the new well is abundant for their needs.

Harry Rhodes was a visitor in Salem this week.

Mr. R. Welch and family have gone on a camping trip.

J. E. Young went to Eugene Wednesday on business.

Mr. A. B. Woods is in New York at the present time.

Mrs. O. F. Knox of Eugene is visiting in town for a few days.

Myrtle Smith and Warren McFarland went to the Circus Friday.

County Supt. Dillard was in town on School business Tuesday.

Mr. T. K. Campbell and family are in Portland for a few days at the Fair.

Tom Awbrey went to Eugene Wednesday on business returning Thursday.

Mr. Benson and family have returned from their camping trip on Moseby Creek.

Mrs. J. M. Bigher returned to her home in Salem, after a visit at the home of Dr. Hockett.

Mr. Proeters family have returned from their camping out, and will go to the Fair the first of the week.

Mrs. Bartels and daughter Mary went to Portland Wednesday for a few weeks stay with friends and will visit the Fair.

Agnes Wooley is suffering this week from a severely sprained ankle. She is able to get around with the aid of a cane.

Mrs. Olie Kayser who has been visiting with her parents east of Eugene, for some months returned to the city Sunday.

Mr. F. D. Fuller is expected to be in Cottage Grove, most anytime now to look over the mines with the view of putting in a smelter.

Mr. Norman Wynne killed a fine buck while on his camping trip. He is much elated over the fact, as it was his first deer hunt. He reports having had a fine time.

The embroidery work displayed in Lurch's windows is very tasty, and Madame Corsini, who is giving lessons in this kind of work is able to give able assistance. Many ladies are improving the opportunity.

Frank Wheeler, wife, and daughter, Jim Wheeler, Mr. Loyd, John Harms, Robt. W. Veatch, Lizzie and Lottie Veatch went for a camping trip on the coast this week. They had two teams and will drive over north of Newport.

Everybody is very grateful to the So. Pacific for reducing the the round trip rate to Portland, as the \$1.05 reduction is quite an item and allows many that much more for their expenses at the Fair, and also shows that the railroad at times is willing to make concessions without being asked for them.

As Amos Owens the mill man and his son were driving into town Wednesday afternoon, Mr. Owen's hat blew off, and Alva got off the wagon to get it for him. Just as he jumped down a loose horse that had been running behind came up and being scared by his jumping wheeled and kicked him, breaking the left arm just above the elbow. Dr. Kime set the arm, finding a double fracture but says that the boy is resting easily and will have no trouble with a bad arm.

Married at 7:30 p. m., Wednesday, Aug. 23, 1905, at the residence of LeeRoy Woods by Rev. Grace, Carroll Bower and Olivia Nicholl, both of Kansas City, Mo. Mr. Bower is a brother of Mrs. LeeRoy Woods. Their mother is an invalid and Mr. Bower brought her out to make her home here with her daughter, hoping the Oregon climate would benefit her. He was desirous of having his only near relatives witness his marriage, so as his bride was willing, they came to Cottage Grove to be married.

The ceremony was a quiet affair, only the relatives of Mr. and Mrs. Woods in this city and an uncle, John T. Rennie from Missouri and Rev. Mrs. and Grace being present.

The bride was attired in white and carried white flowers, and the groom in conventional black. The happy couple left Friday at 7:30 a. m. for Portland to the Fair and to take a trip down the Columbia, to the ocean and elsewhere, intending to see as much of the Pacific coast country as possible before returning to Kansas City, where Mr. Bower holds a good position in the National Bank of Commerce. The young couple have a home furnished ready for occupancy on their return. Mr. Bower is an excellent piano player, and has a good baritone voice.

The relatives all gathered at the residence of R. W. Welch Wednesday evening and enjoyed the music and late songs, both sentimental and rag time, the latter being Mr. Bowers favorites. The old folks enjoyed the fun as much as the rest and thought it wasn't so long since they did likewise, and wished the happy couple all the joys and pleasures of life, with the smallest share of this world's woes.

Will Meet in Eugene

This next meeting of the Willamette valley Development League will be held in Eugene on September 29 and 30. This was decided upon at a meeting of the directors of the league at Salem Monday evening at which the following were present: Hon. Walter Griffin, of Eugene; Mayor W. P. Elmore, of Brownsville; L. M. Gilbert, of Rosedale; G. A. Hurley, of Independence; Secretary Walter Lyon, of Independence, and President E. Hofer, of Salem.

There will be three sessions, Friday afternoon and evening and Saturday forenoon, the evening session to be of a social and musical character.

A program including papers and addresses on the vital interests of Western Oregon was arranged and will be made public as soon as the consent of the persons invited to appear can be secured. The Eugene Commercial Club is laboring with enthusiasm to make the convention a pronounced success.

A Sensible Move.

Have Tom Awbrey write you up a policy on your home and furniture in the Oregon Fire Relief Association, or your stock of goods in the Aetna Insurance Company.

Stop Merchants' Quarrels

Eugene-Aug. 22—At the regular meeting of the Merchants' Protective Association last night a resolution was unanimously adopted asking the newspapers of the city to refrain from publishing derogatory and insinuating articles made against any merchants by other merchants.

Ever since the association has been in existence there has been a better feeling among the merchants, and it is desired to eliminate the bitterness of feeling which exists between certain business men of the city.

Farmers Take Notice. Now is the Time Sanders Disc Plows are Better Than Moldboard Plows.

They are lighter draft. They never get hung. No ground is too stony, too rooty, too sticky or too hard to be plowed with a disc plow. There is no side draft. They will break up the hard pan that has been formed by other plows. They will plow deep and take the place of subsoil plows.

It never gets too dry to plow with a disc plow. You can sow and plant at the proper time.

They will not choke. They will turn under anything in the way of vines, weeds, stocks and stubble. You will be at but little expense for sharpening, and you will not need any repairs for a long time.

SANDERS DISC PLOWS ARE BETTER THAN OTHER DISC PLOWS.

We guarantee our plows to do good work in any kind of fallow land and not to break in one year from defect in material. Wynne Hardware Co.

\$100,000 Amusement Production.

In these days of costly amusement productions it must be something extraordinary to appeal strongly for public patronage, and that "Fair Japan" is of unusual character as regards the amount of money invested—\$100,000.00—as well as the unique entertainment it offers, in the unanimous opinion of the majority of Lewis and Clark Exposition visitors. "Fair Japan" is an educational as well as most interesting attraction, and one may get a very thorough knowledge of its industrious people by paying a visit. In fact the first endeavor of

the management in its production was to reproduction was to reproduce a miniature city of the Flowery Kingdom, and the results are certainly most satisfying.

Visitors enter from the Trail through an imposing gateway, a republic of the famous Temple of Nekko, and at once are struck with the genuine foreign atmosphere, quaint buildings of old and new Japan border both sides of the street; in them are occupied over 200 native workmen in 63 manufacturing and industrial pursuits. Reproductions of famous temples, and museums of old Japan eras will prove most interesting to all visitors, and the Japanese tea gardens, with the dainty Geisha maids serving tea and rice cake a la Japanese, are especially popular with lady visitors. In the Japanese restaurant both American and Japanese food and services may be had at very reasonable prices. The bazaars are stocked with beautiful Japanese wares, rare Cloisonne vases, rich embroideries and beautiful paintings on paper and silks by Japanese artists.

In the Japanese theater a numerous company of native performers present a diversified and lengthy program, including juggling, dancing, acrobatic stunts, magic, sword contests, the now famous science of Jiu Jitsu and thrilling scenes from the Japanese-Russian war.

A visit to "Fair Japan" is a visit to the Island Empire of the Mikado.

The winner of the Leader's Most Popular Young Lady Contest will visit this attraction at the Leader's expense.

Most Successful Flight.

Aug. 23.—The embryonic science of aerial navigation scored a point at the Lewis and Clark Exposition yesterday morning when the airship "City of Portland" made the most successful flight yet effected at

When You Come to Portland

Make your plans to stop at a home-like hostelry; a place where you will be shown every courtesy and treated as you would be in your own home, town or city.

The Forestry Inn

Is such a place, and it stands within one block of the Exposition entrance, on 25th Street, facing Upshur. THE FORESTRY INN is constructed on the log cabin style; furnishings, cuisine and management conforms thereto. It has 150 large, commodious rooms, all opening on broad, cool verandahs; with electric lights; hot and cold water and free baths. From the roof garden a view is had of the Exposition grounds, the city and surrounding country. European plan. Dining service a la carte and as reasonable as in any part of the city.

Price of Rooms, \$1.00 and \$1.50 Per Day

Special Rates to Parties of two or more.

MEALS A LA CARTE.

The Forestry Inn, Inc.

Address: H. M. FANCHER, Manager, 25th and Upshur Street. PORTLAND, OREGON.

The winner of the Leader's Most Popular Young Lady Contest will stop at this noted Inn.

the Exposition. From every standpoint the flight was satisfactory, and the performances of yesterday must take rank with the best flights ever made.

The vessel was in the air for half an hour. During which time the machinery worked without a hitch. The vessel changed its course at will of the navigator, describing circles and loops and traveling against the wind and with it. The craft, in making a spurt, covered a distance of one mile in a trifle more than three minutes. It made this record traveling with the wind which recorded a velocity of five miles an hour at the time. Returning against the breeze the vessel made from two to five miles an hour.

Miss Helen McGee has many supporters in the Contest. Watch and wait, so we hear.

Miss Harlow has the support of all the Star people and says the Leader will give her a good time at the Fair.

Fred Cheadle says that Miss Hohl is going to win. He is working hard with that in view, and making the drummers work for her.

The manager of the Sioux Indian Baseball Club, will be in town shortly and wants to arrange for a couple of games here. They travel in their private cars, and carry their own lighting plant, fences and seats and are prepared to give exhibition games, day and night.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."

Two Sizes, 50 Cents and \$1.00.
