SATURDAY.....SEPTEMBER 2, 1905

The Exposition is now in its prime, and late visitors will find everything in the best of condition. The Trail, the amusement street, is better now than at any time during the fair, the few shows of doubtful merit which operated during the early weeks have been dispensed with, so that everything to be seen there is first-class and worth the money charged.

The attendance at the Exposition, which has been good from the first, owing to a large extent to patronage from east of the mountains, has increased steadily, and the increase is expected to continue right up to the closing day, as the end of the harvest season will permit farmers who have been too busy to get away earlier to pay a visit to the biggest fair ever held in the Pacific Northwest.

Congress Should go Slowly

While no party and no policy can wholly make or mar our country the contrast between Democratic and Republican times is so marked that "the wayfaring man, though a fool, need not err therein." The Republican majority in the next Congress should go slowly about doing anything that may put a stumbling block in the path of progress and prosperity. There is no real Republican demand for Tariff revision. That cry comes from those who have always had enemies of their own, for purely selfish or personal reasons, would like to have the system changed for their own advantage.—Pittsburgh "Times."

Mr. M. C. Cochran's mother and brother are here visiting for a time. The brother may locate here.

Contractor Lea went down to Yoncalla on Friday, where he is about completing the water works plant there.

The editor is thinking something after the manner of Mr. Davidson, that one's home is a pretty fair place when the whole family is gathered together.

The "Vogue" millinery will open for business on Monday of next week with a full new and complete stock of goods for the fall trade. The store is being nicely fitted up and expects to have a good business.

The eclipse of the sun on Thursday was observed by many scientists, some getting valuable information and making important discoveries, while others were not able to do anything on account of the bad weather.

The Plaindealer Publishing Co., publishers of the Roseburg Plaindealer, have sold out their plant and business to W. E. Willis of Los Angeles, Cal., who assumed charge yesterday. Mr. W. C. Conner, who has been editor returned to Cottage Grove, where his family is located.

Next week the Leader will render statements to its city subscribers whose subscriptions are not paid up. When preented be ready with the cash if you can, if not, don't be annoyed by it, but settle up when you can. We want to know how many owe us and what they owe. It will be a good chance for you to get some votes for your candidate.

The water works system is progressing rapidly. Contractor Lea says there is a mile and a half of trench dug. The line across the river is ready to be laid, and is only being held for connections. The main reservoir is being dug out and gotten ready for the dams, the pipe is coming in rapidly and before long the laying of it will commence.

Another victim has been added to the long list of those who have died, from blowing out the gas in their room. This time a young girl visiting the fair with her relatives, a Miss Edith Kesterson of Montezano, Wash., was found unconscious in

her bed with the gas pouring from the jet. The whole affair is regarded as an accident, as the young lady was in excellent spirits when she retired, and had been writing postals to her friends about the fine time she was having at the fair.

Grade Stakes on Library Site.

Eugene Guard.
City Engineer Simon Klov Dahl this morning set the grade stakes on the Carnegie library site at the corner of Eleventh and Willamette streets. The plans for the building will be in the hands of the contractors by the middle of next week and soon thereafter the contract for the erection of the building will be let.

Star Items.

W. T. Hawkins went to the Grove Saturday.

Mr. J. B. Stewart and Elix Garrouste started for Eastern Oregon last week.

Miss Pearl Stewart went to the Grove Saturday.

S. H. Vaughn and John Winters went to the Grove last week.

Charlie Smith who was working in the mill at Mr. Vaughn's got his heel crushed real badly last week, but we are glad to say it is some better and Charlie is able to get around again.

Mr. and Mrs. Coplin, Miss Stewart also Mr. and Mrs. Hall of Eastern Oregon have been visiting with his brother Mr. Ben Hall at this place.

Mr. and Mrs. W. S. Hankins and Miss Mabel Harlow went to Oregon City Monday on a visit and they are to attend the Fair while there.

A large number of the Star people attended the social at Wildwood Saturday.

Mr. Barnhart passed through this vicinity with a large string of fish one day last week.

Miss Edna Kerr and Mearl Kirk passed through this vicinity Monday.

London Items

The management of the London Mineral Springs Hotel has changed, the change having taken place on Monday morning. Mrs. J. P. Hart for her exceptional cooking abilities is now the manager and will be glad to welcome all who come either sick or well.

Mr. Geer returned last week from a two weeks visit in Portland where he went in the interest of the London Mineral Water.

Daniel Harris of Texas is visiting his brother D. R. Harris of London and his sister Mrs. D. C. Baughman of Cottage Grove. This is his first visit to Oregon and is the first time he has seen his brother and sister for forty one years.

Mr. J. P. Hart who has spent the past six weeks with his wife and daughters at this place left Monday to resume his work.

Glenn Cox was called to Eugene last week to attend the funeral of his aunt Mrs. Lamson who died at that place.

Miss Grace Lynn of Portland is visiting Mrs. Brund and son of Florence who are camping here.

Among the most popular amusements at London are hunting and fishing and croquet each having their devotees, but the merry-go-round comes in for its full share of the fun. All were well pleased last Wednesday when Mrs. Smith of Oakland came in with a string of ten fine large trout. Mrs. Hart never goes without bringing in a nice string of fish. The gentlemen are trying to keep up their reputation as hunters but have not been very successful as yet.

Mr. and Mrs. Churchill returned to their home in Oakland last Saturday.

Mr. Neal went to Eugene Saturday expecting to be absent about a week.

The demand for the London Mineral Water is steadily increasing and has become so much sought after that it has to be shipped by the car load. A car load shipment was made last week.

MYSTERIOUS POWER

A Wonderful Remedy for a Wonderful Age.

Electricity is the wonder of the age, and the mode of treatment is the acme of perfection. It penetrates the secret ambush of disease and exterminates it, root and branch forever. It removes the wretched symptoms of loathsome maladies and averts their dreadful effects. It cures many of the most hopeful cases and relieves pain that every known remedy has failed in, and can be substantiated by the evidence of many hundreds who have been cured by Dr. Darrin, stopping at the Smeede Hotel. Read the following cards from patients in this vicinity:

Mr. Editor.—For the benefit of others as well as Dr. Darrin, I wish to say I have been afflicted for many years with catarrh, which extended to my bronchial tubes, lungs, stomach and kidneys. Cough and lung trouble, constipation, indigestion and other complications had reduced me so low that I was unable to work. Dr. Darrin has so far relieved me that I think a few more treatments will be all I need. I most earnestly commend Dr. Darrin and will answer all questions at my home, six miles southwest of Eugene.

GEORGE BOLAR.

Mr. Editor.—For a long time I have been troubled with inflammation of the bladder, symptoms of diabetes, a tendency to relieve the bladder many times day and night. Dr. Darrin has cured me, much to my comfort and joy. My husband has been cured under Dr. Darrin's treatment of kidney, liver and stomach trouble. Refer to me at 75 West Eighth street, Eugene.

MRS. M. MCCHILLY.

DR. DARRIN'S PLACE OF BUSINESS.

Dr. Darrin can be consulted free at the Smeede Hotel, Eugene, Oregon, until October 1, from 10 o'clock to 5 daily, evenings 7 to 8, Sunday 2 to 4. The doctor makes a specialty of all diseases of the eye, ear, nose and throat, catarrh, deafness, bronchitis, laryngitis, heart, liver, bladder and kidney diseases, or those who suffer from apathy and indifference. Also genito-urinary and skin diseases in either sex, such as blood taints, seminal weakness and lost vigor, varicocele and stricture. Circulars and question blanks sent to any address and correspondence solicited. Many cases can receive home treatment after one visit to the doctor's office. Batteries and belts furnished with full directions for their use.

General Summary.

The past week was cooler than the previous one in the western section, while in the eastern section the nights were cool, with moderately warm days. A few small showers occurred in the northwest Sunday and Monday, but they were insufficient to wet the ground to any great depth, and rain is still needed everywhere for late crops and for pastures.

The grain harvest is drawing to a close and threshing is well along. Fall wheat and barley continue to yield well, but the berry of spring wheat and oats shriveled during the late hot weather and the yields are disappointing. Pasturage is getting very short and stock is losing flesh. Corn and hops are making satisfactory advancement. Late potatoes are at a standstill and need rain badly.

Apples are generally smaller in size than usual and the crops promises to be below the average in quantity. Prunes are beginning to ripen.

Injury Caused Death.

Frank Dixon, a young logger, employed for some time past in Button & Renninger's camp on the upper Mohawk, died at the Eugene hospital Monday at 11 o'clock as a result injuries received Friday.

The young man was struck on the head by a falling limb of a tree and rendered unconscious. He remained in that condition to the last.

No one seems to know anything about the unfortunate man. He never told his fellow workmen where he came from nor where his relatives are. Undertaken Gordon, who has the body at his morgue, will hold it a day or two in hopes that in some manner the news of his death may reach his relatives. Funeral arrangements have not yet been made.
