There are photographers and photographers, but the one you want to go to is Cochran, in the Young building. He is well equipped to furnish the best at the lowest prices.

Geo. Knowles and family came down from Bohemia on Tuesday. Mr. Knowles says everything is going on finely up in camp but that they will be glad to see summer once more. The trip down was made very easily and the snow is not bad.

Pearce & Johnson have a root of alfalfa 35 inches long, which was pulled up on the Powell ranch on the Coast Fork. There is a good stand on that ranch, from which several good crops have been taken each year, although the field is but three or four years old.

Dr. Robinson has just gotten in a blacksmith blower for use with his new ore smelting furnace. He has also received several sacks of high grade coke and coal to use in the furnace and expects shortly to have his furnace to a point of efficiency that will make it well worth investigation by mining machinery men, and capitalists.

If you are troubled with piles and can't find a cure, try Witch Hazel Salve but be sure you get that made by E. C. DeWitt & Co., Chicago. It is the original. If you have used Witch Hazel Salve without being relieved it is probable that you got hold of one of the many worthless counterfeits that are sold on the reputation of the genuine DeWitt's Witch Hazel Salve.

Mayor Veatch is afraid that his beautiful rose garden will be greatly spoiled this year by the severe freeze of Wednesday night. Some of the choicest varieties of his roses had young shoots on them six to eight inches in length, with buds almost ready to burst into bloom, which now hang down, all wilted. The mayor feels very badly about it as he takes great pride in his roses, and hoped to have a very rare showing this year.

J. W. McCoy, who is cutting ties on his timber claim over some five or six miles in the Siuslaw, was in town Wednesday with a pack horse getting a load of supplies for his mill and force. He says that the hire of a team to haul out supplies would amount to more than the cost of the supplies themselves. He is running a small sawmill, with a twenty horse steam engine, and is getting out a good number of ties, which he will begin to haul in as soon as the road are good. He is much pleased with the present market for ties, and is going to lay up a few extra coins.

Harry Webber and wife came to town Wednesday from their ranch in the Coast Fork country. Both Mr. and Mrs. Webber are in good health and greatly enjoyed the work on their place, and expect in time to have a very fine place. Mr. Webber says the sound of the S. P. engines whistling makes him sick, as he got so disgusted with railroading, while an engineer, that he never wants to hear another train whistle. He says farming beats railroading all hollow, to which Harry Wynne assented "amen". Mr. Webber says things are going very nicely up there and that over at London they are getting up a very good singing class. We imagine they are figuring on coming down here some day and giving us pointers, too.

W. O. Zeigler of Eugene is in town on business.

Ben Lurch made a short trip to Eugene the first of the week.

All kinds of sewing machines, both new or old at any old price at Veatch & Lawson's.

This office has on file a copy of the Government Report on the Animal Industry, which can be borrowed by anyone that has use for it. The book is well illustrated and is a valuable one to farmers.

The Ladies Aid Society of the Methodist Church entertained the members and friends of the Church Tuesday evening in the church parlors. A splendid time was had and delightful refreshments were served.

Attorney Melley and wife returned from Eugene, where Mr. Melley has been attending to his court practice. He says that Eugene is fast getting over both the scare and the fever epidemic, and that business is resuming its normal conditions.

The Pearl confectionery and cigar store is shut up, as Mr. Bills concluded that he was tired of the business. Just what will be done with the place is not decided. Mr. Skillman has taken over the peanut roaster and popcorn machine and will operate it hereafter.

Don't frown—look pleasant. If you are suffering from indigestion or sour stomach, take Kodol Dyspepsia cure. Hon. Jake Moore, of Atlanta, Ga., says, "I suffered more than 20 years from indigestion. A friend recommended Kodol. It relieved me in one day and I now enjoy better health than for many years." Kodol digests what you eat, relieves sour stomach, gas on stomach, belching, etc. Sold by Benson's Pharmacy.

Geo. Lea and wife left for the south on Thursday. Mr. Lea will make several business stops at points along the line, looking into the possibility of contracts. After this they will travel on to Los Angeles, where their daughter, Miss Elsie, is spending the winter. Mr. Lea says as long as business can be combined with pleasure he can afford to take a rest.

Conner Boys Cougar Hunters.

Thursday the Owen boys over at Lorane telephoned in to Horace Conner that some cougars had been seen over there and to bring out the dogs. Horace went out with the dogs, and the cougar was found and chased up a tree, where he was shot and injured so that he fell to the ground, but was able to put up a hard fight with the dogs. The Owens boys had not been accustomed to cougar hunting and were afraid the cougar would get away so they began to shoot at him while the dogs were fighting, with the result that Old Jack, Dr. Petrie's most prized bear dog was killed, as well as the cougar. Dr. Petrie is glad to lend his dogs to hunters for such game, for the practice it gives them, but is all broken up over the loss of Old Jack for whom he has repeatedly refused \$1000.

The same afternoon Chas. Sears telephoned to Ira Conner that a cougar was bothering his sheep and goats, so he went over and the two of them killed it. They were showing it around town in the evening, just as it was killed. Both cougars measured about eight or nine feet in length.

Cottage Grove's Aviary.

Daily passengers going through town take great delight in looking at the Gamewarden's pens of pheasants and quail. Very few people have seen such a number of different kinds of pheasants as there are in his cages. The gamewarden has fixed them out nicely, giving each variety a good sized pen, with little evergreens growing in each to give them shelter in addition to the covered pens attached to the regular cages. During the recent storm the birds could be seen snugly curled up under the trees, safe from the wintry blasts.

The High School

Seniors.

Exams are over and now we go back to our regular work.

The Seniors had a holiday Friday afternoon. Some went for a ramble in the woods and report a pleasant time.

This is the last week the seniors have to choose a subject for Commencement. Better hurry up.

Hugh Currin attended court in Eugene last week. Hugh must have courted on the side for when he returned home he had a very deep voice, which was due either to staying out late or talking too much.

Sayings of the seniors.

Charlie—"Butt right ahead."

Agnes—"Every little helps."

Stella—"Quit your monkey business."

Ren—"Love your teacher."

Hugh—"Don't butt in."

Katie K—"Don't say things you don't mean."

Merle—"Eat, drink, and be merry for tomorrow you may die."

Alice—"Think twice before you speak."

Katie H—"Look wise."

Mabel—"Be wise."

Sophie—"Laugh when you feel like it."

A class meeting is to be held soon to elect a new critic for "Senior notes."

Assessor is at Work.

County Assessor Keeney has appointed Wm. Kirk as his deputy to assess this section of the county, and as he was not thoroughly posted he had J. A. Ellige to assist him for a time. He is looking up all the property around and endeavoring to get a just assessment on all.

NO TARDINESS.

Prof. Strange reports that there were two grades last month that had no tardiness, Miss White in the high school and Miss Kelley in the primary room. The general percentage of tardiness has decreased. Quite a number of the pupils are dropping out, most of them boys, however. Some of these are high school students, and the loss to them is far greater than the loss to the school. A student that can't stick out nine months of school won't get much good out of any schooling. Some, it is true, must quit and work. Some quit to attend country school, but the student that can continue and does not, is doing himself an injury that he can never repair. A good and thorough education is the greatest factor in any one's life, and the saying is well borne out "A little education is a dangerous thing."

The West Side school has voted to have eighth grade commencement exercises, and Prof. Harvey has about concluded that the extra work necessary will more than repay for the effort, so the children will probably have their exercises.

Eugene is happy to be getting over her fever scare. There are fewer cases being reported and very few fatal cases have been noted. The town is getting a thorough cleaning up and will be kept in better shape hereafter.

Y. P. A. Social.

The Y. P. A. Club, (Mrs. Veatch's Sunday School class) with their friends spent a very pleasant evening from 7:30 to 10:30 at the Presbyterian house Thursday. The time went by on rapid wings in games, music and social conversation. "Who knows the most" was one of the most popular games, and as the pug, aquiline, the roman and other nasal forms protruded through the sheet, the guessing became intensely interesting. Mr. Grace said he never thought there was anything effeminate about him but his nose was actually guessed to belong to a young miss of eighteen summers. The "Magic Wand" excited no little interest and the science of "Telepathy" received some notice. Dainty refreshments which had been prepared by Mrs. Veatch, were served. All voted it a success and wished that Mrs. Veatch's Y. P. A. girls would entertain often.

There were present Mrs. Henry Veatch, Misses Mary Sprouse, Eliza McGee, Edna Archibald, Nora Hubbard, Mabel Coffman, Bell Burkholder, Katie Hansen, Edna Osmond and Edna Grace.

Their invited guests were, Misses Marguerite Jones, Francis Howard, Christine Hansen, Mabel Whitlock, Sophie Osberg, Leta Shipman Ethel Storms and Luella Gover. Mrs. Grace played like she was as young as the youngest and Mrs. Veatch was also very girlish.

Mrs. W. T. Kayser and her sister-in-law, Mrs. H. C. Kayser, of Goldendale, Wash., who has been visiting with her, left for a short trip to Eugene on Friday.

Died, Friday night at Dorena, an infant child of Mr. and Mrs. W. A. Land.
