Ludwig pianos at Veatch & Lawson's.

Baby buggies of the best designs, just in Veatch & Lawson.

Dr. Lowe the eye specialist will be in Cottage Grove April 30.

Attorney Medley arrived from the south on the afternoon train Thursday.

A good many of the miners won't be able to vote at the election on account of not being registered.

Veatch & Lawson have just put in a fine line of the latest baby buggies of the celebrated Heywood brand.

Portland's Commercial Club, even with her own great losses has nobly come to the front to help the sufferers at San Francisco.

Many town people are greatly worried over the condition of affairs at San Francisco, as many have relatives and friends there.

The Oregon Securities Company is planning for great improvements in the near future. The electric tram to the Musick it is expected can be operated beginning about May 1st.

"Doc" Taylor, who has been assistant P. M. for some time has traded positions with L. W. Baker in Lurch's. The boys each were tired of their jobs and a satisfactory trade was arranged.

What good does it do you to eat if your stomach fails to digest the food? None. It does you harm—causes belching, sour stomach, flatulence, etc. When the stomach fails a little Kodol Dyspepsic cure after each meal will digest what you eat and makes the stomach sweet.

Wm. T. Kayser went to Eugene and Springfield the first of the week to lay up some more political fence, and came back home very jubilant. Yesterday's election will show how much cause he had or somebody else had.

"Made in Oregon" is going to be a great cry before long. A special button with that inscription is being made and will be scattered broadcast over the state. The display at Portland is attracting attention the country over.

The local lodge of the K. P. was represented in Roseburg by a team of 15 men who took part in the annual convention. We noticed Chas. VanDenburg, Geo. McQueen, J. Medley and a number of other members returning Thursday.

Portland will get an entrance for the Hill road, as the port of Portland came to terms just in time, and satisfactory arrangements have been made for a bridge across the Willamette. Portland has been having a great growth, but is on the eve of a far greater one.

At 12:27 Thursday a S. P. special bound for San Francisco, with traveling men whose headquarters are there, as well as others interested, passed through this city. A number of photographers were out and some of them got good pictures of the train.

We have been requested to announce that there will not be a meeting Saturday evening at the Methodist Church. Services as usual Sunday, Rev. Ross preaching both morning and evening and every morning and night throughout the week.

If you ever bought a box of Witch Hazel Salve that failed to give satisfaction the chances are it did not have the name "E. C. DeWitt & Co." printed on the wrapper and pressed in the box. The original DeWitt's Witch Hazel falls to give satisfaction for burns, sores, boils, tetter, cracked hands, etc. For blind, bleeding, itching protruding Piles it affords almost immediate relief. It stops the pain. Sold by Benson's Pharmacy.

G. O. McGilvray is superintending the construction work at the electric plant. A great quantity of crushed rock, gravel, sand and cement is on hand and the foundation for the big engine was expected to be commenced on Thursday. It is the intention to get the big plant in operation as soon as possible.

The school children all over the town are getting their little plots of ground all laid out nicely and are watching their flowers for every new shoot, each one is sure that they will get the prize this summer, and they will all deserve it. The gardens being grown by some of the bigger folks will be an incentive for the little ones.

Ed Hebard is making a drawing card of his show windows. The young chicks running around his grain field last Saturday and Sunday drew everybody's attention and then of course one had to see the fine line of straw hats so temptingly displayed for Easter. His statement No. 1 was very catchy. Such things tell in window effects just as well as in advertising. The reader always sees the attractive ads, no matter what the size.

Joe Porter is building an addition to his home.

Joe Young went to Eugene Tuesday on business.

Rev. F. E. Billington went to Eugene Tuesday.

Tom Medley came up from Salem Monday on business.

The miners are all getting anxious for the summer's work.

James Allen made a short business visit to Eugene this week.

BORN—To Mr. and Mrs. Albert Richmond, April 14, 1906, a son.

Miss Annie Rhody left for Winchester, Ore., where she will work for some time.

While Eugene raised her license to \$800 per year on saloon men Cottage Grove reduced hers to \$500.

The Chambers mill at Alca is getting right down to work, and is going to turn out a big lot of lumber from now on.

Prizes for essays on "Made in Oregon" are being offered by the Portland committee that has charge of the display work of the movement.

The new awnings which are being put up around town in place of the old wooden porches in front of the stores are a wonderful improvement. Let the good work go on.

The general reports from the farmers around are that the frost the first of the week did not do much damage until it got higher up into the hills, where it was much more severe.

The Journal is calling on the people of Oregon to use Oregon-made goods. Local manufacturers should always receive our first support. Help your neighbor and he will help you.

Every scholar is as anxious as can be for school to be over. All are hard at work on their papers and essays, getting ready for the last, but the spring days are trying make havoc with their work. Its too nice to be in doors these days.

Nothing will relieve indigestion than is not a thorough digestant. Kodol Dyspepsic are digesta what you eat and allows the stomach to rest, recuperate and grow strong again. A few doses of Kodol after meals will soon restore the stomach and digestive organs to a full performance of their functions naturally. Sold by Benson's Pharmacy.

A. J. Stewart who bought two lots of Mrs. Cardwell, has moved a neat little house onto the lots, has torn down part of the old barn, and will put up a good fence, and thoroughly fix it up to get a good return from it. He has in mind the continued prosperity of the town.

The most rational remedy for coughs and colds is Kennedy's Laxative Honey and Tar. It acts on the bowels as a mild cathartic—expels all cold from the system. Cuts all phlegm out of the throat, relieves coughs, colds, croup, whooping cough, etc. An ideal remedy for children—equally good for adults. Sold by Benson's Pharmacy.

Don't tie a cough or cold up in your system by taking a remedy that binds the bowels. Take Kennedy's Laxative Honey and Tar. It is different from all other syrups. It is better. It opens the bowels—expels all cold from the system, relieves coughs, colds, croup, whooping cough, etc. An ideal remedy for young and old. Children like it. Sold by Benson's Pharmacy.

Eastern papers and magazines want stories of Western life, and tales of the Great Northwest, says the magazines. There are plenty of tales, and plenty of people to write them. The people who are familiar with the wonderful history of the country ought to be able to get out and write the kind of stories they want.

Living indoors so much during the winter months creates a sort of a stuffy, want-of-ozone condition in the blood and system generally. Clean up and get ready for spring. Take a few Early Risers: These famous little pills cleanse the liver, stomach and bowels and give the blood a chance to purify itself. They relieve headache, sallow complexion, etc. Sold by Benson's Pharmacy.

Mr. Wm. Wechter of Salem came in on the belated Thursday noon train, and will go up to the mine on Friday. Mr. Wechter says he is anxious to get to the mine, and get work to progressing more rapidly at the mines. He hopes with the summer to see a great deal of work done in the district, but in their own mines work will be held some what until patents are issued by the government.

In the State Penitentiary a small paper, called "Lend a Hand" is published by the convicts, says the Journal. The editor is Number 4382 and the work of the typesetting has been done by other convicts, but the Oregon printers have all become so good of late that there are no typesetters confined there, so that the paper will have to be discontinued until another one comes. The paper has a good circulation, and is filled to a great extent with the doing of the convicts. All the labor they can have to do is a blessing for them.

We carry a complete line of farm and garden tools. You cannot afford to be without our No. 4 Improved Planet Jr. As a seeder this tool is accurate, simple, durable, reliable and easy running, doing first class work in every particular. Gardeners and Farmers who feel that they haven't enough work for a drill to do, will find this combined tool one of the most useful and efficient of all helpers.

Wynne Hdw. Co.

Expert Flower Growers.

Mrs. R. Welch and Mrs. C. Paul Jones are arranging to make a wonderful display of sweet peas this summer. They have erected a high trellis and will plan to make the sweet peas grow to the top of it. They sent east, got the finest varieties of seeds, and have the colors planted in rows, in graded colors. By making the earth very rich and soft and by careful watering, they hope to have a display that will be wonderful.

Cottage Grove Ice Cream.

The Cottage Creamery has been trying for some time to get the necessary equipment to begin to furnish ice cream for the summer months, but has been delayed by the shortage of supplies. Not until Thursday did a lot of the various supplies arrive. Mr. Stiller has built on to the present creamery building a large addition, which will hold the freezing machinery as well as the ice crusher, etc. Another will be the packing and storage room, still another the ice house and another the enlarged boiler room. Mr. Stiller will change the arrangement of the present building, putting his engine on a new foundation in the boiler house so as to give more room and light throughout and to keep everything as spick and span as can be. It is the intention to furnish the best of ice cream to all the local firms. Fresh buttermilk is on hand at all times for sale and the public is invited to come and see how the butter is made and be assured of its purity and cleanliness.

Phillip Hohl's Sawmill.

Mr. Hohl announces that although his wouldbe partner C. A. Elliot failed to make the final arrangements, he will go ahead himself and that within a week he will commence the construction of a sawmill three-quarters of a mile east of the railroad on Bear Creek, one and three quarters of a mile south of Coonstock on August Honeyman's place. He has purchased a 60 horsepower engine and two boilers, as well as the machinery plant, which is being gotten together by a Portland firm and which will be shipped within a few days. Mr. Hohl hopes to get his plant to work and running within about 60 days. He expects to be able to make back some of the money he lost a few years ago in the same business. He says that with his mill located in this place that he will be able with a flume to deliver his lumber on board the railroad cars of \$6 per thousand feet, which certainly ought to yield a profit.

Exhibition Shoot.

Mr. Hillis, the expert shot of the Peter's Cartridge Co. will give an exhibition of fancy shooting, with shot gun, rifle and pistol on Saturday afternoon at the Rod and Gun club's grounds on West Wall street beginning at 2:30. There will be some of the finest shooting that has ever been seen here, and all interested sportsmen will enjoy the opportunity.

Civil Service Examination.

The U. S. Civil Service Commission will hold an examination for the position of "Forest Ranger", May 14, 1906, at Portland, Roseburg, LaGrand and Prineville. Examination for "Forest Supervisor" will be held same day at all large cities in the state.

A Serious Accident.

Thursday morning A. D. Smith had the toes of one foot very badly crushed while working at the saw mill, having the wheels of a truck heavily loaded run over his foot. He will probably be laid up for some time by it.

The High School

Seniors.

The High School had no special programme for last Friday (Arbor Day) but postponed the regular assembly until the afternoon and were then dismissed. The boys then cleaned up the front yard under the management of Prof. Strange.

Wanted by some seniors.

Merle—Material for an oration.

Ren—Ditto.

Stella—A politician.

Agnes—Some class history.

Katie—Prophetic power.

Mable—An approved style in reading.

Charlie—Some nerve to store up for Commencement.

Hugh—Some musical talent.

The whole class—Some way to translate Caesar.

Mr. Billington visited our assembly Tuesday morning and gave a very able speech on the mixed population of the United States. He presented the situation in a very forcible manner and named the institutions characteristic of America which must be upheld if the American nation is to keep its individuality. Mr. Billington is an elegant speaker and we all express our appreciations of his talk and wish that he would come again.

The seniors are now reading the last sketch in "Tales of the White Hills," by Hawthorne and cannot say that they are sorry.

Pays Big Price for Farm Near Eugene.

Eugene, Or.,—April 18.—About the highest price ever paid for farming land in Lane county was paid by F. L. Chambers, a local banker, yesterday when he purchased 75 acres belonging to the Heerema estate, about three-quarters of a mile beyond the western limits of the city, paying therefor \$80 an acre. This tract adjoins a tract which Mr. Chambers has recently platted into town lots, and eventually he expects to place his new purchase on the market.

Gamewarden's Arrests.

Clackamas County. Jack Deehoit, Harry Clark, Nick Story and H. Trumbath were each arrested and fined \$50 for fishing out of season.

Coos County. Chas. Otis was fined \$20 for fishing for trout with a net. The game warden says there are not as many arrests as usual because the season is so backward that fishing is very poor and the fishermen do not get out.

Womans Club

The Cottage Grove Womans Club is approaching the end of its work for the year, and is especially gratified with the work that has been done. The committee is very busy getting out the programme for the next year's work, but are laying out work for only every other week, as it has been decided that a weekly meeting is too great a tax upon the members. The ladies are not going to allow the civic improvement work, nor the flower contest work to lapse in interest, although the summer months are approaching when they will not be stirred to renewed interest by their weekly meetings. The limited membership of the club has been such that every place has been taken, and each member feels that a great deal has been accomplished. Miss Jennie Woods is chairman of the new programme committee for the ensuing year's work.

One Ton of Cable

David Griggs informs us that a ton of cable has been ordered by the Pacific States Co. and that he has the shipping receipt for it. When the cable is received it will be run up and down Main Street, the small wires being removed. Until the cable is installed and in working order about thirty to fifty phone contracts which are being held back on accounts of the inability of the company to connect the phones, will be held, but this work will soon be done and the Cottage Grove directory will be greatly increased. More phones up and down the valley are being put in right along, and the two girls now given employment in the office are kept very busy.

For Sale or Trade.

A good work team of horses in exchange for cattle. Apply A. Bigelow five miles east of Cottage Grove.

The Christian Endeavor of the Presbyterian Church will hold a market day Saturday in the vacant building next Allison & Hastings barber shop. Home cooked foods of all kinds will be on sale.

City Council.

At the adjourned meeting of the council on Monday night, E. W. Hall of Portland and C. A. Hardy of Eugene were present in the interests of a petition of the Willamette Valley Company for the granting of a franchise to that company for a period of thirty years from date. The petition is a long article setting forth the rights desired and states that it wishes the right to supply light and power within the city and names a maximum rate of 50 cents per 16 candle power lamp per month, \$1. per 32 candle power lamp and 20 cents per Killowatt for lights furnished from 5 to 12 p. m. The application provides that if the system is not run for a period of two years the franchise lapses.

Mr. E. W. Hall, after the reading of the petition stated that the present franchise of the Cottage Grove Electric Co. which had been transferred to the Willamette Valley Company has yet about ten or twelve years yet to run and that his company in asking for a thirty year franchise did not ask it in the light of a monopoly, that this franchise was not an exclusive one, but that it was to guarantee the men who were putting their money into the work, that they would have a sufficient length of time to make the investment a profitable one, that the amount of money invested here would be very greatly in excess of what all the income that might be derived from its franchise rights and privileges in this section might earn in the way of interest for many years to come, that the company had men interested in doing great things here, which at present he was not at liberty to divulge, but that with their great expenditures it would take all the earning capacity of the plant to make even a fair interest, and for that reason they wanted the franchise for such a period; He stated that all the towns along the valley had granted such rights to them for at least thirty years and stated that he felt that after due consideration the council would see fit to grant them this franchise.

C. A. Hardy of Eugene spoke of the upbuilding of the coast towns by the various lines building through and projected, and said that this company in seeking a foothold here would give fair treatment, that it did not feel that it should be asked to pay a tax, that for many years with the many thousands of dollars that are being spent upon the plant and the other plans which are being prepared, that it would not be possible for the whole country surrounding here to use enough current or power to earn the interest on such an investment, and that the company was going through to build up the country and create enterprise, and would have to depend for their earnings not upon the small plants but upon the larger ones, and their greater enterprises. In Eugene the company is planning to spend \$450,000 in their plants, and that the company is not seeking to control the situation, but merely to make themselves sure in their work.

Just as Mr. Hardy finished speaking, Mr. C. H. Burkholder hearing a committee from the Commercial Club, asked if the franchise question could be held over a week for discussion and investigation. The council was favorable and the matter was laid over to the regular meeting in May.

James Porter was appointed fire warden.

O. L. Parsons who formerly ran the Bohemia saloon, asked that the city refund him \$90.87 excess license fee, stating that he took out a license under the \$800 fee, under protest, and that he was the only saloonman that paid license at that rate, and asked a reduction of the amount paid to a \$400 rate. On motion the council ordered a warrant drawn for \$90.87 with a dissenting vote of W. A. Hogate.

The electric lighting contract of the city with the Cottage Grove Electric Co. dated Sept. 28, '05, running for five years from the first of January 1906 was transferred to the Willamette Valley Co.

The proposed extension to the water system was taken up, but the contract price was objected to, some of the council thinking it too high. Councilman Porter offered to vote for it if the price was put at \$1200, but Contractor Hart refused to make that price. The matter was laid over to the next meeting, with dissenting votes by Hogate and Johnson.

The improvement of Second street was taken up informally, a well as the construction of a storm sewer to drain the low area back of the depot and across Second street. This matter was all left to the street and light committees to be prepared to act at the next regular meeting, also for them to approve the plans and profiles of the proposed grades for the streets, so that the new ordinances for street improvements could be passed upon at the next meeting.

Towns Unite in Southern Oregon to Secure Settlers.

Medford, Or., April 14.—Rogue River Valley, fair as a garden and abounding with manifold products of the soil, surrounded by high hills rich in mineral wealth and lying on the main line of railroad communication with the outside world, has witnessed a demonstration of enthusiasm never before equaled by its citizens. Pursuant to a meeting recently held at Grant's Pass, Gold Hill, Central Point and Jacksonville convened upon invitation of the Medford Commercial Club last night to discuss means and adopt plans for organization to secure more settlers and increased advantage in all lines for the Rogue River Valley and for Southern Oregon as a section.

The organization will unite all towns of the valley and will comprise all commercial bodies in the cities named. Delegations were met at the depot by the Medford Commercial Club with a band and the visitors likewise brought musicians, whose efforts added to the enthusiasm. Dinner was served for 400 by J. F. Reddy of the Nash hotel.

William Colvig presided at the meeting at the Davis opera house. W. L. Vawter delivered the address of welcome, followed by the best speakers from towns represented. The tone of the addresses indicates that the entire valley will be united in working for the advancement of every enterprise of common interest to this section of the state.

Temporary organization of the Rogue River Valley Development League was effected, with Dr. C. R. Ray president and M. F. Egglestone secretary. The league adjourned to meet at the call of the president in Grant's Pass.—Telegram.

Men Wanted!

Saw mill and lumber yard laborers \$2.00 per day. Woodsmen \$2.25 to \$3.00. Steady work. Apply to Booth-Kelly Lumber Co., Eugene, Oregon. tf-1

Real Estate Transfers.

Geo. and Carrie Layton to D. A. Mosby $\frac{1}{2}$ of NW $\frac{1}{4}$ and lots 3 and 4 sec 36 tp 21 s r 1 w also lots 1, 2 and 5 sec 36 tp 21 s r 1 w \$1.

D. A. and Jean Mosby to Geo. Layton tract in sec 3 6 tp 20 s r w and sec 31 tp 20 s r w \$1.

J. I. and G. H. Jones to Willamette Valley Co 100x177 feet of lot 3 blk 1 Jones add to Cottage Grove \$750.

Anna Hohl, and her sister Leona have been visiting with friends in Eugene for a short time and returned on Wednesday.

Rev. and Mrs. C. A. Woolley of Eugene are here to be by the bedside of their son Frank Woolley, who is very seriously sick, with a brain affection.

Reduced Round Trip Excursion Rates.

Round trip passenger rates Chicago to Portland and return, via direct line will be \$75.00 and from Missouri River points \$60.00.

These tickets will be on sale daily commencing June 1st and continuing until Sept. 15th with final return limit of October 31st.

J. M. IRHAM,
