SATURDAY..... JUNE 16, 1906

The Guard has been incorporated for \$20,000 with incorporators E. L. Campbell, J. R. Campbell and Charles H. Fisher. The capital stock is \$20,000 divided into 200 shares, each valued at \$100. The principal office and place of business is Eugene.

The Law of It.

In view of the vote of a majority of the people of the county for the prohibition of the liquor traffic in the county the provisions providing for the enforcement of the law will be timely.

On the tenth day or sooner, after the election, the county clerk makes an abstract of the vote, on the eleventh day or as soon thereafter as practicable, a special session of the county court is held, when an order is made declaring the result of the vote and absolutely prohibiting the sale of intoxicating liquors within the limits of the county, which shall be prima facie evidence that all provisions of the law have been complied with. Thereafter it shall be unlawful to sell or exchange or give away any intoxicating liquor within the territory included in said prohibition order except as otherwise provided in the law, which permits one sale only on a prescription and for scientific purposes.

The punishment for the violation of the law is a fine of \$50 and not more than \$500, or by imprisonment in the county jail for not less than ten nor more than thirty days, or by both fine and imprisonment. A second offense provides for both fine and imprisonment. Justices of the peace have concurrent jurisdiction with the circuit court.

The law provides for the refunding of the proportionate amount of license heretofore paid, to be repaid by the town, city or county.

The judge of the circuit court is required to call the attention of the grand jury to the law, and it is the special duty of the district attorney to file or have filed a complaint against all houses and the keepers thereof dealing in any way in the sale of intoxicating liquors. And it is the duty of the sheriff in the county, have obtained a warrant to demand admission into the place violating the law, and if refused he is authorized and required by law to force open the same and arrest and hold for trial all persons violating the provisions of the law and it is the duty of the judges and justices to see that the law is rigidly enforced.

In all prosecutions it is not necessary to state the kind of liquor sold, nor to describe the place, nor to show the knowledge of the principal, in all cases the persons to whom sold shall be competent witnesses. The issue of a license or internal revenue special stamp tax by the federal government shall be prima facie evidence that such person is selling, exchanging or giving away intoxicating liquors.

He Repented.

A story comes from New Haven about a black spaniel that abstracted a feather duster from his owner's house and while playing with it tore out all the feathers. The dog after being shown the featherless handle, was given a whipping. He then disappeared and about an hour afterward walked bravely into the house with a brand new duster in his mouth. He walked up to his mistress and meekly deposited the new brush at her feet. By the mark on it she saw that the dog had stolen it from a neighboring store.

The above story reminds us of a large New Foundland dog, belonging to Mrs. ex-Mayor Richardson of Lowell. She took him one day to a photographer's to be photo-

graphed, but, time after time, as soon as the camera was about ready to take him he would get out of position. Mrs. Richardson gave him a severe scolding and sent him home. The next day to her surprise he came home with a package tied round his neck, which on opening she found to be his picture; she immediately went down to the photographer, who told her that hearing something pushing on his door he opened it and the dog walked in and went immediately to the spot where he would not stay the day before and remained there in perfect quiet until his picture was taken.—Geo. T. Angell in Our Dumb Animals.

Many Lane Residents Named for Jury Duty.

Eugene, Ore. June 13.—The following citizens of Lane county have been selected to do jury duty at the June session of the Circuit Court, which convenes next Monday: M. B. Stone, of Sunlaw; Loren Edwards of Junction; J. W. Pollock, of Eugene; A. J. Pickard of Eugene; J. B. Hill of Junction; Clark Stevens, of Spencer; H. H. Ruth, of Pleasant Hill; A. H. Hinkson of Glentena; J. W. Gowdy of Cottage Grove; John Strome of Junction; John B. Kronebusch of Bailey; F. D. Wheeler of Cottage Grove; Thurston Goodpasture of Blanton; William Blanton of Blanton; William A. Post of Lane; T. D. Anderson of Fairmount; C. E. Duckworth of Elmira; T. J. Duckworth of Camp Creek; Horace Fisk of Mapleton; Clayton Pope of Lake Creek; M. J. Harper of Junction City; N. J. Moffatt, of Junction; Fred Wright of Saginaw; E. L. Gum, of Irving; Dexter Sparks of Blue river; H. B. Yancey of Cottage Grove; G. C. Millet of Junction; W. C. Benwick of Pleasant Hill; Chas. F. Cox of Florence; D. P. Proctor of Richardson; I. E. Earnest, of Cottage Grove.

\$19,000 per Mile.

The convention of Assessors at Albany decided to treble the assessment of the S. P. Co.

A rate of \$19,000 per mile was decided upon, whereas heretofore the average assessment has been but \$6000.

The assessment is to be divided between rolling stock and roadbed. The assessment of rolling stock is to be \$3000 a mile and roadbed \$16,000.

It was decided to assess the Woodburn Natron branch at \$8000 per mile and the west side road will be forced to pay at the rate of \$10,000 in Polk and Benton counties.

From a rate of from \$75 to \$100 the rate of the Pullman company is to be raised to \$400 per mile.

The present rate of \$20,000 per mile in Multnomah county will remain unchanged.

40,000 Members in Mother Church.

Christian Scientists have been meeting in Boston in their annual session this week. Thirty thousand of them attended the six dedication services of Sunday, 5000 being present at each meeting. W. P. MacKenzie, the retiring president is followed by Willis S. Gross.

Two million dollars has been received for the mother church building fund. The Oregon delegation was composed of forty people.

W. B. Johnson, church clerk, read a most interesting report giving a complete history of the church from the time of its first meeting in Mrs. Eddy's parlors, September, 1882, to the present time. The membership of the mother church today is reported as over 40,000, 6081 having been admitted during the past year. The total number of churches and societies, branches of the mother church, is reported as 949. No accurate estimate of the total number of Christian Scientists in the United States was made, but the report stated that the textbook, "Science and Health," by Mrs. Eddy, has now passed its 40th edition of 1000 copies each, 42,000 copies of which have been sold during the past ten months.

Copper Company is Incorporated.

Articles of incorporation of the Kelsey Mining company were filed with the county clerk yesterday. This is the company mentioned some time ago in the Register in connection with copper deposits near Creswell. It was the first intention to name the company the Rock Creek Mining company, but it was found when the papers were sent to Salem that there was already a company by that name, hence the change became necessary.

The incorporators are John W. Bouy, Alberton Wood, and C. M. Sherer, and the capital stock, \$500,000. Eugene will be the principal place of business of the new company.—Eugene Register.

Cabbage and Tomato Plants. For sale at Metcalf & Brund's.

Church Notices

Methodist Episcopal Church, Pastor Rev. S. E. Meminger, morning services at 11, evening 7:30, Epworth League 6:30 p. m. All are cordially invited to be present.

Catholic Church, Father Carrol. Services the second Sunday in each month.

Christian Science services held over Allison's Barber shop every Sunday morning at 11 o'clock and Wednesday evening at 8 o'clock.

Kelly Wins Cup as Best Athlete.

Eugene, June 13.—Dan J. Kelly, the phenomenal athlete of the university, was yesterday awarded the silver cup for showing the most all-round development athletically as well as proving to his instructors his ability as a student. The cup was put up at the beginning of the season by Trainer Hayward to be awarded by a committee, of which President P. L. Campbell was head, to the athlete who showed the greatest athletic improvement, and at the same time kept up a scholarship. Dan Kelly is not only a good athlete, but has a high record as a student. The cup is a large handsome silver vessel, ornamented with three handles of elk horn, and will be fittingly inscribed with the athlete's name and records. McKinney and Hug crowded Kelly close for the trophy.

Progress.

The S. P. Co. is issuing a bulletin of events connected with the rebuilding of San Francisco, which are written to show that the great disaster will have no bad effect upon the permanent growth of the country, and from which we print the following:

The Southern Pacific road is inaugurating a new scheme for advertising purposes, by equipping two cars for the use of railroad photographers with dark rooms, working rooms, sleeping apartments, etc., so that the photographers can travel all over the roads taking pictures everywhere of the scenic points for use in advertising the road. It is a novel idea, and will cost the road a good deal, but will open new scenes to the reader.

THE COST OF REBUILDING A CITY.

What it means, in money, to make a start toward the reconstruction of San Francisco, takes on definite expression in the shape of estimates for the first new structures—thirty in number, which will be under way as soon as men and material can be assembled for the work; \$14,102,000; over fourteen million dollars! And the total floor space exceeds 56 acres. Combined in one vast structure the plans would equal a building the size of the famous Palace Hotel 200 stories high, or twice the height of the Eiffel Tower.

This is only the beginning, and refers only to high-class structures. Up to date, about 500 applications for building permits have been filed, figures which will be largely increased as soon as adjustment of insurance is made.

Contracting agents report that all buildings planned are invariably superior in class, finish and equipment, to buildings destroyed by fire.

A feature of many of the buildings is to be the installation of an absolutely fireproof vault in the basement, which will be arranged to accommodate each tenant with a separate compartment, similar to safe deposit vaults.

INDISTRICTIBLE VALUES.

A prominent construction company, under commission of Eastern capital to erect a number of A-class office buildings on leased ground, is responsible for the statement that desirable sites are commanding higher rental than before the fire. This confirms the promised stability of values in the business portion of the city.

Mrs. Lester of Eugene is visiting her mother, Mrs. Davidson.
