Mayor Veatch returned from a trip south on Monday.

Born to Mr. and Mrs. Jim Sears a 3½ pound girl Monday.

BORN—To J. M. Isham and wife Tuesday morning, a fine girl.

Mrs. Tom Parker came home Monday morning after a visit of some days.

C. H. VanDenburg and Oliver Veatch of the School Board were at the Drain commencement.

Mrs. Howard Williams of Eugene spent Tuesday and Wednesday visiting with Mrs. Harry Metcalf of this city.

The Brown mill is still making improvements. They are now building a large shed to hold their planned lumber.

Born to Mr. and Mrs. Harry Wynne Wednesday morning a 12 pound girl. Mother and baby are both getting along tip top.

Constipation makes the cold drag along. Get it out of you. Take Kennedy's Laxative Honey and Tar cough syrup. Contains no opiates. Sold by Benson's Pharmacy.

Stuart McGilvray, telegraph operator and postmaster at Hadlock, Washington is visiting with his parents here, and is relieving Clyde Nokes for a few days.

W. A. Hogate is making a number of improvements at his house. He is lowering the house to within about two feet of the ground, and will add two rooms on the south and east of the house.

Dr. Job is house cleaning in his office by giving it a coat of white paint inside, and repapering the walls, so that it makes a very neat appearance. The doctor says he is getting ready for prohibition.

Most of the Cottage Grove folks who went to Drain, are wondering if Oliver Veatch has had sufficient instruction now so that he will be able to recognize a red barn, as being a barn, when he sees one.

H. O. Thompson has decided to move to Portland, where he will engage in the Real Estate business. We are sorry to have Mr. Thompson move away as he was active in the work for the betterment of the town.

At the meeting of the Commercial Club Monday night C. Paul Jones was elected Secretary of the Club to take the place left vacant by the resignation of H. O. Thompson who goes to Portland to make his residence.

Thousands annually bear witness to the efficiency of Early Risers. These pleasant, reliable little pills have long borne a reputation second to none as a laxative and cathartic. They are as staple as bread in millions of homes. Pleasant but effective. Will promptly relieve constipation without griping. Sold by Benson's Pharmacy.

Banker Eakia is making an enlargement of the house owned by him and occupied by the editor. Hot weather makes it too hot in the kitchen and the editor has to eat whether it is hot or cold, whether the subscribers think so or not.

H. O. Thompson, until recently manager of the Electric light plant, has been looking around for a location for some time and has decided to go into the real estate business in Portland and will move to that city shortly with his family. Mr. Thompson has always been one of the most progressive of our citizens, and as secretary of the Commercial Club has been a prominent factor in the work of advertising Cottage Grove to the country. We wish him success in his change of business.

The strawberry season is just about over, as the rain has caused most of the strawberries to rot before ripening. If it had turned warm about two weeks ago, we would have had an immense crop of berries, so the raisers tell us. The loss to the growers of berries through the rains has been very heavy. Pie cherries are just beginning to get ripe and are in great abundance. Other cherries are a very poor owing to the frost blighting them and the supply for the local market will largely have to be shipped in.

Mr. Anderson who recently purchased a farm of 100 acres from Mr. Cooley, is preparing to start a model dairy farm. He intends to erect a very large building, which will enclose milk house, carpenter house, and other rooms for various purposes. A large shipment of pipe has just been received which is to be used in bringing an ample of fresh water right from a spring, a long distance off, to the house and dairy. Mr. Anderson believes in making use of the most up-to-date methods, and will soon be able to give an illustration of them, as the best paying plans.

J. M. Shelley of Eugene is a candidate for collectors of customs at Portland.

The farmers of the middle west are forming a combination to get wheat to a dollar price per bushel.

Tommy—"Pa, what's the Board of Education?"
Mr. F—"When I went to school, it was a pine shingle."

Portland car men have joined the union in spite of the efforts to prevent it by the car companies. The men though state that they have few complaints to make on their treatment.

A good many Cottage Grove girls went down to Drain Wednesday, we suppose to cheer up the baseball boys and the graduates. At any rate they had a good time and so did the boys.

Again the wedding chimes have rung out in our little city. This time it was Chas. H. Hexom and Miss Ida Bell Tennis, at the home of Amos Stewart on River Street, June 14th. Rev. Grace pronouncing the marriage ceremony.

Alf Walker and his partner in Eugene are going to test the local option law in Lane county, claiming the charter of the city, will not permit the enforcement of local option in the city by the vote of the county. A Springfield liquor firm has also filed suit in the court on the same line. The general line of attack is an alleged irregularity in the election.

Mr. Sterling, of Drain, the assessor for Douglas county was in town on Thursday, enroute to Bohemia to fix the assessments for the mines that lie in Douglas. Mr. Sterling owns a fine farm and orchard near Drain that a year ago he would have sold for a \$1000 and now with the railroad being started, has refused an offer of \$2000 for the land. He ran the first telegraph office that was opened in Cottage Grove.

Monroe, Oregon, has a second Carrie Nation. Last Saturday there was held a regular annual picnic at that town, and despite the fact that the town is "dry" and in a "dry" county, there were evidences of the cup that inebriates. Mrs. McGinnis, wife of a liveryman noticing that her husband was getting under the effects of liquor investigated and found a lot of wet goods stored in an oat bin, and getting a hammer smashed them all up, and being remonstrated with, gave her husband a knockout blow on the head with her hammer.

We have on hand at this office for distribution a number of packages of fine seeds, furnished by the United States Government through the courtesy of Hon. Senator Gearin. Any one who desires such seeds may call at this office and they will be given a package. The Government has for years given out packages of seed grown under the most careful condition and has through its Agricultural department done much to establish new growths of seeds, plants, fruits and grains. This practice will probably be discontinued with this year as strong opposition has been worked up against this work of the government.

Holy Rollers 25, Skunks 12.

Sunday afternoon two matched teams played a great baseball game on the grounds and on account of their general playing were dubbed the Skunks and Holy Rollers. The Holy Rollers were evidently the ball players as they won on a score of 22-12 but the Skunks expect to show different metal next Sunday and to reverse the score. It kept the experts busy last Sunday keeping track of the errors of the bunch but next Sunday no errors are to be made, so they say.

Notice of Annual School Meeting.

Notice is hereby given to the legal voters of School District No. 45 of Lane County, State of Oregon, that the annual school meeting for said district will be held at the East side school building beginning at the hour of 2 o'clock p. m. on the third Monday of June, being the 18th day of June A. D. 1906.

This meeting is called for the purpose of electing one director to serve three years and one clerk to serve one year, and the transaction of business usual to such meeting. Dated this 6th day of June, 1906 Oliver Veatch, chairman of Board Attest J. K. Barrett, District Clerk.

Church Dedication.

All the churches of the town joined together in the dedication of the enlarged Christian Church Sunday morning, about one thousand people being present.

The services opened with a selection by the orchestra, the congregation and choir singing "O Happy Day" with the support of the band, following which Rev. S. E. Meminger of the Methodist Church led the people in a very able prayer. Rev. Olson announced the singing of "Nearer My God to Thee". Rev. J. N. McConnell read the text of the day from the 28th Chapter of Genesis concerning the journeys of Jacob from Bersheba to Haran, and of the ladder which in his sleep he saw reaching from earth to heaven and of the hosts ascending and descending, and how on awakening he said: "This is none other but the house of God, and this is the gate of heaven" and his assertion that if the Lord would protect him he would set up an altar to his God.

The congregation sang "I Love Thy Church O God, the House of Thy Abode," after which Rev. McConnell addressed the people, from which speech we give a few points. "The church is the house of God, and is a direct outcome of Jacob's vow of the long ago. Wonderful changes have taken place in life, in people, in places; transformation scenes in everything, working from the lower and poorer conditions to better ones.

As the beautiful butterfly comes from the chrysalis of the ugly caterpillar, so God has brought man up from one condition to another, changing with him his surroundings and environments; through a process of evolution has man been raised up, not of necessity from the lower animals, but from a lower mental and moral stage. Jacob's dream was a true vision of the things to come, of the growth of man, and of the upbuilding of the church, the worship house of the creator. The house which is dedicated here is a growth from smaller things and looks to still higher ones. God seeks to lift his children up and only asks man, when he sees that he is wrong to repent and change his manner of life. Jacob's ladder represents Christ reaching to earth to bring peace and salvation to mankind, and this building is being dedicated as a temple to the service of God."

Singing "All Things Are Ready." Rev. McConnell then proceeded to take up a subscription to raise the balance unsubscribed for the improvements, which had cost about \$2200 and of which amount \$1185 was already secured. The appeal was a strong one and after a short time the remaining \$1100 was all taken up in pledges to be paid within nine months.

The church is greatly improved with the additions, and makes a very fine church building, one of which the congregation, and the town, as well may be proud.

Wedding Bells

Miss Lulu Harlow, daughter of Mr. and Mrs. C. A. Harlow of Star, Oregon and Rollin P. Wicks of Star, were married Sunday in Eugene. Mr. and Mrs. Hankins of Star were present at the wedding, and represented the bride's family.

The couple are among the young folks of Star, and are known to everyone. Mr. Wicks is employed at the Star Lumber Co. and is a hard working, industrious young fellow and he and his wife will add another to the happy, merry, young people up the O & S E road.

Silk Creek.

W. N. Wheeler and wife visited at M. Tompkins Monday.

C. Ross King Takes 32d Degree.

C. Ross King was one of the class that took the 32d degree of the Scottish rite Free Masonry at Portland Tuesday. A great convention was held in Portland by the order, and at the close a large class was given the 32d degree.

You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself and gets well. The stomach, once over worked must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. Kodol for Dyspepsia takes up the work for your stomach, digests what you eat and gives it a rest. Puts it back in condition again. You can't feel good with a disordered stomach. Try Kodol. Sold by Benson's Pharmacy.

There is no need worrying along in discomfort because of a disordered digestion. Get a bottle of Kodol for Dyspepsia and see what it will do for you. Kodol not only digests what you eat and gives that tired stomach a needed rest, but is a corrective of the greatest efficiency. Kodol relieves indigestion, dyspepsia, palpitation of the heart, flatulence, and sour stomach. Kodol will make your stomach young and healthy again. You will worry just in the proportion that your stomach worries you. Worry means the loss of ability to do your best. Worry is to be avoided at all times. Kodol will take the worry out of your stomach. Sold by Benson's Pharmacy.

Family Reunion and Golden Wedding.

Tuesday, June 5, 1906, at the home of John W. Ashby and wife in this city a large number of relatives and friends met to celebrate the occasion.

John W. Ashby was married to Miss Ellen Rawlings in Knox County, Mo. June 5th 1856, where they made their home until about eighteen years ago, when they came to Oregon. Since then they have lived near and in Cottage Grove. There were seven children born to them, one, Mrs. Elizabeth Young died three years ago. The other six children with their families were all present; their names being Mrs. Wm. Johnson of Yuba City, Cal.; Mrs. J. W. Hicks of Central Point, Ore.; Mrs. Henry Whitlock, Mrs. Chancy Whitlock, Ed and John Ashby. There were twenty grandchildren present. The names of the other guests are as follows: Mr. and Mrs. Frank Miller of Portland, Ore.; Mr. and Mrs. Sweany, Mr. and Mrs. Robert Trunnel, Grandma Trunnel, Mr. Jesse Trunnel and family, Mr. and Mrs. Chris Nelson and family, Geo. H. Young and family and Mrs.

Clow.

The table was beautifully decorated and the aged couple sat under a golden arch festooned with roses.

There was several useful and beautiful presents. The tables fairly groaned under the weight of good things to eat. At a late hour in the afternoon the guests began to separate, each declaring they had spent a most enjoyable day.

Prof. Gets Lost in Hills

Prof. L. R. Valeske, the massuer, who lives in a little house up on the hill east of town, near the Shields cemetery, went out in the woods Sunday afternoon for a stroll. After he had been gone for several hours his wife got very much frightened, and went down to the base ball game and told the "Holly Rollers" and "Skunks" that the professor was lost in the hills, so a party of the boys went out in search of him. Seventeen of them climbed around the hills, now and then finding a boot print until it was almost dark, when they came out of the woods at the old McKibben sawmill, where they were told that the professor had come out there some little time before and had set out for home.

As it had been raining a good deal all afternoon, and every leaf held its fill of moisture, the boys were wet to the skin in a very few minutes after starting and most of them feel very sore from their experience, and are lucky to escape without having serious colds.
