

Cochran-Orpurd.

(Continued from first page.)

was gowned in white silk organdie, while the groom and groomsmen wore the conventional black. After the ceremony congratulations were showered upon the happy couple. The bridal party and guests were served with light refreshments.

The bride is the youngest daughter of Mr. and Mrs. L. F. Orpurd and is a very winsome and charming young lady. The groom was born and raised to manhood in this community and for a number of years has been prominent in musical circles, he having a wide reputation as a cornet soloist and band director. He was a member of one of Uncle Sam's regimental bands which went through the Cuban campaign and at the close of the war he went to New York and Chicago where he took instructions as the cornet under the best teachers. At present Mr. Cochran is associated with W. C. Conner in the Cottage Grove notion and novelty store known as "The Bazaar" and is also director of the F. of A. band and the new Ladies band. The bride and groom are both popular favorites and have a host of admiring friends who unite with the Nugget in wishing them a long, happy and prosperous wedded life. They went north on Sunday night's overland train to spend a brief honeymoon at Eugene and other northern points. They will reside in this city.

Following is a list of the presents and invited guests.

Mr. and Mrs. J. D. Cochran, oak rocker; Mr. and Mrs. J. I. Jones, Adamantine clock; Mr. and Mrs. Albert Woods, sofa pillow; Mr. and Mrs. Compton, water set; Mr. and Mrs. Jas. Redford, 4 piece china set; Dr. and Mrs. L. D. Scarbrough, silver knives and forks; Mrs. McMurry, table linen; Miss Antoinette Burdick, linen towel; Mr. and Mrs. Fred Lamb, emb. silk doily; Mr. and Mrs. Frank Jordan, silver syrup cup; Mr. and Mrs. Albert Stocks, cut glass fruit dish; Miss Gertrude Palmer, bon bon spoon; Mr. and Mrs. LeRoy Woods, cut glass syrup cup; Mrs. M. Ella Tompkins, Grants Pass, sugar, butter and pickle spoon, knife and fork; Mr. and Mrs. R. W. Lundy, cream ladle; Mr. and Mrs. W. E. Lundy, sugar shell and butter knife; Mr. and Mrs. Frank Phillips, silver bon bon basket; Mrs. O. Fredericksan, crumb tray; Ernest Sears and Herman Palmer, silver nut basket; Mr. and Mrs. Frank McAlister, Eugene, olive spoon; M. H. Anderson, silver toothpick holder; Mr. and Mrs. Andrew Brund, sugar shell and butter knife; Fred M. Wachite, cut glass olive dish; Misses Berg, silver salt and pepper shakers; Mr. and Mrs. F. D. Wheeler, bronze vase; Mr. and Mrs. E. C. Conner, china cracker bowl; Mrs. Purvance and daughter Myrtle, china fruit plate; Mr. and Mrs. H. K. Metcalf, cut glass olive dish; W. B. and Mrs. S. J. Dillard, berry ladle; Mr. and Mrs. W. R. Welch, silver pie knife; Mr. and Mrs. W. C. Conner, china chocolate set; Mr. and Mrs. Joe Porter, table linen; Misses Feva and Leah Perkins, berry spoon; Miss Lorena Frederickson, sofa pillow; Mrs. Geo. Dillard and daughter Mrs. Jno. Patterson, bread plates.

Brooks Left Arm.

Edd Addison working under Road Supervisor Curtis Veatch building road at Lorane on Saturday was driving a team of horses hitched to a big triangular scraper on which he was riding when the scraper hit a stump and he turned his horses around and in dragging the scraper around they overturned it throwing it on top of him so that he fell flat on his stomach and the edge of the scraper struck his left arm just above the wrist and broke both bones. He was attended by Dr. Job, then was taken to his home where his injuries were dressed. Mrs. Addison was in a delicate condition and the shock of Mr. Addison's accident was severe upon her, resulting in the birth of a fine 6 pound baby girl somewhat unexpectedly.

Buys Land

John Lindquist, a miner, after working several months at the Riverside mine in Bohemia west to Coos Bay last week and purchased a fine piece of land of J. S. Brund. The land is bordering on the river and is close to Florence, partly covered with heavy timber, there are several acres cleared in all. Mr. Lindquist is very much pleased with his investment.

Reduced Summer Excursion Rates.

On and after June 1, 1906, the Southern Pacific, in connection with the Corvallis & Eastern railroad, will have on sale round trip tickets from points on their lines to Newport, Yaquina and Detroit at very low rates, good for return until October 10, 1906.

Three-day tickets to Newport and Yaquina, good going Saturdays and returning Mondays, are

also on sale from all East Side points, Portland to Eugene, inclusive, and from all West Side points, enabling people to visit their families and spend Sunday at the seaside.

Season tickets from all East Side points, Portland to Eugene, inclusive, and from all West Side points, are also on sale to Detroit at very low rates with stop-over privileges at Mill city or any point east, enabling tourists to visit the Santiam and Bsitenshot Hot Springs in the Cascade mountains, which can be reached in one day.

Season tickets will be good for return from all points until October 10. Three-day tickets will be good going Saturdays and returning Mondays only. Tickets from Portland and vicinity will be good for return via the East or West Side at option of passenger. Tickets from Eugene and vicinity will be good going via the Lebanon-Springfield branch if desired. Baggage on Newport tickets checked through to Newport; on Yaquina tickets to Yaquina only. Sunday excursions to Newport on the C. & E. will begin June 10th or 17th and run every Sunday thereafter leaving Albany at 7:30 a. m.; leave Corvallis 8 a. m.

S. P. trains connect with the C. & E. at Albany and Corvallis for Yaquina and Newport. Trains on the C. & E. for Detroit will leave Albany at 7:30 a. m. enabling tourists to the Hot Springs to reach there the same day. Trains from Albany to Corvallis connect with all East Side trains on the S. P.

Full information as to rates, time tables, etc., can be obtained on application to J. C. Mayo, G. N. Pass. Ags., C. & E. R. R., Albany; A. L. Craig, G. P. A., S. P. Co., Portland, or any S. P. or C. & E. agent.

Rates from Cottage Grove to Newport \$6, to Yaquina \$6.

G. A. R. Encampment.

G. W. McReynolds of the local G. A. R. Post, who was recently appointed Junior Vice Commander for the Department of Oregon is an ex-officio member of the Grand Encampment and will probably attend the Encampment in Minneapolis in August. He is the only member of the local post that will be likely to attend.

Photographic Plates Lost.

The Southern Pacific Co. lost in the San Francisco fire all its photographic plates that it had been accumulating for years, with all the sketches and cuts of the Sunset magazine, and the "Book of a Thousand Wonders." As these books are one of the great advertising features of the road they immediately sent out their photographer to take new photographs. J. P. Jones, Traveling Passenger Agent and Julius Padilla, the official photographer of the company have been in Cottage Grove for several days with a special photographer's car, waiting for a bright day to take pictures. During the dark weather Mr. Padilla is busy developing his plates.

A team has been put at the disposal of the gentlemen and every opportunity will be given for them to get a series of fine views of Cottage Grove and vicinity.

Trunks, valises for your summer vacations at Veatch & Lawsons.

At the rate the jaymen are being secured for the Mitchell trial, all the funds of Oregon and Washington may be used up before sufficient talesmen are secured. When the trial actually begins a great deal of interest will be taken.

The grass is growing very rapidly and all the vacant lawns and yards as well as every lot is grown up high with it, and weeds. While the grass looks better than the bare ground the growth of the weeds is a serious menace to the health of the public and should be remedied. The bay fever unfortunately is not the only one that feels the trouble but everyone is liable to do so. As the city fathers are greatly limited in their expenditures it behooves every citizen to cut all the weeds around his home, which will not only add to the general health of the town, but will make a much neater appearance.

In New York, Harry Thaw, a wealthy son of a prominent Pittsburg family, who married an actress of the original Florida sextette, killed a prominent architect by the name of White and it is said committed the deed on account of White's ruin of his wife, who was a protegee of White before Thaw's marriage to her. The whole affair reeks with wickedness and licentiousness of the worst kind, and it is doubtful if when put on the stand Thaw will receive any punishment, guilty as he is of a terrible crime, which is the direct outcome of his union with a woman notable in a fast set.

THE SWINE INDUSTRY.

Hogs Always Sure of Ready Market at a Fair Price.

Everything in the shape of a hog from 600 pound stags, or roughs, down to the fifty pound shipper is readily absorbed at its full market value. A resume of hog prices at the Chicago market for the past six years offers great encouragement to the producer of the market hogs. Prices have maintained a reasonable level, not having been subject to such wide fluctuations as were found in the markets for cattle and sheep. The producer of market hogs is always sure of a ready market at a fair price. This fact, together with the proved ability of market hogs to return a maximum yield of meat for feed consumed, makes the production of high grade swine for meat purposes the surest and most profitable feature of the live stock business.

In our wide extent of territory, with diversified conditions of soil and climate, resulting in a wide range of crop production, we naturally find a wide difference in the character and quality of the hogs produced in different sections. These types are largely the result of local conditions, the "hard hog" of the corn belt being the "sure yield of the fittest" and the result of special conditions found in the best corn producing states.

Introducing Bacon Type Blood. In the territory tributary to St. Paul conditions differ widely from those in the corn belt. Corn is produced only to a limited extent; wheat, peas, barley, all nitrogenous or muscle forming foods are grown abundantly. We do not advise the average farmer to go in for what might be called extreme bacon types, but we do know it will pay the stockmen of Minnesota to grade up their present stocks with boars of good type from the bacon breeds. Over the corn belt states many farmers are using boars of the bacon type breeds in order to introduce more vigor and bone into their herds, which have become weakened from long continued feeding of exclusive corn rations. Strength of constitution is improved and profligency increased by the introduction of blood from the bacon type.—J. J. Ferguson Before Minnesota Live Stock Breeders' Association.

Almost Ready Made.

Few people realize what excellent boxes for handling fruit and vegetables on the farm or for shipping eggs are to be found almost ready made in the orange boxes that are shipped east by tens of thousands from California every summer and fall, remarks Farm Journal. Renew the sides and bottom for strength and cut two rounded slits in each end to fit the hands, and you have the box shown in the cut, holding about a bushel, strong, yet very light, and to be had in most villages for the asking.

Latest Onion Culture.

Here are instructions from an experienced gardener for obtaining a good crop of onions with the least possible labor: Sow early in March in cold frames. Good varieties are Adriatic, Barletta White, Pritzaker, Southport, White Globe and Red Wethersfield. Seed can be sown in shallow drills four inches apart. The seed must be well covered and the soil pressed firmly with a board. Keep the frames closed till the young onions appear and then give an abundance of air on all favorable occasions, bearing in mind that the cooler they are kept the sturdier the growth. Keep the surface soil constantly stirred about the young plants and all weeds removed. Water thoroughly when needed.

Rules For Running Incubators. Study your incubator. Acquaint yourself with all its parts. Read the manufacturer's directions for setting it up. Set it up carefully and according to instructions. Never try to run an incubator in a drafty place or near a stove or where the sun shines upon it. Set fertile eggs only. Waste no effort upon those that are doubtful. Learn how to trim and clean a lamp.—Dr. Richard Wood.

GARDEN SNAPSHOTS

Get the poisons ready for the early insects.

Beginning with the advent of spring there are few places so interesting as the hardy flower garden. The annuals have to be sown and the half hardy plants have to be planted before they can be enjoyed.

If a gardener has not experimented with his soil so as to know to what fertilizing elements it really needs he must use a formula, and one carrying about 3 to 3 1/2 per cent nitrogen, 5 to 6 per cent available phosphoric acid and 1 to 5 per cent potash will usually be found as profitable as any.

Sow Pritzaker onions indoors, to be transplanted to the garden in May.

If seeds are planted in dry soil or in soil that is less moist than the seeds the drier soil will extract the moisture from the seed and retard development. The radish is one of the favorite early spring vegetables, and it is one of easy cultivation. We naturally look forward to this as the one very early, if not the first, that we are to grow to maturity, either in the frame or outside ground.

For success with arsnips use fresh seed, plant very early and quite thick and thin out the seedlings to six to seven inches apart.

Eugene candidates for the post-mastership, which will be open next April, are cropping up lively.

The Thompson Hotel is getting a much needed coat of white paint this week. Mr. and Mrs. Thompson are doing very well in their new location.

G. O. McGilvray has received his appointment to take a position with the Postal Telegraph Co. He will take charge of the Canyonville office about August 1st.

The brick work of the new bank building is going up very rapidly and the contractors expect to hurry their work from now on if the weather does not interfere.

Prof Strange is having a great vacation, and expects to come back in the fall weighing many pounds more, and with reserve muscle and energy for any and all occasions.

W. B. Dennis has purchased several more cinnabar mining claims recently from Sadie R. and Birdie F. Schlusrel for \$2885. These add to the large acreage of the Black Butte mine.

J. B. Rouse is engaging a number of teams to haul lumber to the railroad. The mill has been running steadily and has a large quantity of lumber piled up ready for shipment.

Owens & Son have several teams that are keeping busy delivering delivering lumber to the railroad track, and loading into cars. At present they are delivering a number of ties for railroad use, just below Abrams planing mill.

Drs. W. W. Oglesby and Best of Cottage Grove, both old and experienced physicians, are figuring upon establishing a hospital in Drain. This is a much-needed enterprise here and it is hoped the project will not fall through.—Drain Nonpareil.

The young ladies of the Berean Band and the Christian Endeavor Society of the Christian Church did well Monday night with their social but are getting ready to hold another some night when it is blisteringly hot and when they will expect everybody in town to make themselves sick on ice cream.

M. H. Anderson of the Pacific Timber Co. will still maintain an office for the company here, and will have his office in the same place. The A. H. Hemenway Co. is getting ready its stock preparatory to making an opening day. Its Silver-toned stock will be added to the Pacific Timber Co. goods, with much new stock.

Attorney Williams of Eugene states that the cases of the people at Latham who sued the S. P. for injury to their lands by the tie plant have been settled, and that if the S. P. Company moves their plant from that point it will be merely to get it to a better location, and not on account of any ill feeling of the people at Latham towards the company.

Geo. Kerr, formerly of the Pacific Timber Co. and well known to nearly everybody in Cottage Grove on June 14th, became superintendent of all R. D. Hume's business interests in Curry county, which are quite extensive. Mr. Kerr has thoroughly recovered from his long illness and is doing very well again, and has a fine position in his new place. His many friends wish him the best there is going.

Cottage Grove doctors are progressive and must be making money, as they are branching out. Dr. Hockett has bought a drug store in Yonocolla. Messrs. Best and Oglesby are contemplating buying a drug store at Drain says one paper, another says they will start a hospital there. Some other things are in the wind of the doing of other physicians, so they may know all be capitalists for all we know.

C. M. Jack on is suffering from a badly bruised left hand resulting from a 16-inch slab falling from the cutoff in the Brown mill on to the back of his hand while he was loading slabs into a wagon. Mr. Jackson says it was too hard work for a man of his years anyway and he guesses he can find an easier job. Right now he is working on his garden which he keeps in as fine condition as Mrs. Jackson keeps her flowers.

An enormous quantity of timber is used annually in the mines of this country, some of the large mines in northern Michigan sinking more timber than is done in any other place in the world. The Calumet & Hecla copper mine alone consumes no less than 30,000,000 feet of lumber a year. The Greene Consolidated Copper company of Cananea, Sonora, Mexico uses 40,000,000 feet annually.

INDIGESTION.

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol Dyspepsia Cure cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but the famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Kodol Dyspepsia Cure after meals is not only thoroughly reliable digestant, but it contains great tonic and reconstructive properties as well. This famous remedy enables the stomach and digestive organs to thoroughly digest, assimilate and contribute to the tissues of the nourishment that is contained in such food as may be eaten.

Kodol Dyspepsia Cure clears the way and makes sure the journey from sickness to health and weakness to strength. If the stomach is disordered Kodol will cure it. Kodol Dyspepsia Cure lays the foundation for health, and the upbuilding of strength by cleansing, purifying and sweetening the glands and membranes of the stomach, and by supplying natural juices necessary to perfect indigestion, assimilation and

nutrition. Kodol digests what you eat, prevents colic, cholera, diarrhoea, flux, dysentery and summer complaints generally, and its use will cure indigestion and chronic dyspepsia permanently. Kodol is good alike for young and old. Your druggist sells it.
