Good dry wood is exceedingly scarce and the person who has in their winter supply of wood is very fortunate. Very few farmers cut much wood this year, so there is little to be hauled in.

**Board Buys New Equipment.**

The school board has purchased a new globe for the schools of one of the latest models. The globe is so set as to represent in its turning the position of the earth in each month, its relation to the sun and moon and many things that the average person who has left his school years behind would have to stop some time to study out. It is

Wm. Veatch has sold out his farm west of town and has moved to Coos county where he will make his future home.

If an article is imitated, the original is always best. Think it over and when you go to buy that box of salve to keep around the house, get DeWitt's Witch Hazel Salve. It is the original and the name is stamped on every box. Good for eczema, tetter, boils, cuts and bruises, and especially recommended for piles.

The Willard Theater company left for Drain, their next stop on Thursday afternoon. As their trunks stood in the rain for a time while waiting for the delayed train, they are apt to find their outfits somewhat dampened by Oregon mist.

The lecture is a timely one and its presentation, in Mr. Crouch's masterly manner, is bound to leave its imprint upon the minds and hearts and lives of the present generation and through them to influence the coming life. Daily Advertiser, Clinton, Iowa.

The meeting of the stockholders of the Great Northern mine in Blue River district was put off on account of an injunction suit brought by a man who is suing the company for some stock, claiming that the sale of the property while his suit was still unsettled would further complicate matters.

Work is being pushed at Black Butte as rapidly as possible. More men are being added to the force continually and there is much to show for each day. The teamsters are busy hauling supplies. The rails are all delivered for the tramway now, and the big shipments of supplies will be started up this week.

When a horse is so overworked it lies down and in other ways declares its inability to go further, you would consider it criminal to use force. Many a man of humane impulses, would not willingly harm a kitten, is guilty of cruelty where his own stomach is concerned. Overdriven, overworked when what it needs is something that will digest the food eaten and help the stomach to recuperate. Something like Kodol for Dyspepsia that is sold by Benson's Pharmacy.

To me your lecture brought a fund of good suggestions that will far outlast the pleasing impressions made by your thrilling delivery. It is both entertaining and instructive, well enriched with wit, but not less replete with good common sense, and presented with life and power. Thanking you again, I am cordially yours.—J. J. Mitchell, Secretary DeWitt Lecture Association, DeWitt, Iowa.

Can you win? Do you realize that to win in anything these days, requires strength, with mind and body in tune. A man or woman with disordered digestive organs is not in shape for a day's work or a day's play. How can they expect to win? Kodol for Dyspepsia contains the digestive juices of a healthy stomach and will put your stomach in shape to perform its important function of supplying the body and brain with strength building blood. Digests what you eat, relieves indigestion, dyspepsia, sour stomach, palpitation of the heart and constipation. Sold by Benson's Pharmacy.

one of the most complete arrangements made and will assist greatly the scholars in understanding the orbit of the earth and its relation to the sun and moon. The board is buying modern equipment for the schools as fast as it can do so, in order that the students may have every possible advantage and help to their study.

**Circuit Court.**

L. Lurch vs J. H. Hawley for possession of certain personal property or to recover \$400, the value thereof. Medley & Johnson, attorneys for plaintiff.

**Top Notch Products.**

Harry Webber up on Coast Fork brought to town on Thursday several boxes of immense yellow tomatoes, also equally fine red ones, and the largest we have seen. Mr. Webber says the yellow tomatoes are by far the best being more meaty, with almost no seeds, and are firmer. When saving tomatoes for seed he has to save five or six times as many yellow tomatoes as the others to get as many seed. His tomatoes readily bring a better price than the usual tomato, because there is less loss to them, and they are of a better flavor. Mr. Webber also has some especially fine apples; he believes that it pays to raise none but the best, and is following out that idea.

**Machinery All on the Way.**

The Dittson mill will probably be running within a few weeks now, as the machinery is all enroute. A car containing the boiler and engine arrived last week. Wednesday a car containing the carriage, set works, edger, conveyors, and several other pieces of machinery arrived, and the rest should arrive any day. The railroad will be finished to the mill before the week is out, and then it will be easy to deliver the machinery to its place. J. I. Jones is busily at work getting his men to work so as to have a good supply of logs ready on the bluff to deliver to the mill when they are ready.

**Roseburg Grants Willamette Valley Co. Franchise**

Monday night the Roseburg city council granted the Willamette Valley Co. by A. A. Welch a water and light franchise for a term of fifty years, the company agreeing to furnish free, water for fifty hydrants. The ordinance also fixes a maximum charge for old service. The council pushed the ordinance through so as to avoid taking it up under the Initiative and Referendum provisions.

**Another Happy Couple.**

One of South Dakota's stalwart sons came to Cottage Grove this week to claim as his bride Miss Eva Martha Bohman and today they will be married here. The groom is John Cornelius Thomas of Wakonda, South Dakota, a town of some 500 people, where Mr. Thomas is the druggist of the town and a prominent man in the community. Miss Bohman is the daughter of Geo. Bohman, the tailor. After the wedding they will take quite a trip and will be at home in their new home in Wakonda after the 30th of the month.

**Marshall Choate Crouch.**

The second number of our entertainment course is Marshall Choate Crouch who has made quite a stir in Chautauquas in the Central West and has so ably carried the audiences of leading cities of the East. In Cincinnati the Unity Club spend about \$3000 to \$5000 a year in Lyceum entertainments. Such men as Conwell, DeMotte, Riis and Jones have appeared there and pleased. Mr. Crouch delighted the citizens so thoroughly that the Commercial Tribune of that city gave him a three-fourth column writeup in which they highly praised him. W. L. Davidson, the greatest Chautauqua manager in America says, "He ought to be heard everywhere." His lecture is a fund of good suggestions that will far outlast the pleasing impressions made by his thrilling delivery. It is both entertaining and instructive, well enriched with wit, but not less replete with good common sense and is presented with life and power. He says we are going through life too fast. We hit only the high places and miss the good between. Also we are too complex. People used to die, now they simply expire—and that usually after some severe operation has been performed. Men in times past went to bed, now they only retire. He has convictions and dares to maintain them, and all through his excellent message there are many very striking and pleasing witticisms. He certainly is a star lecturer and comes on Saturday night October 27th. The prices are 25, 35 and 50 cents. The sale of
