A big contingent of Cottage
Grove people went to Eugene on
Tuesday to attend court and other
business, among whom were Frank

dness, Mr. and Mrs. Andy Graham,
Henry Johnson, Sim Brand, Mr.
and Mrs. DeLuer Hemenway.

nothing better. No opiates. Con-

Blacksmith Baker has just fin-
ished up a new delivery wagon for
Pearce Bros. The wagon is a de-
cided innovation in its line, as it has
been made to meet the demands of
a wet country. The top has two
small awnings that project out so
that the man in charge can get
packages out of the sides of the
wagon without having rain drip-
ping down on his collar, or getting
into the wagon. The wagon will
be put into service the first of the
week.

There was a small diphtheria
scare in town for a short time this
week, but the threatened cases have
been stopped and there is little or
no probability of any contagion of
the kind getting abroad.

Druggist Benson has made a new
departure in having a young lady
assistant in his drug store. Miss
McCollough, who comes from
Roseburg, has had considerable ex-
perience in the drug business, and
her help with that of Mr. Sly, will
relieve Mr. Benson from the store
a great deal. Mr. Benson expects
to go to Portland next week to se-
lect a big stock of Christmas
specialties.

The rain that has been falling so
generally over the state was felt in
a minor degree at Cottage Grove,
though it felt much heavier close
around town. The Coast Fork rose
quite a little, but the Willamette
did not rise very much, although
the Santiam at Junction where a
new steel bridge was being put in
rose so as to carry out the false
work and leave the new steel beams
hanging by the temporary rivets
that are put in to hold the beams
in place until the riveting crew
comes along. The S. P. is hoping
the temporary rivets will hold until
the beams can be pulled back to
place and a new set of false work
put in. In the meantime all trains
are going around by Corvallis.

Steel Bridges in Very Soon.

Agent Isham states that the big
crews are about due to put in the
steel bridges near here. This week
a great wheel 7 feet in diameter
that is used to tighten the nuts on
the big bridge supports was re-
ceived at the depot. This wheel is
put on the nut and then a gang of
men grasp the spokes and can turn
the nuts up in short order and un-
der a tremendous pressure. As
soon as the bridges are completed
we will see more of the big oil
burning engineers recently put on
the road come through here.

Special Song Service

J. M. Isham states that there
will be a special song service each
Sunday evening at the Methodist
Church.

Are Loud in Their Praise.

The Eugene physicians who at-
tended the meeting of the Lane
County Medical society at Cottage
Grove are loud in their praise of
the entertainment they received at
the hands of the Grove physicians.
Nothing was too good for the
guests and the banquet was simply
out of sight. The first paper was
the beginning of a series of lectures
on Gynecology by Dr. W. Kuyken-
dall. Dr. Jayne also read a most
excellent paper on 'Alkaloidal
Medication' and Dr. Hockett
handled the subject of 'Physical
Diagnoses' in a masterly manner.
It was a meeting that will long be
remembered both from its social
features as well as a technical hier-
archy treat—Register.

1905 vs. 1906.

The Leader window shows a
1905 pumpkin standing alongside a
1906 pumpkin, both in perfect con-
dition. Harry Webber of Coast
Fork ranch fame, brought the
pumpkins in to prove that a pump-
kin can be kept for over a year and
still be in perfect condition. He
kept the 1905 one in an upstairs
room over the kitchen laid with
others around the stovepipe that
came up from the kitchen, so they
were kept dry and fairly warm all
the time.

The editor is going to have some
pumpkin pie out of the 1905 one
before long, and if age improves its
flavor, as fruit cake improves with
age, then certainly the pie ought to
be a winner.

Mr. Webber is surely a careful
agriculturalist and is making his
crops give him the highest possible
result in each thing he plants.

Southbound Trains Late for a Few Days.

Agent Isham stated Wednesday
that the false work on the S. P.
track near Junction had been
washed out by high water so that
the trains all had to go around by
Corvallis and on the West side,
which makes them an hour and a
half late in getting south this
far, and makes the northbound
trains that late in getting into
Portland. As it is now the train
leaves Portland, going out Fourth
street, thence to Corvallis, and
and then to the main line at Al-
bany. It will be this way until
the pile driving crews, two of
which were rushed through to
Junction Wednesday, can get the
work rebuilt, and the line in shape
again, which will probably be
about three or four days.

L. McCoy got in a big 7-foot
iron wheel this week for use at his
sawmill.

should be present. Signed by the
Secretary A. Brund.
