Keep bright and you'll be kept
busy.
Light is the magnet that draws
trade.

A show window brilliantly
lighted with electric lights makes
many a sale "the night before."
It attracts attention,
makes it easy for your display to be
examined, and shows your goods to
the best advantage.

Electric light is the best and
only illuminant.

When may our man see you
about it?

to the Grove and will soon be set-
tled once more. Mrs. Thompson
will soon return from her visit to
mother in California.

place of Miss Neva Perkins who has
been quite sick for the past two
weeks but who expects to be back
at her place in the schools on Mon-
day.

For chapped and cracked hands
nothing is quite as good as an ap-
plication of DeWitt's Witch Hazel Salve.
Put it on before going to bed, use an
old pair of gloves and see what a dif-
ference the morning will bring. Sold
by Benson's Pharmacy.

Santa Claus has come to Lurch's
and is now busy in the big red
house in his front window making
ready for Christmas. A few of his
gifts are now temptingly displayed
about his house.

Mr. L. R. Woods, formerly of
the firm of Welch & Woods, has
purchased an interest in the new
firm of Wheeler-Thompson Co., and
will be found at the old stand in
the same capacity as before.

Join the procession. Get the
habit. Many of the best people in
Cottage Grove are eating the salted
peanuts prepared by Holmden near
the bridge. Always just right.
Headquarters for pure home-made
candy. Moderate prices prevail.

It is a mistake to use a violent
cathartic to open the bowels. A gen-
tle movement will accomplish the
same results without causing distress
or serious consequences later. De-
Witt's Little Early Risers are recom-
mended. Sold by Benson's Pharma-
cy.

Open the bowels and get the cold
out of your system. Kennedy's Lax-

and at the same time allays the in-
flammation of the mucous membrane.
Contains honey and tar. Drives out
the cold and stops the cough. Absolu-
tely free from any opiates. Con-
forms to the National Pure Food
and Drug Law. Pleasant to take.
Sold by Benson's Pharmacy.

The S. P. officials who were
here on Tuesday inspecting the
car shortage situation, noticed two
big flat cars that were going
through loaded with piling that
little more than covered the length
of one car, they ordered the cars
cut out of the train, and reloaded
here onto two short cars, rather
than send the two long cars
through with a partial load.

A man with a sprained ankle will
use a crutch, rest the ankle and let it
get well. A man or woman with an
overworked stomach can't use a
crutch, but the stomach must have
rest just the same. It can be rested
too without starvation. Kodol will
do it. Kodol performs the digestive
work of the tired stomach and cor-
rects the digestive apparatus. Kodol
fully conforms to the provisions of
the National Pure Food and Drug
Law. Recommended and sold by
Benson's Pharmacy.

At the Mountain Lion mine near
Grants Pass last week it was found
that a lot of high grade free milling
ore that was fairly shot with gold
had been thrown on the dump.
Needless to say the dump was
thoroughly sorted at once. It was
found that the ore had come from
a place in the tunnel where no pay
ore was expected at all. The vein
that was struck is now being
opened up. The gold was em-
bedded in a quartz so did not show
up until it had been rained upon.

are advocating free locks at Oregon
City. Keep it up the time is com-
ing. Every step helps.

A writer for the Scientific Ameri-
can states that 3,000,000 needles
are sold daily in the United States.
Where do they all go to.

The Willamette Valley Co. ex-
pects to furnish power and day cur-
rent by March 1st. A new three-
phase motor will be installed for
that purpose.

Dr. McClary's "Mission of
Mirth" was a huge success with us.
He would fill the hall to the doors
in a second appearance.—A. C.
Carlson, Sec'y Lecture Course,
Weiser, Idaho, Oct. 2, 1906.

Mr. Allison has been making an
addition to the store building own-
ed by him and occupied by Geo.
Comer's harness shop. Mr. Comer
now has a model work room, with
a big sky light over head that fur-
nishes almost perfect light.

Dr. McClary delighted a large
and cultured audience. I never
heard people laugh so heartily and
long. People speak of the lecture
after ten days.—John W. Barron,
Sec'y Lecture Course, Albuquerque,
N. M., Nov. 22, 1906.

The Womens Club meets today
to hear about Christmas customs in
various countries. Mrs. Chambers
will tell of the old, peculiar, funny
customs that are known. Miss
Powers will read "Eugene Field's"
First Christmas tree and Mrs. Job
will tell of the "Madonna in Art".
The club this year is making its
principal topic art, interspersing
topics of the day and hour.

The bookkeepers are all busy
getting ready for the closing of the
year's business, and from all re-
ports almost all firms will have an
unusually large year's business for
their final reports. Many of the
firms close up the end of the year
by paying every cent they owe for
any kind of goods, so as to start
the year fresh. It would be a
mighty fine plan if everybody would
do likewise.

C. C. Hazelton has proved him-
self an artist in window decorations.
Unusual displays with hardware
supplies are indeed unusually un-
usual, yet Mr. Hazelton has achiev-
ed it. In a corner of one of the
windows he has a fire place con-
structed of washboards, dust pans,
etc. arranged in a very neat man-
ner, and illumined with a red elec-
tric light at night makes a catchy
effect. Another corner contains a
couple of chairs made of wash
boards and roasting pans, that at
first glance would never give one
an idea of what they were built.
Another window contains a bewil-
dering display of cutlery and cook-
ing utensils of every kind.

The Eugene Guard's Special
edition is out, and in many respects
is a good advertisement to Lane
county, although the Guard was
very unfortunate in getting it out.
Its new Campbell two-revolution
press, only recently installed, was
broken all to pieces while running
on the special, so that a good part
of it had to be printed on the Reg-
ister press. The Guard is now fig-
uring on a new press, and a differ-
ent make as well. Their special
writer is blamed for many of the
rather too flowery, and incorrect
writeups that were scattered
through the paper, but when
special men take up such work,
they cannot be expected to be as
accurate as people at home.
