Keep bright and you'll be kept
busy.
Light is the magnet that draws
trade.

A show window brilliantly
lighted with electric lights makes
many a sale "the night before."
It attracts attention,
makes it easy for your display to be
examined, and shows your goods to
the best advantage.

Electric light is the best and
only illuminant.
When may our man see you

work on the cuts on the new Coos-
Bay cut off and are making the dirt fly.

The Vesuvius got in their last
load of freight and are now well
supplied with both provisions and
ammunition for the entire winter.

Rumor has it that some of our
chicken breeders are wonderfully
pleased over their success at the
poultry show. They deserve all
the success there is coming.

The Brown Lumber Co. is run-
ning their planers day and night
now and will continue to do so
right along. The mill is running
almost to capacity daily.

For chapped and cracked hands
nothing is quite as good as an ap-
plication of DeWitt's Witch Hazel Salve.
Put it on before going to bed, use an
old pair of gloves and see what a dif-
ference the morning will bring. Sold
by Benson's Pharmacy.

Bishop C. C. McCabe, the Metho-
dist bishop who was famous before he
became a bishop through his evan-
gelistic work, and his lectures on
Jabbay prison, died in New York

It is a mistake to use a violent
cathartic to open the bowels. A gen-
tle movement will accomplish the
same results without causing distress
or serious consequences later. De-
Witt's Little Early Risers are recom-
mended. Sold by Benson's Pharmacy.

Griffin & Veatch's display of
razors, knives and razor straps is
very effective when the colored elec-

very brightly.

The Drain Nonpareil says that
Thos. Krowson of that place came
to Cottage Grove last week to order

The city election is over. The
ballots cast gave a majority of 31
in favor of prohibition. But the
people still come in droves to do
their trading with Wheeler-Thomp-
son Co. at the old stand of Welch
& Woods.

President Hinds appointed T. K.
Campbell as a special representative
of the Commercial club to meet
with representatives of the other
Lane county clubs in Eugene to
keep up the work of the Clubs in
the matter of the car shortage and
to further the cause of legislation.

Young Mr. Simmerl is working
in Burkholder's. Mr. Burkholder
says that while the car shortage
keeps him from doing much lum-
ber business, yet the store business
keeps up remarkably well. Mr.
Leum who took care of Mr. Burk-
holder's lumber books is now tak-
ing it easy.

The children were singing as
they "went to school Friday morn-
ing, this is the last day of school
before Christmas". Nearly all of
the scholars from outside will go
home for Christmas and the teachers
were all to leave Friday night for
their respective homes. School will
begin again on Jan. 2nd.

While the town is quite well
filled with visitors for Christmas,
many have gone away.

A number of family reunions
will be held Christmas week and
every evening will be full.

The Toggery handles none but
the most up to date goods. Their
Christmas novelties are O. K.

Wildwood on Thursday and went
to Yourella to spend Christmas
with his folks. He is now working
for J. I. Jones logging camp and
says everything is getting into fine
shape and that shortly after the
first of the year things will begin
to hum at the new logging camp
and at the Diston mill.

Prof. C. L. Strange received a
telegram at midnight Friday night
stating that his brother, editor of
the Medford Mail was dying
and asking him to come at
once. He left that same night
and Saturday evening word was re-
ceived that the brother had typhoid
pneumonia and was not expected to
live. Prof. Strange will be out of
school this week, and his studies
will be taught by the other teachers.
Mr. Strange died Tuesday morning
and was buried on Wednesday
afternoon.

Eugene is going after the soft
drink shops. An ordinance was
presented at the council meeting
Tuesday night and passed its first
and second reading requiring the
screens to be removed so as to make
a public view of the interior, com-
pels closing from 12 to 5 a. m.,
closed Sunday, makes it unlawful
to sell liquor except on a physician's
prescription and then fixes a method
of determining if a place is kept
for the sale of liquor, makes the
lessee of the building responsible,
and finally forbids the sale of
liquor, and forbids its storage or
sale. The ordinance is indeed a
curiosity, but may be able to reach
the end expected.

Central Energy System.

City Manager David Griggs in-
forms us that the Pacific States Tel-
egraph and Telephone Co. presi-
dent, Mr. Thatcher of Portland,
telegraphed him Thursday that a
central energy system has been or-
dered for Cottage Grove last Aug.
but would be hurried up, and
would be installed within a short
time. When this system is install-
ed much better service will be
given. The receiver when lifted
from the hook calls central by the
lighting of a small lamp in front of
her. The crank is dispensed with.
When this system is installed there
will be three day operators in order
that the girls may work shorter

To Advertise Cottage Grove.

The Commercial Club is under-
taking to secure a large amount of
high class information about Cot-
tage Grove and vicinity which will
be printed in the form of some pam-
phlet or paper and will be sent out
to persons inquiring for information
of Oregon. The Oregon Develop-
ment League is receiving many re-
quests for information about this
country. The names of these
people are furnished to the Commer-
cial Clubs and Development Clubs
scattered through the state to send
out literature. Cottage Grove has
just as fine a territory to advertise
as any of the rest. The country is
just awakening and is seeking to
bring in new families, new capital.
To that end the club will endeavor
to send out a large amount of such
literature. None but the best
should be sent out and that should
be well illustrated, for pictures
speak truth where words could not
portray. Such literature will be
expensive. The Commercial Club
has done nobly in the past in put-
ting up money for such things it-
self, this time it must seek outside
aid for the expense will be beyond
it. The club has appointed a com-
mittee to see the citizens, business
men and others and get them to
assist in this matter, so if F. H.
Rosenburg, Chas. Bruneau or
Frank Phillips call on you, dig
right down into your pocket and
help out. Don't be one of the cap-
italists who are ready to take ad-
vantage of every cent brought into
the Grove by such means but don't
give a cent to help the work along.

Wanted.

Gentleman or lady with good
reference to travel by rail or with a
rig for a firm of \$250,000.00 capi-
tal. Salary \$1,072.00 per year and
expenses, salary paid weekly and
expenses advanced. Address, with
stamp, Jos. A. Alexander, Cot-
tage Grove, Oregon.

The S. P. officials claim that they
will relieve the car shortage just as
fast as they can. That thousands
of cars are tied up here and there
over the country over which they
have no control. Be it as it may,
extraordinary means are necessary
in such a time and to Cottage Grove
millmen it does not seem that the
railroad is taking such means. J.
H. Chambers recently cited the fact
that he had gotten 9 cars in one
month, while the mills along the O
& S E line had received 63 the same
month yet he claimed he had more
lumber waiting shipment on his
docks than the whole bunch of
mills on the O & S E line.

The railroads seem to be able to
accumulate great surplus funds and
