

Lumbermen and Shippers' Meeting.

(Continued from first page.)

were adopted by the club were read:

RESOLVED, That it is the sense of this meeting of Shippers and Lumbermen of Central Oregon, representing 150 mills, that we unanimously endorse House Bill No. 2, known as the Chapin Bill, now before the Legislature of the State of Oregon for adoption; as agreed upon by the joint committee of the House and Senate. Be it further

RESOLVED, That it is the sense of this meeting that the Chapin Railroad Commission Bill be treated as a purely business measure.

WHEREAS, The Southern Pacific Company have again sounded the death knell to the lumber industry of Central Oregon by advancing the freight rates on lumber from the Willamette Valley to California and bay points from \$5.17 per thousand feet to \$8.33 per thousand feet, thus again asserting the all-powerful and dominating influence of the Harriman system from which the helpless shippers have no means to redress, and

WHEREAS, The people and industries of Oregon have already contributed large sums of money in excess of a fair and reasonable interest on the bonded indebtedness and watered stocks of the railroads in Oregon, which has made it possible during the past six months for Mr. Harriman to acquire over \$100,000,000 of stock in the Illinois Central, the Baltimore & Ohio, the New York Central, the Atchafalaya, the Chicago & Northwestern, the Chicago, Milwaukee & St. Paul, and the St. Joseph and Grand Island Railroads, and

WHEREAS, The larger portion of this vast sum was wrung from the people of Oregon to further gratify the overweening ambition of Mr. Harriman, he now seeks to impose a still greater tax on the important industries tributary to his system. Therefore, be it

RESOLVED, That it is the sense of this meeting that a committee be appointed to wait on the Harriman traffic officials and demand that the \$3.10 rate be maintained. The committee to report to the Commercial Club of Cottage Grove the result of its labors. And further be it

RESOLVED, That the terrible ambition of Mr. Harriman, and the methods by which he puts that ambition into operation, must be curbed.

The chairman appointed J. H. Chambers, A. C. Dixon and J. J. Kinney as a committee to carry the appeal to the traffic officials of the Harriman lines.

A vote of thanks was given the Lane County delegates at Salem for the stand taken and the interest shown by them on railroad legislation.

Mr. George Cornwall of the Pacific Timberman, was present and addressed the meeting after which a general discussion of matters at issue followed.

The following committee was appointed to take action towards the organization of a permanent association for the protection and promotion of the lumber industries of the Willamette Valley.

J. H. Chambers, A. C. Dixon of the Booth-Kelly Lumber Co., J. J. Kinney, Leona Mills Lumber Co.; Fred Russell, Chambers Lumber Co.; Henry Fischer, Brown Lumber Company; W. C. Watrous, Morris McKibben, McKibben Bros. Lumber Co.; J. B. Hopkins, Eugene Lumber Co.; Geo. Taylor, Taylor Lumber Co.; Chas. K. Spaulding, Spaulding Logging Co.; John H. Shaw, Curtis Lumber Co.; M. E. Dunn, Wildwood Lumber Co.; J. S. McIladys, Mohawk Lumber Co.; Geo. Gerlinger, Willamette Lumber Co.

Meeting adjourned subject to call of the chairman.

Nearly every person who is subject to attacks from the stomach suffers a morbid dread of a dietetic treatment for relief, that is three-fourths starvation and one-fourth toast and milk. On the other hand you can eat as you please and digest the food by the aid of a good digestant, thus giving the tired stomach equally as much rest. Eat what you please and take a little Kodol for indigestion after your meals. It digests what you eat. Sold by Benson's Pharmacy.

Nothing will relieve indigestion that is not a thorough digestant. Kodol digests what you eat and allows the stomach to rest—recuperate—grow strong again. Kodol is a solution of digestive acids and as nearly as possible approximates the digestive juices that are found in the stomach. Kodol takes the work of digestion off the digestive organs and while performing this work itself does greatly assist the stomach to a thorough rest. In addition the ingredients of Kodol are such as to make it a corrective of the highest efficiency and by its action the stomach is restored to its normal activity and power. Kodol is manufactured in strict conformity with the National Pure and Drug law. Sold by Benson's Pharmacy.

Oregon Apples in London.

The high character of the yellow Newtown apples produced in the Rogue River Valley is illustrated by the returns which are coming in from the numerous cars consigned to the London dealers by the growers of this valley the present season. Fred H. Hopkins of Medford received a cable Monday from the first car of his product placed upon the market this year, the same having been consigned to Dennis & Sons, of Covent Garden, who report the sale of the carload, consisting of 450 boxes of four-tier and 150 boxes of four and one-half tier apples, at an average net figure 1.00 b. shipping point, of \$2.38 per box. For a week past it has been known that the California product would not figure any more this season in the London market.

The importance of the apple situation impresses one the more when it is known that the Rogue River Valley has no less than 10,000 acres of the yellow Newtown variety of apples, either now bearing or approaching the bearing age. In spite of the fact that an almost unparalleled crop was reported in the district which send their barreled stock to London, the regularity with which yellow Newtowns from Rogue River Valley bring in these satisfactory prices this season is very gratifying.—Oregonian.

THE EYE AND ITS CARE

By Dr. Frank Lucile Hard, Rooms 1-4 Chrisman Building, Eugene.

MYOPIA OR NEAR-SIGHTED EYE.

1. Object looked at.
2. Rays of light.
3. Picture of object on retina.
4. Retina.

Myopia or near-sightedness is exactly the opposite condition to Hyperopia, which we learned about last week. The eyeball being too long instead of too short as in Hyperopia. This condition is shown in the above drawing, the dotted line being where the Retina should be.

Myopia has many causes. It may be inherited, or it may be caused by an over development of the eye in youth. But the most common cause is starting into school very young and doing near work, thereby causing such a strain that the posterior tissues of the eye are weakened and bulge backward.

Myopic people do not see well at a distance, but objects held close to the eyes are seen very clearly. This trouble is one that must receive the care of the eye specialist as soon as discovered for the chances are that it will gradually grow worse. Sometimes progressing so far that the vision is lost. But by wearing the proper glasses and by observing certain rules in regard to the care of the eyes this may be checked and the eyes saved.

People that are near-sighted should always have the light correctly arranged when using the eyes and should never work with the head in a downward position as this causes more blood to rush into the eyes than is required and so causing an undue amount of pressure on the delicate coats of the eye.

When a myopic person puts on glasses the vision is so much better that the whole world looks brighter and life is worth living.

West Side School Notes.

Those who were neither absent nor tardy during the fifth month of school were:

Eighth grade—Dorothy Funk, Hattie Wheeler, Kattie Brumbaugh, Elsie Brewer, Leah Perkins, Hazel Gray, Melvin Jordan, Guy Whitlock and John Cooter. Worth Harvey, teacher.

Fifth grade—Lawrence Brumfield, Lennie Gray, Merton Comer, Frank Jones, Carl Wilson, Rita Staudacher, Rosa Staudacher, Lucy Tucker, Carrie Woods, Flora Phillips, Myra Handy, Angie Garoutie, Hazel Brumfield, Ina Johnson.

Fourth grade—Ward Berg, Leslie Comer, Inster Brumfield, a y Turner, Elsie Coffman, Carrie Hull, Ladys Caswell, Lillie Forester, Miss Anderson, teacher.

Third grade—Alice White, Otis White, Daniel Woods, Thurman Tucker, Warren Edwards, Solomon Coffman, Robert Jones.

Second grade—Agnes Staudacher, Georgia Raines, Hazel White, Miss Beebe, teacher.

Primary—Charlie Rains, Willie Tucker, Reynold Gray, Clare Connor, Russel Holmden, Francis Caswell, Ambra Oliver, Miss Palmer, teacher.

Miss Eva Young, who was in last year's class, and Miss Alice Carpenter and sister, Inez, made us pleasant calls last week. We are glad to have old students visit at any time.

Chas. Comer and Jesse Lewis, who took the eighth grade state examinations Jan. 24-25, made the required average and have been awarded their diplomas. This is good news, as only 52 of 150 applicants passed in the county.

Allie Phillips was the successful speaker in the recent W. C. T. U. contest and thereby won the medal.

Gertrude Hogate, who has been ill, has returned to school.

The Eighth grade Literary society will give a program Feb. 22. A debate on the Japanese question will be one of the prominent features.

The class has completed reading and study of the Constitution and are now reviewing physiology and geography.

Food don't digest? Because the stomach lacks some one of the essential digestants or the digestive juices are not properly balanced. Then, too it is this undigested food that causes sourness and painful indigestion. Kodol for indigestion should be used for relief. Kodol is a solution of vegetable acids. It digests what you eat and corrects the deficiencies of the digestion. Kodol conforms to the National Pure Food and drug law. Sold here by Benson's Pharmacy.
