

**MAIN STREET PROPERTY SOLD**

Three Important Transfers of Main Street Property Made This Week.

S. V. Allison, the barber has purchased of Milne & Atchison the property known as the Opera house property situated on the west side of Main street. This property has a frontage of 32 feet. The price paid was \$2700. Mr. Allison will remodel the building making it into two rooms, one 20 feet wide which will be occupied by W. C. Johnson, with a complete line of General Merchandise and Groceries, and one 10 feet to be occupied by Messrs. Milne & Atchison, as a real estate office. This will leave Cottage Grove without an opera house for a while, but we understand there is already a stock company being organized, for the purpose of building a first-class theatre in the near future.

Messrs. Stewart & Porter have bought the Crowley block on Main street situated west of the Hotel Oregon and will erect a handsome two story brick building this summer.

Bert Lawson has also bought of S. W. Bennett the property on Main street now occupied by the Vogue millinery store, Thos. Gill's cigar and stationery store, Coffman's barber shop and J. V. Thornton's cigar store. This property has a frontage of 50 feet and the consideration was \$4000. Mr. Lawson also contemplates building a two-story brick this summer.

**Work Commenced.**

Work has commenced on the new brick block to be built on the corner of Fifth and Main streets. The occupants in the old buildings have vacated. The Western Oregon office has moved into the building facing Fifth street. The Toggery has temporary quarters across the street in the Willamette Valley Co's building until the new brick is finished. They will occupy one of the rooms in the new building with a first-class line of Gent's furnishing goods. The building now occupied by the post office will be moved around the corner on Fifth street and will serve as the post office until new quarters are secured.

**Artisans Reception.**

Last Saturday evening February 16th the United Artisans held a reception in the W. O. W. hall, in honor of Dr. W. O. Manion, Supreme Medical Director of the order. A class of 13 were initiated, a fine lunch was served and a most pleasant evening spent. The following program was rendered and greatly enjoyed:

**A GOOD APPOINTMENT**

T. K. Campbell of Cottage Grove Appointed a Member of the Railroad Commission.

The Cottage Grove Development League, which was organized earlier in the year, gave place to the Commercial Club in the fall of 1904 and with the birth of the Cottage Grove Commercial Club the agitation and resolutions were prepared and the general fight for the shippers' rights was conceived and has borne fruit. We have the Chapin Bill and a Railroad Commission to look after its observation.

The oldest and best man on the commission is T. K. Campbell of Cottage Grove, appointed by Secretary of State Benson, Monday evening.

T. K. CAMPBELL.

T. K. Campbell was born at St. Anthony, Minn., Sept. 23, 1857, going with his parents at an early age to Leavenworth, Kansas, where he received his education and served his time as a stone cutter, not content with journeyman's work, he followed the steps of his father, and embarked in the contracting business, working westward, in 1890 he established himself in Salt Lake where he built the Knutsford hotel, the Dooley block and other large buildings in that city. In 1892 Mr Campbell reached Portland and immediately opened a plant on the old Stevens place, East Portland, from where he supplied all the cut stone for the City Hall. His entire occupation had been in heavy stone work until 1897 when he became a resident of Lane County and engaged in the timber business (which added to his knowledge of the shippers needs) which he has followed until now. Mr. Campbell has been a resident of Cottage Grove since 1901, and has been closely connected with the business interests of the city. Monday he will go to Salem, file his bonds and enter upon the duties of his new office. His family will remain here during the summer and will probably go to Salem in the fall.

**At the Commercial Club.**

The Commercial Club held its regular business meeting last Monday evening. The time was extended for receiving applications for membership at \$10 to March 15th. A letter was read from Senator Bingham thanking the club for its appreciation of the stand taken by the Lane County delegation at Salem on railroad legislation. The following letter from Chairman Teal of the Portland Chamber of Commerce was read:

Portland, Oregon, Feb. 14th, 1907.  
Cottage Grove Commercial Club,  
Cottage Grove, Ore.

Dear Sirs:—Now that the fight is over and the battle won, I want you to know that we all appreciate the splendid services given by your club in behalf of the interests of the people of this state. You were not only one of the first to see the necessity for railroad control, but you have never wavered in the fight from the beginning to the end and I trust that your city and your members will all receive some of the benefits which will flow from the results of your work. Wishing you every success, I am,

Yours very truly,  
J. N. Teal.

It digests what you eat and corrects the deficiencies of the digestion. Kodol conforms to the National Pure Food and drug law. Sold here by Benson's Pharmacy.

**Accidents Will Happen**

In the best regulated families. When they do happen there is often a rush to the nearest drugstore for relief. It is always better to have a supply of "home remedies" in the house, but in case you get short you should know where to get everything you are likely to need on short notice, feeling sure that it is of the best quality while the price is most reasonable.
