NEW BRICK QUARTERS

The Telephone Company and Modern Pharmacy to Have New Homes

The proposed new brick building to be built by Messrs. Porter Bros. and Stewart on the north side of Main street between the Oregon Hotel and Madsens, has been leased to the Pacific States Telephone Co. and the Modern Pharmacy. The new building will be a credit to the town and a monument to the energies of the rustling owners. It will be 45x90 feet in size, divided into two sections and be finished in elegant modern style. The ceiling and walls will be frescoed and the whole building be heated by steam.

It is the intention of the Pacific States Telephone Co. to install the center energy system and the office will be equipped with all the modern appliances for the telephone business which will give Cottage Grove a system equalled to the best in the state. The company realize that our city has outgrown the system now in use and the great demand for the growth of the business induced manager Griggs to use his efforts with the result of securing the new building and the improvements contemplated. They will occupy 20x90 feet of the building, and the remainder, 25x90 by Mr. David Griggs for his Modern Pharmacy. This will also be fitted up in the latest modern style and Mr. Griggs intends it to be the finest and best appointed drug store in the valley south of Salem. There are several other improvements and new buildings contemplated, and the coming summer will undoubtedly see lively times in that line.
