A clipping from the Corvita Times, published at the new home of Rev. Grace, says:

"Rev. R. C. Grace, the new pastor of the Presbyterian church, delivered two very excellent sermons at the Masonic hall Sunday to good audiences. His discourse stamped him as a man well informed along theological lines, a deep thinker, a sound reasoner and a forceful, fluent talker, and in this field will accomplish much good for the Master he delights to serve. His family will arrive shortly and they will take up permanent residence here, and services will be held Sunday. The Times hopes that Rev. We notice that in front of our peanut, fruit and candy stores the streets are badly littered during the day with shells, orange and banana peels. Would it not be a good idea for the proprietors to furnish a receptacle of some kind for this litter, a good size box would do, and this could be hauled away and dumped as frequently as required.

Clean up and Spruce up.

These pretty days are ideal ones for every property owner to get to work cleaning up their lawns and making garden and we notice that many are doing so. Cottage Grove can be made the prettiest little town in the valley and our citizens should take pride in making it so. If the unsightly mud holes were filled and streets graded and cleaned of trash it would put on quite a dandy appearance.

"Inside" Information.

When children eat green apples they find it hard to conceal the fact. In fact they are very apt to make a great noise about it. The best thing to do is to get a doctor's opinion, unless you are satisfied to get the right antidote from us. Pure Drugs and a man who knows how to mix them are constantly kept here for just such emergencies. Quickness, correctness, and cheapness characterize our store.
