The Modern Pharmacy

Another New Brick Building.

The contract for the new Stewart & Hinds two story brick to be erected on the corner of Main and Second streets was awarded to H. J. Clark, who is building the big brick adjoining the Oregon hotel. The new brick will be 53x90 feet, will have two modern store rooms on the ground floor, while the second floor will be fitted up with lodging rooms and suits of rooms for the accommodation of the guests of Hotel Thompson adjoining. The building will be of modern design and finish throughout and will be a credit to our growing city. Work on the foundation has already commenced and the brickwork will follow the completion of the foundation work.

Got What he Deserved.

A fellow known as "Midaight" Jones, came up from Eugene to attend the ball given at the armory last Friday night. He soon filled up on "bug juice" and proceeded to make himself obnoxious and attempted to run the town. To this Marshal Snodgrass objected and when he called the big bully down, the fellow posed as a bad man and "talked back" to the marshal and showed fight. This action was the mistake of his life for when Marshal Snodgrass got through with him, the fellow looked like a cyclone had struck him and he went to jail like a good boy. The next morning he contributed \$15 to the city treasury and returned to Eugene, avowing his purpose to return at some future day and "clean out the town," but when he comes on that little mission, he should act upon the advice of Marshal Snodgrass and "bring the coroner along with him." Such "bad men" get right up against the real thing when they look for trouble in the Grove.

There is a Source of Satisfaction

In knowing that when you have bought an article from a merchant that you have not paid twice what it is worth, and that some time you will not meet up with a friend who has bought the same pair of Shoes, Suit of Clothes, Coat or Hat for just about one-half what you paid. When you trade at Our Store you can have that satisfaction. We are here for business and are selling merchandise at a fair and legitimate profit and are winning new and satisfied patrons every day. We do not sell you Calico for 5 cents a yard in order to get you in the store and sell you a \$6.00 Suit for \$10.00.

Mr. and Mrs. John Hull of Latham, returned home from Portland and a trip down the Columbia river Sunday, and report a most enjoyable time.

You will wait a long time before you will see a more complete production than "Old Arkansaw," which comes to Cottage Grove on Wednesday, Feb. 19.

Henry Fischer, mahager Brown Lumber Co., has just completed a commodious and artistic addition to his residence in the Long and Landless addition: on the east side of the railroad.

J. C. Pironi, manager of the Eugene Ice and Soda Water Works, was transacting business in this city Wednesday. Mr. Pironi is a brother-in-law of Mr. DuBruille of the Leader.

The painters and paper hangers, Messrs Chas. Lavene and W. E. Southward, put the finishing touches on the interior of the Leader office Wednesday and gave the place an attractive appearance.

Before we know it springtime will be here. The fields are putting on their green swards, buds are swelling, leaves will soon be unfolding and the flowers will be peeping from the mould, telling us the springtime is here.

Mrs. Snapp, wife of Dr. G. U. Snapp, formerly of this city but now of Newberg, is a guest of her many friends in this city and community. She has been in very poor health since her arrival here, but under the medical treatment of Dr. Best her condition is much improved.

The Cottage Grove Manufacturing Co. turned out a beautiful mantle board with French plate mirror this week for C. D. VanValin who is just completing a new residence at Dorena. This company also turned out a fine mission style mirror and stand, seven feet high for "The Toggery," this week.

E. C. Conner will set out a 10-acre pear and winter apple orchard on his up-land farm one and a half miles north of this city. He is on the right road to successful farming. We will give him the Leader for his fruit and stock ranch in about seven years, providing he gives his orchard good care.

Oliver Hart has his restaurant and short order establishment running in full blast now in the building formerly occupied by the Wells Fargo Express Co. Everything is new, neat and clean about his place and a nice private dining hall has been equipped separate from his lunch counter, so he can accommodate all classes. Call and see him.

Nattie Martin returned home from a week's trip through Josephine and Jackson counties Monday evening. He was much interested in the operations of the big gold mining dredger on Fools creek and also the work of the big giants in the Southern Oregon placer mines. While looking over the timber claims of that part of the state he saw plenty of snow and four big bears. He reports a very pleasant and enjoyable trip but did not locate a timber claim on this trip.

On Friday evening last, a number of the young lady teachers in our schools, together with a few of their lady friends, gave Miss Gertrude Palmer a pleasant surprise by calling at her home where a very enjoyable evening was spent. In turn, so the rumor goes, the young ladies were given a nerve racking surprise by the unsuspected intrusion of a well known young man, who it is said, "walked right in turned around and walked right out again," with or without assistance as the case may have been. He positively refuses to be interviewed by the Leader and would say nothing more than that the scene was a pleasing one and although this is leap year he could not withstand the palpitating sensation caused by so many young ladies kneeling before him at one time.

Two Homes Burned.

The early part of the week two homes on Mosby creek were destroyed by fire with nearly all of their contents. The first was the home of Mr. and Mrs. J. H. Whiteman located up on the mountain about a half a mile above Taylors mill, which was destroyed Sunday with all of its contents, including a year's provisions and much canned fruit. The origin of the fire is unknown and there was no insurance.

The following day, Monday, while Mrs. Geo. Lang was preparing dinner, her home, known as the Dave Mosby, Jr. house situated near the Mosby creek bridge caught on fire, and while her husband was plowing nearby, before he could reach the premises, the fire had made such rapid progress that only a rocking chair, sewing machine, and box containing their deed was saved. Among the valuables lost was \$30 in paper currency. The loss falls heavily on both families.

Picked Grapes in February.

We have read much about raspberries and blackberries blooming and ripening in the open air in this valley this winter, but now comes forward D. G. McFarland of this city, with evidence of our balmy winter climate which is conclusive and beats them all. On Tuesday Feb. 4th he plucked from a large grape vine, twining about the front porch of his residence, a fine bunch of Blue Isabelle grapes in perfect condition and excellent in flavor. The grapes were sheltered under the eaves of the porch and withstood the late frosts without injury. It is a fact often noted that the extreme south end of the Willamette valley in which Cottage Grove nestles, seems particularly sheltered and protected from the wintry blasts which visit other sections of the state. Verily, this is the Italy of Oregon.

The Edison Phonograph.

When you are tired or worried with the day's work, when your wife is worried with her household cares, when the children are restless for new ways of being amused—just start up the Edison Phonograph and the evening becomes pleasant to all.

Have you children growing up? Let the Phonograph teach them the good music of the past and the present. Do you frequently have friends drop in? Nothing will give them a pleasanter evening and make it easier for you to entertain them pleasantly than an Edison Phonograph. The Wynne Hardware Co., have these machines and a full line of records. Call and see them. 43th.

Victors, Columbias, Edisons.

Have you seen the new 1908 Columbia taper-arm cylinder graphophone? Its the grandest talking machine out. Takes up the least room, is the loudest and plainest talking machine made, except the new Victor disc graphophone, uses either Columbia or Edison cylinder records. See them at the Bazaar. New Columbia gold mold records, as good as Edison's, for only 25 cents. We have Victor records and needles guaranteed to run 10 records without changing needles. Remember that we sell Victor, Columbia and Edison machines and records. The Bazaar.

Death of Lora Hayes.

Lora, the five year old daughter of Mr. and Mrs. Wm. Hayes, who the Leader mentioned last week as being seriously burned from her clothes catching on fire from a stove while her mother was making a brief call on a neighbor, died from the injuries the following Saturday morning and was buried in the Masonic cemetery Sunday. It was a very sad and deplorable accident and the grief stricken parents have the heartfelt sympathy of the entire community in their great bereavement.

You and your children's eyes are safe if you wear Dr. Lowe's glasses. Eye safe and price safe. Consult him Feb. 10th and 11th.
