THE LEADER'S NEW DRESS.

The Leader comes out this week in a new dress of type throughout. To make this fine improvement in the paper and office about 400 pounds of new type was required, costing nearly \$200, which now gives the Leader one of the best and most up-to-date printing plants in south-western Oregon. In making the many improvements in the paper and office since it came under the present management the first of the year, we have not annoyed any of our patrons or readers with repeated demands for a settlement. One statement of account we deemed sufficient and we are pleased to state that nearly all of our readers have responded promptly, which has enabled us to make these improvements and is evidence that the paper is appreciated by our large family of readers and our efforts to make a success of the Leader and work for the advancement and upbuilding of Cottage Grove, South Lane and the various industries of this part of the state is evidently deemed worthy of substantial encouragement. We do not mean to stop with the present improvements in the paper and plant, but will continue to forge ahead as the business of the office and requirements of Cottage Grove seem to justify. In conclusion we desire to especially thank our patrons for their substantial support and our many friends who are boosting for the Leader. Watch the Leader grow!

Cottage Grove should make a pull for a paper mill. It is a practical location for such an industry.

Work is in progress at Seattle on the grounds and buildings for the Alaska-Yukon Pacific exhibition.

Make up your mind not to buy anything you do not need, and stick to it like a dog to a root.

The only real business man is the one who secures the business—the rest are clerks.

W. C. T. U. INSTITUTE AT DRAIN.

Continued from Page One.

"State Headquarters" needs in furnishing" was discussed. Mrs. DeSpain suggested that a list of needs be made and each county take some special article as its share of the furnishings, adopted. Noon-time prayer by Mrs. Harford, adjournment for lunch.

Afternoon session opened at 2:15 by Mrs. Wheeler. A very touching memorial service followed in memory of Francis E. Willard, Dr. Mary Wood-Allen, national supt. of Purity, and Clara C. Hoffman, former recording secretary, and Mrs. Mary Rees of Wash., a much loved and missed worker. The passing of Father Howe of Creswell and Mr. Baber of Junction were feelingly mentioned as friends of W. C. T. U. workers.

"Possibilities of the L. T. L." by Mrs. Harford. A childless home is to be pitied; a childless union has my sympathy: "To get voters, grow them." Mrs. DeSpain recommended the L. T. L. diploma work for unions and legions as well. "What appliances do I need in W. C. T. U. work," was Mrs. Bishop's question. First, faith in God; 2nd, consecration to the work; 3d, the state paper; 4th, attendance at institutes; 5th, faithful men and women to work with me. Pres. Briggs of the State Normal school, was introduced and spoke briefly on "Child education." He spoke of the home, the church, the school, the theatre, the saloon, and the street as factors in the education of the child. The need of the hour is the single code of morals. The single standard set high and upheld by all good influences will bring Christian citizenship. "Possibilities of State W. C. T. U." by Mrs. Brown. If national suggestions are followed out, possibilities are limitless. Individual work. I. T. L. institutes and county conventions helps to work. County president's congress an excellent idea. "Stick to our last" as W. C. T. U. "How may we co-operate with the church?" by Mrs. Rose of Roseburg. Impress upon ministers who need it, that the saloon is the greatest curse of civilization. Co-operation does not mean absorption. Co-operate in Sunday school work especially on temperance Sunday.

Mrs. Harford spoke briefly on equal suffrage amendment. Work as individuals but not as W. C. T. U. The following resolution was adopted: "That the thanks of this institute is tendered to the trustees of the M. E. church for the use of their comfortable, cozy church, to the Glee club for their enjoyable music, to the Drain union, and to the citizens for their kindly courtesies and hospitalities. To all who have thought of our comfort we give our thanks." Upon motion the institute adjourned.

A gold medal contest, of a very high order, was held in the evening at the I. O. O. F. hall, the contestants being Miss Lilwall, Miss Mamie Hickithier and Mr. Gussman of Lane county and Miss Gardner of Drain. The contest was interspersed with delightful music by the young ladies of the Normal school. The medal was won by Mr. Gussman.

A good program, a good time. Everybody welcome. Mrs. A. W. Kime, Commander. May Hart, Mary Gray and Elizabeth Pullmer, Com.

BOHEMIA SHARP MAKES HIS ANNUAL PROPOSAL OF MARRIAGE

J. H. "Bohemia" Sharp has returned home from a visit to Salem where he was looking after business matters. While at the state capitol some of his friends penned the following and sent it to the Portland Journal as a "special," and Mr. Sharp looks upon it as the best joke of the season.

THE JOURNAL DISPATCH.

Salem, February 27.—Bohemia Sharp, as the old miner is known in Lane county, has been paying his annual visit to the state capitol. He makes a formal call on the governor and each year when he comes around has tales of new discoveries, and regularly tenders his hand in marriage to the stenographer in the executive office, who ever she may be. He is as regularly refused.

Sharp is now in the 70s, but still follows prospecting. Bohemia left today for his home in the mountains, 25 miles from Cottage Grove.

Since the great fire of 1906 building permits to the amount of \$97,000,000 have been issued in San Francisco.
