### HUME'S LIBERAL INDUCEMENT TO BOOST CURRY COUNTY

Hon. R. D. Hume, one of the wealthiest citizens of Curry County and known also as the "King of Rogue river," publishes in the Radium a very liberal offer to the citizens of the United States having no lands or homes of their own and who have been thrown out of employment by the recent financial stringency. Mr. Hume states that he will furnish to twenty families twenty acres of land each free of charge for five years, and for fifteen years additional upon payment of taxes and a yearly rental of \$2 00 per acre. He will also furnish a cow, a pig, and a dozen chickens to each family, to be paid for when the family shall have an income that is more than necessary for their maintenance. He will furnish pasturage for each cow for five years. The use of saw mill and standing timber, the mill to be operated by those who accept this proposition, to manufacture lumber from which to build their homes. Also he will buy any cordwood manufactured in clearing the land mentioned. Mr. Hume has amassed a fortune for himself and now evidently intends to use a portion of it in helping those who, on account of untoward circumstances or some other cause, have not succeeded in accumulating enough worldly goods to make themselves or their children comfortable.

### Women Working for Their Town.

The following from the St. Clair County, Missouri, Republican, is deemed good enough for reproduction in the Leader:

The women's club of Boonville is working for the town beautiful and is having these resolutions printed in the papers and read in the schools: "For the honor and glory of Boonville. Let us not kill or injure any bird or destroy any bird's nest or the young. Let us not throw or sweep into the street, alleys or parks, any paper, fruit skin or rubbish of any kind; or throw any of these things upon the floor of any school or other public buildings. Let us not spit upon the sidewalks, street crossing or upon the floor of the school or any other public building. Let us not cut or mark in any way, fences, poles, sidewalks or buildings of any kind. Let us always keep our backyards clean and beautiful as we keep our front lawns. Let us at all times respect the property of others as we would our own. Thus shall we become good and useful citizens, making our city beautiful and worthy of our love and devotion."
