### EASTER SUNDAY IN CHURCH.

Just in front of my pew sits a maiden—  
A little brown wing in her hat,  
With its touches of tropical azure  
And sheen of the sun upon that.  
Through the bloom-colored pane shines  
A glory

By which the vast shadows are stirred,  
But I pine for the spirit and splendor  
That painted the wing of the bird.

The organ rolls down its great anthem:  
With the soul of a song it is blent;  
But for me I am sick for the singing  
Of the one little song that is spent.

The voice of the curate is gentle,  
"No sparrow shall fall to the ground!"  
But the poor broken wing on the bonnet  
Is mocking the merciful sound.

—Vick's Magazine.

### London Springs Items.

All nature has put on new life and every one is happy or ought to be.

Spring with all her beauty is here. Everyone is busy, the farmers are doing their late seeding and early gardening.

Grandpa and grandma Carnical who have been very sick with the La Grippe and pneumonia are gradually recovering.

The Black Butte mines are now doing good work and the furnace is red hot all the while. We hope to see the quicksilver running out in big streams.

The Shortridge sawmill has shut down and W. C. Shortridge who has been running it is now running his ties to Latham. He has 15,000 now in the river.

The Coast Fork grange at London Springs has been doing some good work the past winter. Nearly all questions of local importance and even Woman Suffrage has been well discussed from time to time and when the election comes around you will find them up to go especially for Statement No. 1. Look out all you fellows who are running for office.

The London Springs Association have been very busy for the last month remodeling their hotel and bath house and they now have them in fine condition. They have just put in a new large hotel range and complete hot water system. It looks as though they aim to cook for all Lane county this summer and they are surely preparing in their new bath house to clean them up, with steam, shower, tub and mud baths. The bottling works is running at full capacity and is far behind with their orders, but we think they will soon catch up, still it is hard to tell, it looks a little as though the whole state may go dry.

Hard times we don't hear much about these times up here. We don't have time to growl much, still wool and mohair has hit the bottom, or at least we hope it has for we do not want to see it go any lower. Our goats and sheep are healthy and we will hang on to them until after election and then if we can't sell we can eat some of them and maybe go fishing so we don't care much anyway because it is leap year and you may expect some changes and we hope all for the better. Hurry girls, now is your time. Can't see very far but I will bet a dollar everything will come out all right around London any way.

### Keep Your Sweet Peas Picked.

The real gist of sweet-pea culture is to keep the blossoms picked clean and not to allow a single seed pod to form; if it is allowed, then adieu to a further supply of flowers. The mission of all plant life is to reproduce its species, and thwarted in that by the removal of its blossoms, persistently repeat its efforts to produce seed. Once that is accomplished it rests, content, from its labor. Like the pansy bed, the vines must be gone over every day and all withered blossoms removed; better still, pick every blossom as it opens ere yet it has begun to wither.—THE NEW IDEA WOMAN'S MAGAZINE for May.

### Died.

PROTZMAN—At her home in this city at 7:30 o'clock, April 16, 1908, wife of J. B. Protzman, at the age of 37 years.

## He Knew a Good Thing.....

THE story is told of a very enthusiastic "Star Brand" salesman traveling in Arkansas, who, with several acquaintances, recently enjoyed a very fine meal at the home of a lady friend. After the usual conversation at such gatherings had subsided, and the guests were departing, expressing their appreciation of the repast, this salesman was heard to say: "Miss E., that was a very fine meal. I enjoyed it immensely—but "Star Brand Shoes are Better."
