This is the principal department of our store. So important that the reputation of our store depends on it, your health also depends on it—so does the reputation of your doctor. You can now see how important a department it is and why we pay so very particular attention to every detail of it. But with all the extra attention we give it our prices are moderate and fair and often far below prices charged for the same prescriptions in other cities.

Rose Show at Leader Office.

In the past year or two Cottage Grove has become imbued with a pride in roses and ornamental flowers, with a result that many beautiful and well kept door yards and lawns may already be seen in our growing city and this commendable pride is rapidly spreading. The pioneer rose fancier of the town and the first to cultivate extensively this beautiful if not king of the lawn flowers, in this city is Hon. R. M. Veatch, on whose sitey lawn may be seen many of the choicest roses known to the florist. Just now, it presents a most beautiful and attractive appearance, the roses being at their best. On Tuesday morning Mr. Veatch presented the Leader office with a large bouquet of his choicest roses, which attracted much attention in the Leader office window and many were heard to remark that while they attended the rose show at Portland, they saw nothing superior to many of the varieties displayed in this bouquet. Let us make Cottage Grove a "Rose City."

Creswell vs Cottage Grove.

Last Sunday the Creswell baseball team and the G. H. team of Cottage Grove played a rather one sided game at this place the score resulting in 20 to 5 in favor of the home team. The Creswell team is composed of a fine lot of boys and they have the qualities in them necessary to make a strong team, but they need more practice, as they fell down on throwing and made several bad fumbles.

Leader readers should observe and appreciate the fact that in perusing our local columns not a patent medicine local is to be found, but every item is a clean news or business item. The Leader has cut out the foreign patent medicine locals.

A suspicious circumstance has arisen at Drain. A big locomotive has been sent there with a supply of steel rails. Does it really mean that Harriman is to build the Drain-Cooos Bay railroad?

As a result of a small advertisement in the Pacific Monthly for Cottage Grove and vicinity, the Commercial Club has received 32 letters recently from well-to-do people in almost as many states who are seeking a western location.

Mrs. W. V. McGee and family spent Sunday with her parents Mr. and Mrs. H. C. Veatch in this city. Rev. and Mrs. McGee and family have taken up their residence in Creswell where Rev. McGee will serve as pastor of the Presbyterian church. Rev. McGee has been in poor health and he anticipates an improvement in his condition by his location at Creswell.

C. H. Sharon, road supervisor, has been doing some fine road work between Saginaw and Cottage Grove and has succeeded in raising a subscription fund in this city to continue work on this road. The only very bad section of road remaining between these two points is within the limits of this city, which reflects anything but credit upon this municipality.

Dennis Cooter has returned home from Hood River where he went some time ago to pick strawberries. He says the country tributary to Cottage Grove is better adapted to the culture of strawberries than the Hood river country and that some one will demonstrate that fact to our people some of these days. He states that a man cannot make wages picking berries. It is only profitable for women and children.

The Leader hears it rumored that "booze" is becoming quite plentiful in this city again. It is about time some local detective was getting in his work and making a fitting example of some of these bootleggers. If the city officials show a disposition to wink at such violations of the law, the law abiding citizens of the town should take the matter in their own hands. The voters have ordained that the town continue dry. Now make it dry.

MILITIA MAY HAVE TWO WEEKS ENCAMPMENT

If the recommendations of the adjutant generals of Oregon and Washington are carried out, Cottage Grove guardsmen will have two full weeks at American lake this summer instead of 10 days' encampment that has been ordered.

There is sufficient money this year for a two week's encampment and believing that the additional four days will be highly beneficial to the men the head officers of the guards have asked that the time be extended. Whether or not the request will be granted remains to be seen.

At present the orders are for the encampment to commence August 3, and for the camp to be broken August 12. Under this arrangement Company E will leave this city on Saturday, August 1, and join the Third regiment in Portland the following day. From that city it is probable that the Third and Fourth regiments and Battery A will leave for American lake on three special trains.

The Battleship Fleet.

Such a decided hit was made at Richmond's Electric theater Monday, Tuesday and Wednesday of this week with the reproduction of the battleship fleet entering Golden Gate, and the San Francisco parade which followed, that he decided to continue this exhibit the rest of the week. For the benefit of the farmers he will give a Saturday afternoon matinee where all can see this wonderful exhibit for 10 cents. New films and new songs next week.

Rock Crusher Wanted

Some of our citizens and a few councilmen are advocating purchasing a city rock crusher with the \$1,190 road money recently refunded to the city by the county court. It is argued that a 50 per cent saving could thereby be made in supplying rock for city street improvements over the river gravel supply now used and much better results would follow. On the other hand it is argued that the city should appropriate this money in street improvements and secure one of the county rock crushers when it wants to make a road or street improvement. It is a debatable question.

Sweet Pea Show July 15.

Owing to the backward spring the Ladies Civic club met this week and decided to fix the date for the sweet pea show for July 15 instead of the last of June as was formerly announced. A grand parade will be one of the principle features of the show in which will appear floral decorated vehicles and floats, bicycles, baby carriages and doll carriages. A grand gala day is assured. Remember the date.

A reprimand should be imposed upon every Commercial club member who fails to attend the regular Monday evening business meeting. The officers are complaining about the small attendance at these important meetings.

Prof. G. E. We are informed by the Professor that a new two-story dormitory building 30x40 feet will be built this summer and furnished ready for occupancy before the fall term opens September 30th. The Leader is turning out a fine 16-page catalogue or calendar for this school.
