THIS IS SOUND TALK.

The following from the Canyon City Eagle has good logic and business sense all through:

"Much newspaper space is taken showing the evil effects on a community, when thousands of dollars are sent to eastern mail order houses. The advice given is always wholesome, but it is not always directed at the people who are to blame. The purchaser picks up a catalogue and there advertised he finds something that suits his fancy and his mail order follows. If this same purchaser picked up his county paper and there saw the same article advertised he would never think of sending away for it. The article is not advertised in the home paper so the purchaser presumes it is not for sale in the county. It is advertising that sells the goods for the eastern mail order houses, and this advertising takes the form of a catalogue. Newspaper advertising would sell them more goods, but to cover the entire country with newspaper advertising is entirely out of the question, so the catalogue is resorted to. The home merchant has a great advantage if properly taken advantage of, and that is by the medium of his home paper. The advertising, however, must be the result of the best thought that the merchant has. Trained advertisers edit the catalogues, and thought and care must be used in preparing the copy for the paper or its space is wasted. If the catalogue was in the house only a few weeks in the year it would not do much good, because when the purchaser had the money and could not find the catalogue there would be no trade. It is the same way with the merchant advertising in his home paper. He must keep his goods before the purchaser all the time to compete successfully with the catalogue. These facts can be denied, but while they are being denied there are a great number of mail order houses raking in fortunes through the medium of their advertising catalogues.

E. H. Harriman, man of power, spent his vacation this summer in the wild of central Oregon. To this fact is due, perhaps, the promises he made on coming out from his summer home that work on a railroad to the rich regions in the center of this state would be pushed with all speed. For years the people have wanted a railroad into Central Oregon. It contains riches undreamed, almost,

and has resources the development of which will raise Oregon far in the scale of material importance. For lack of transportation facilities the exploiting of these regions has been held back and even Oregonians are not aware of the immense richness of the interior of their state. Now their wishes are to be granted and with all the speed possible.

Mr. J. H. McMillan, now past eighty-five years of age temporarily residing at Coshocton, Ohio, writes: "Having lived in Oregon sixty years and believing it to be the best country in the United States, I take pleasure in sending people there who are looking for a home. Rheumatism has a firm grip on me, and I am unable to labor, but I can talk of Oregon and spread Oregon literature and will be glad to receive same from all parts of the state. I have been able to send many people to Oregon, and they have written that they were glad they made the change. Oregonians should remember there are thousands more to come on the colonist rates of September and October.

The Albany Herald says: "These chilly nights are nothing to the frozen stare awarded strangers who come to Albany with the intention of residing. No wonder they go south." The Leader man lived in Albany for 20 years and nothing like that ever happened that we heard of. On the other hand strangers were always made more than welcome. Wonder why she's getting so "stuck up" of late?

Maine, in the gubernatorial contest Monday, went but 8000 Republican majority, as against 24,834 majority in 1904. As usual the liquor question was the paramount issue and entered largely in the result of the election.

Mr. Higgen has the satisfaction of knowing that when he gets through running for president he can go back to his business and find that the demand for axle grease has not fallen off a bit.

Hillsboro, the prosperous and growing capital of Washington county, is celebrating its second rail connection with Portland, the last being an electric line.

The Democrats will run Lewis Stuyvesant Chandler for governor of New York against Governor Hughes, republican nominee for re-election.

Cottage Grove should be proud of its public schools—and its teachers too. The facilities here for educating our children are unsurpassed.

When a man declines to knock those who have wealth, it's a sign that he expects to inherit some money one of these days.

The Chinese minister is to be recalled from Washington for talking too much. China seems to do some things about right.

Albany seems to be full of bitter strife and dissensions. Better adhere to the old adage, "Love thy Neighbor as Thyself."

Every thinking person sees something in himself every day to make him a little less conceited.

Good time to build a house—before the sawmills get too busy filling eastern orders.

The planing mill has been running 12 hours a day of late they seem to be doing a rushing business planing lumber and loading cars. It is rumored that the sawmill will start to sawing again in the near future.

Will Heffling is doing some carpenter work in Cottage Grove for W. J. Gardner.

Frank Angel has been blasting out stumps this week. Frank says he thinks he would make a good referee for prize fighting.

We wonder if the Cottage Grove people are waiting for the county to fix the road just north of town along the rail road track.

L. Jensen the B-K storekeeper is attending the state fair.

C. H. Sharon is hauling wood to the school house.

Our school began last week and is progressing nicely under the able management of Will McQueen and Miss Mary Angel.

C. J. Queener went to Eugene Monday with Debs but came back the same day. Clabe says that Debs ditched him when they got to Eugene.

Notice to Delinquent Taxpayers.

Delinquent taxpayers will take notice that delinquent taxes will not be advertised as heretofore; under a law passed by the last legislature of this state taxes that are delinquent after the expiration of six months from the first date of such delinquency may be paid by any one demanding to pay same and a certificate of delinquency will be issued to such party. Section 37 of said law, in part, reads: "Any day after the expiration of six months after taxes charged against real property are delinquent the tax collector shall have the right, and it shall be his duty upon demand and payment of the taxes, penalty and interest, to make out and issue a certificate or certificates of delinquency against such property," and section 38 in part reads: "Certificates of delinquency shall bear interest from the date of issuance until redeemed at the rate of 15 per cent per annum.

Delinquent taxpayers are therefore advised that if they have not paid at least one-half of their taxes on or before the first Monday in April that the same are delinquent and have been delinquent since said first Monday in April, and those who have paid one-half of their taxes as above the remaining one-half will become delinquent after the first Monday in October and six months from such dates a certificate of delinquency bearing fifteen per cent interest per annum may be issued against your property. To save further costs, penalties and interest you are earnestly requested to settle the same at once. H. L. BOWN, 23-27 Sheriff and Tax Collector.

The Marshfield News says: J. P. O'Brien, one of the head guys of the Southern Pacific system at Portland, said he would eat his Thanksgiving dinner at Marshfield in 1906, coming in over the Drain-Coos bay railroad. He didn't come. The chances are if he'd come in over that route now instead of feeding him turkey they'd feed him hay, with cement on the side.

Kidney Troubles Attack Cottage Grove Men and Women, Old and Young Alike.

Kidney ills seize young and old alike. Quickly come and little warning give. Children suffer in their early years. Can't control the kidney secretions. Girls are languid, nervous, suffer pain. Women worry, can't do daily work. Robust men have lame and aching backs.

Old folks, weak, rheumatic, lame. Endure distressing urinary ills. The cure for man, for woman, or for child.

Is to cure the cause—the kidneys. Doan's Kidney pills cure sick kidneys. Cure all the varied forms of kidney suffering. Cottage Grove testimony guarantees every box.

Mrs. E. B. Sherman, living on the west side Cottage Grove, Ore., says: "I could not describe the sufferings I had to bear on account of kidney disease and the numerous remedies I used before I was finally fortunate enough to learn of Doan's kidney pills which I procured at Benson's pharmacy. The disease came on me gradually and I was in a serious condition before I realized it. I first felt a pain in my side which was so severe at times that I could not lie on my left side. Sharp pains would dart through my hips and loins and I was constantly worn out and tired. I became weak and very nervous and as the trouble grew on me I suffered with headaches and dizziness, my feet and ankles were swollen so badly at times that I could not get my shoes on. A friend advised me to use Doan's Kidney pills and I did so. Within a week I noticed a wonderful improvement in my condition, the kidneys became normal in their action, the headaches ceased and all the other disagreeable symptoms were banished. By the time I had used five boxes of the remedy I was entirely free from the trouble. I am feeling better than I have for a long, long time and owe my present good health to Doan's Kidney pills."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

An Artful Dodger.

Patrick Brannigan had contracted to dig a well in the sandy part of Cottage Grove recently and he had dug down some forty feet when on coming to work one morning he found that the last twelve feet of his well had caved in and would have to be dug out again. He sat down by the well to wait for his helpers when a happy thought struck him. He arose, took off his coat, hung it up in plain sight, hid his tools and walked away. A few minutes later his helpers came and, finding Pat's coat and seeing that his tools were gone, came to the conclusion that their boss was buried under the fallen sand and, with the help of all the neighbors immediately set to work to dig him out. Not till all the fallen dirt was taken out did the men in the least suspect that they had been hoaxed into doing just what the boss was trying to dodge.—Drain Nonpareil.
