BENTON COUNTY GETS FIRST AWARD

Lane County is Second—Marion Barred.

Marion	100
Benton	100
Lane	94
Vancouver	90
Multnomah	85
Polk	84
Columbia	75
Clatsop	73

It will be seen that Marion tied for first place with Benton, but being the home county, the former was barred from competition, and first award went to Benton.

Benton's first exhibit was chosen with care, and though it was the work of only one man, and occupied only three weeks of his time, yet the judicious discrimination exercised in the choice of products and their careful and artistic arrangement brought to the county the highest award.

WILL ORGANIZE A BRYAN CLUB

Never in the history of the Leader have we been favored with such a continual run of new subscribers as has been our lot in the past few months. It is very gratifying indeed to the management to find that our efforts are being appreciated in giving the public a paper that they may rely on for the news of South Lane county at all times. People are beginning to find out in earnest the difference between a paper that is filled with patent medicine advertisements and one that gives you the news and are accordingly getting their names on our regular list of subscribers.

Hence the advisability of supplying the home with some of the always handy remedies—those most in demand for common ills. We keep none but the purest drugs and medicines, and charge in reason.
