FORTUNES OF THE WORLD FOUNDED ON OIL

Joe Chanslor, now several times a millionaire, was not so long ago, a clerk in Los Angeles. He borrowed some money for the purpose of operating in California oil; the result was that it made him one of the richest men of the state. John A. Bunting, formerly a brakeman on the Southern Pacific, through the investment of \$170 in California oil land became a millionaire. We could tell you of innumerable others. Why were Bunting, Chanslor and the many others, who made their money through investments in oil successful? Because they were shrewd, level headed, observing men possessing unbounded confidence in the great future of the California oil fields and the oil industry. The demand for oil is increasing daily. The consumption far exceeds the output. Several oil companies paid substantial dividends when oil was selling at fifteen cents per barrel. Oil is now selling at sixty cents per barrel at the well. The total dividends for the year 1908, from all the oil companies doing business in California, not including the Standard, will probably reach the \$6,000,000 mark and reach the \$10,000,000 mark for the year 1909. Therefore the natural conclusion to arrive at, is, invest in oil securities, invest at once. We are offering for sale a limited number of shares on what we consider to be one of the best companies operating in Kern county, in fact, in California. We refer to the stock of the Kern Associated Oil company. The stock of the Kern Associated Oil company is the best oil proposition ever offered the investment public. This company owns free of incumbrance forty acres in the very heart of the Kern river oil district and situated on the Southern Pacific railroad. It adjoins the San Joaquin Oil & Development company's property which was recently merged with the Associated Oil company, whose stock is now selling at \$31.75 per share. It also adjoins the justly famous discovery well where oil was first discovered in the Kern river oil district. The Kern Associated Oil company has two wells on its property. Well No. 1 is in oil and gives about sixty five barrels of oil per day. With a greater depth and more approved pump the production will be greatly increased. The company desires to sink four more wells at once and to install modern compressed air pumps. We believe

that well No. 2 will, with a greater depth, produce a large and inexhaustible supply of oil as are the other wells on adjoining properties. We are offering a limited number of shares in this company at twenty cents per share. Do you realize what that means? It means that in purchasing this stock you become interested in a company that can produce the oil. It is not a case of "they may," "they should," but "they are."

Let us again impress upon you these highly important facts: The property is a producer, is entirely surrounded by reliable producing properties, that there is sufficient acreage (forty acres) to justify the drilling of forty more wells all of which would be in the very core of one of the richest oil producing districts in the world. Remember that Kern county produces as much oil as any other three oil producing counties in California. Shipping facilities could not be better for the property adjoins the Southern Pacific tracks. The company has valuable assets in improvements. Two wells, derrick, tanks, tool and bunk houses, etc., etc.

Before accepting the fiscal agency of the Kern Associated Oil company we thoroughly investigated every detail pertaining to the company and its property. We did not take snap judgment, we never do, consequently want to assure you that the stock of this company at twenty cents per share is the most unparalleled opportunity for the investor that ever came under our observation.

We sincerely believe that the Kern Associated Oil company is destined to pay dividends as surely and as regularly as are now being paid by the Associated Oil and other companies operating on adjoining properties and we see no reason why within twelve months the Kern Associated stock should not be quoted at many times its selling price.

You can invest any amount from twenty (20) dollars up to twenty thousand (20,000) dollars. We allow you five (5) per cent on cash subscriptions. You can purchase stock on the easy monthly plan if you so desire, one fifth down and one fifth per month. Send in your subscription at once. Don't delay. The stock of the Kern Associated Oil company is the best buy on the market today.

FEATHERS AND EGGSHELLS.

The Argus pheasant runs up and down the scale on his flute, and his whistle at night can be heard a mile. The Reeves can jump eight feet and can fly thirty miles at a mile a minute clip without a stop.

A New York duck fancier turns on the lights twice nightly to get in extra rations to fatten his ducks, while the Wall street fanciers burn Standard oil to fatten lambs. Chicago skins the golden calf.

The anti-noise crusade has hit the roosters. At a New York town council, where a reconstruction was presented, the people were exhorted to place the roosters close to the roof so the roosters cannot stand upright, the advocate stating that a cock cannot crow unless standing. Some town councils certainly ought to know, for they surely do fight, cackle and crow.

"Judge not." The farmers near Hazleton, Pa., lost so many chickens that had blood was caused, various neighbors being openly charged with the thefts. The killing of a four foot owl solved the problem. The skunk is more modern in his poultry enterprises. He advertises widely.

An ostrich has a neck three and a half feet long. Oh, how it would prolong that odd, pleasant feeling in drinking soda!

The Buff Orpington duck is a great layer. In a year's contest with India Runner, Blue Japs, Pekin and Muscovy, six Orpingtons won by laying 1,326 eggs—221 eggs apiece per year.

Land planted sprinkled on the dropping boards holds the nitrogen, kills odors, and lice cannot live where it is used.

Some of our poultry editors forget that "the pen is mightier than the sword." We remind these dignitaries that cockfighting is outlawed, and we did not pay our subscription to witness a prize fight.

The squab breeders are down in the mouth because their mouths were opened too widely in exaggerating the profits of the biz. Too many squabs on the market spoil the prices.

As the incubator is giving it to the chick in the neck, so she is catching it from many turkey breeders. They are returning to good old mother turkey and will have better luck accordingly.

An ostrich stride when running measures twenty-two feet, but the strides the industry is making are greater. Lady, demand plumes made in America.

There are always cracked window panes in poultry plants. Fix them now. If it is your fault, quit your clumsiness. If your birds are wild as pheasants and break the glass, tame. We use bulldog teeth for fasteners.

DOWNWARD COURSE.

First Realized by Cottage Grove People.

A little backache at first. Daily increasing till the back is lame. Urinary disorders quickly follow. Diabetes and finally Bright's disease. This is the downward course of kidney ills.

Don't take this course. Follow the advice of a Cottage Grove citizen.

Mrs. Alice Coffman, living on the west side, Cottage Grove, Oregon, says: "I was in a miserable condition, caused by backache and I suffered for a long time, unable to sleep, by the time I had been constantly weary and worn out. My general health became undermined and I could not get relief. I became discouraged and none of the remedies I used gave me any relief. I happened to learn of Doan's Kidney Pills about this time and decided to try them although I did not hope for much relief. I procured a box at Benson's pharmacy and took them carefully. Before I had finished all of the first box I could see that they were helping me. I continued with this remedy and by the time I had finished the third box the disease had completely left me. I am today without a sign of kidney disease and am very grateful to Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Notice of Sheriff's Sale on Execution.

Notice is hereby given that by virtue of an execution issued out of the Circuit Court of the state of Oregon, for the county of Lane, on the 24th day of September, 1908, on a judgment rendered in the Cottage Grove Justice Court on the 28th day of October, 1907, in favor of C. E. Stewart, plaintiff, and against J. S. Milne, defendant, for the sum of thirty dollars with interest thereon at the rate of 10 per cent per annum from the 25th day of November, 1905, and the further sum of 90 and 100 dollars, costs, also \$100.00 attorney's fees; also making transcript \$1; and also the costs of and upon this writ, which judgment was enrolled and docketed in the office of the clerk of the circuit court on the 1st day of November, 1907, by which writ I was commanded that out of the personal property belonging to said defendant or if sufficient could not be found then out of the real property belonging to said defendant, costs and accruing costs, I did on the 24th day of September, 1908, levy upon the following real property belonging to said defendant on the first day of November, 1907, or subsequently, to-wit:

The SE¹/₄ of the SE¹/₄ of Section 13, Township 21, S. R. 3, West, W. M., containing 40 acres, more or less, in Lane county, Oregon.

Now, therefore, in the name of the state of Oregon and in order to satisfy said judgment, costs and accruing costs, I will on Monday the 9th day of November, 1908, between the hours of 9 o'clock a. m. and 4 o'clock p. m., to-wit: At 1 o'clock p. m. on said day at the southwest door of the county court house in Eugene, Lane county, Oregon, offer for sale of the above named defendants, J. S. Milne and Cora M. Milne, right, title and interest, in and to the above described real property.

Dated this 6th day of October, 1908.
