FORTUNES OF THE WORLD FOUNDED ON OIL

Joe Chanslor, now several times a millionaire, was not so long ago a clerk in Los Angeles. He borrowed some money for the purpose of operating in California oil; the result was that it made him one of the richest men of the state. John A. Bunting, formerly a brakeman on the Southern Pacific, through the investment of \$170 in California oil land became a millionaire. We could tell you of innumerable others. Why were Bunting, Chanslor and the many others, who made their money through investments in oil successful? Because they were shrewd, level headed, observing men possessing unbounded confidence in the great future of the California oil fields and the oil industry. The demand for oil is increasing daily. The consumption far exceeds the output. Several oil companies paid substantial dividends when oil was selling at fifteen cents per barrel. Oil is now selling at sixty cents per barrel at the well. The total dividends for the year 1908, from all the oil companies doing business in California, not including the Standard, will probably reach the \$6,000,000 mark and reach the \$10,000,000 mark for the year 1909. Therefore the natural conclusion to arrive at, is invest in oil securities, invest at once. We are offering for sale a limited number of shares on what we consider to be one of the best companies operating in Kern county, in fact, in California. We refer to the stock of the Kern Associated Oil company. The stock of the Kern Associated Oil company is the best oil proposition ever offered the investment public. This company owns free of incumbrance forty acres in the very heart of the Kern river oil district and situated on the Southern Pacific railroad. It adjoins the San Joaquin Oil & Development company's property which was recently merged with the Associated Oil company, whose stock is now selling at \$31.75 per share. It also adjoins the justly famous discovery well where oil was first discovered in the Kern river oil district. The Kern Associated Oil company has two wells on its property, Well No. 1 is in oil and gives about sixty five barrels of oil per day. With a greater depth and more approved pump the production will be greatly increased. The company desires to sink four more wells at once and to install modern compressed air pumps. We believe

that well No. 2 will, with a greater depth, produce a large and inexhaustible supply of oil as are the other wells on adjoining properties. We are offering a limited number of shares in this company at twenty cents per share. Do you realize what that means? It means that in purchasing this stock you become interested in a company that can produce the oil. It is not a case of "they may," "they should," but "they are."

Let us again impress upon you these highly important facts: The property is a producer, is entirely surrounded by reliable producing properties, that there is sufficient acreage (forty acres) to justify the drilling of forty more wells all of which would be in the very core of one of the richest oil producing districts in the world. Remember that Kern county produces as much oil as any other three oil producing counties in California. Shipping facilities could not be better for the property adjoins the Southern Pacific tracks. The company has valuable assets in improvements. Two wells, derricks, tanks, tool and bunk houses, etc., etc.

Before accepting the fiscal agency of the Kern Associated Oil company we thoroughly investigated every detail pertaining to the company and its property. We did not take snap judgment, we never do, consequently want to assure you that the stock of this company at twenty cents per share is the most unparalleled opportunity for the investor that ever came under our observation. We sincerely believe that the Kern Associated Oil company is destined to pay dividends as surely and as regularly as are now being paid by the Associated Oil and other companies operating on adjoining properties and we see no reason why within twelve months the Kern Associated stock should not be quoted at many times its selling price. You can invest any amount from twenty (20) dollars up to twenty thousand (20,000) dollars. We allow you five (5) per cent on cash subscriptions. You can purchase stock on the easy monthly plan if you so desire, one fifth down and one fifth per month. Send in your subscription at once. Don't delay. The stock of the Kern Associated Oil company is the best buy on the market today. Jos. J. HOGAN CO., 802-3 Metropolis Bank Building, San Francisco, Calif.

The Selfish Man Defeats His Own End.

By President ARTHUR T. HADLEY of Yale University.

LIFE is full of things which are worth having, but which we shall never have if we devote our time to thinking about them.

HAPPINESS IS WORTH HAVING, BUT THE MAN WHO SPENDS HIS DAYS PLANNING HOW TO BE HAPPY DEFEATS HIS OWN END.

Public office is worth having, but the man who occupies his life scheming how to get office loses the chance of public service which makes that office honorable. Culture is worth having, almost infinitely worth having, but the man who sets out to make culture his primary object usually ends by being either a prig or a sham. Somehow or other the CONSCIOUS SEEKING of a good thing, if kept up too long and too constantly, interferes with the chance of obtaining it.

What Christianity does is to put a man in the way of realizing the RIGHT KIND of ambitions instead of the wrong kind. It warns us against seizing the shadow and letting go the substance. It gives us a scale of values which helps us against mistakes of judgment.

A man with whom ambition is the dominant motive—a man who, in the language of the text, seeks great things for HIMSELF—is liable to three kinds of mistakes—MISTAKES OF DISHONESTY, MISTAKES OF SELFISHNESS AND MISTAKES OF JUDGMENT. His life may be insincere. His life may be selfish.

A HUNDRED MINOR ACTS OF COURTESY ARE UNNOTICED BY THE MAN WHO DOES THEM. IF HE IS TRYING TO JUDGE HIS OWN CHARACTER, HE THINKS CHIEFLY OF THE INSTANCES WHERE HE HAS CONSCIOUSLY SACRIFICED HIS OWN INTERESTS IN ORDER TO DO SOMETHING FOR OTHERS.

If there is one moral lesson which the gospel iterates and reiterates, it is the importance of these unconscious courtesies or discourtesies, these unconscious honesties or dishonesties.

In the day of judgment the wicked will be condemned not for the great sins which they have committed, but for the LITTLE SERVICES which they have LEFT UNRENDERED. The righteous will be distinguished not by the great deeds which they have remembered, but by the little deeds that they have forgotten.

THE ONE THING THAT GROWS GREATER AS TIME GOES ON IS THE HEROIC CHARACTER WHICH MEN HAVE ACHIEVED BY NOT SEEKING GREAT THINGS, BUT SIMPLY DOING DAILY DUTIES WITHOUT KNOWING IT UNTIL THEY HAVE ACHIEVED THE POWER TO MEET ANY EMERGENCY THAT MIGHT ARISE.

DOWNWARD COURSE.

First Realized by Cottage Grove People.

A little backache at first. Daily increasing till the back is lame. Urinary disorders quickly follow. Diabetes and finally Bright's disease. This is the downward course of kidney ills.

Don't take this course. Follow the advice of a Cottage Grove citizen. Mrs. Alice Coffman, living on the west side, Cottage Grove, Oregon says: "I was in a miserable condition, caused by backache and I suffered for a long time, unable to shake off the disease. I was constantly weary and worn out. My general health became undermined and I could not get relief. I became discouraged and none of the remedies I used gave me any relief. I happened to learn of Doan's Kidney Pills about this time and decided to try them although I did not hope for much relief. I procured a box at Benson's pharmacy and took them carefully. Before I had finished all of the first box I could see that they were helping me. I continued with this remedy and by the time I had finished the third box the disease had completely left me. I am today without a sign of kidney disease and am very grateful to Doan's Kidney Pills."
