### TO DIVIDE LANE COUNTY.

There is said to be a well defined movement on in the southern part to divide Lane county. Just where it is proposed to run the line is not known, but it is probable that the matter will likely engage the attention of the next session of the legislature. If the county is ever cut in two, it should be by a north and south division. At present, however, during the boosting period, it seems to us the wise thing is to let "well enough" alone.—Eugene Register.

Great and growing industries, business interests and the rapidly developing Bohemia mining district, which is cut in half by the Lane and Douglas county line, all demand the formation of a new county from the north part of Douglas and southern portion of Lane, the north line of the new county to run east and west between Walker and Creswell and the southern boundary to run east and west between Comstock and Drain, or possibly including Drain. The typography of the country, the vast resources of this section and the growing industries renders such action imperative.

What chance has a young man to rise in the employment of a large corporation? is a question frequently asked. Of course it depends largely on the young man; but according to a statement recently sent out by the Pennsylvania Railroad Company, sixty-seven of the eighty-five principal officers of the company started at the bottom and worked up. A fact like this is worth many volumes of theorizing on the subject.

That big fair at Cottage Grove will be well worth attending. Show your interest in Lane's progress by being present and thereby helping to swell the attendance. Such occasions are especially interesting and instructive to newcomers who can get a line on the agricultural resources of the county, very kindly remarks the Eugene Register.

The Emperor and Empress of China died last week there being but a few days between their deaths.

The number of states that voted one way on national issues and another way on state issues shows that people are becoming more independent of party control. The increasing size of this vote adds to the uncertainty and anxiety with which party managers carry on a campaign.

Friday's issue of the Myrtle Point Enterprise contained an editorial felicitating upon its thirteenth birthday anniversary. It is a live, newsy, well patronized local paper and was established thirteen years ago by the writer. Long may it prosper.

District fair at Cottage Grove Thursday, Friday and Saturday. Bring in your exhibits early and everybody attend.

What are you doing to make Cottage Grove's first district fair a splendid success? Do something.

Friday the 13th was an unlucky day for Francis J. Heney.

### RAILROAD WORK TO RESUME SOON

A. J. Barclay, assistant chief railroad engineer, who has charge of construction work of the Drain-Coos Bay railroad, met with the county court at Roseburg last week on some county road business.

Mr. Barclay has made satisfactory settlement with the owners of the land for right of way for the mile or so of new county road running from Drain on the west side of Elk creek to intersect with the old road near the Palmer sawmill site. About 1/2 of this new road was completed by the S. P. Co. two years ago. Mr. Barclay informs us that work will be resumed on this work in the near future and rushed to completion.

This will prove of great benefit to everybody in this section, as it will cut out several of the most dangerous railway crossings in the state and besides it will be a much better road than the old one.

It is our guess that work will be humming on the new Coos Bay railroad also before many more weeks roll by.—Drain Nonpareil.

Among those who visited Eugene Saturday and witnessed the big football game between the University of Oregon and the University of Washington were W. H. Abrams, Chas. Cochran, Hugh Currin, Misses Gertrude Palmer and Ethel Moore.

J. D. Cochran will set out a ten acre Italian prune orchard on his little farm next fall. This orchard will be set out on a tract east of the railroad opposite his residence.

GERMAN KAISER'S FOURTH SON AND HIS FIANCEE.

Prince August Wilhelm, fourth son of the emperor of Germany, will be married to his pretty cousin, Princess Adelade of Schleswig-Holstein-Sonderburg-Glücksburg, on the birthday of the kaiserin, who will be fifty on Oct. 22. The prince is in his twenty-second year, and his fiancée is his junior by about a year.

## THE ROYAL INTERMEDIATE SCHOOL MUSICAL RECITAL

The Chorus Club of the Royal Intermediate school, which is located on Silk creek, a few miles east of this city, gave a very entertaining and interesting musical recital at the armory hall in this city Monday evening to a good sized and very appreciative audience. The musical numbers were all well rendered and reflected much credit upon the director, Prof. G. E. Johnson, principal of the school, as well as every member of the chorus. The numbers rendered comprised many of the good old songs and instrumental selections as well as some more modern sacred and secular music. In the chorus numbers, the voices blended nicely and the different sections were well balanced and harmonious. The vocal duets by Misses Mary Hopper and Gertrude Emmerson were particularly well rendered, their voices harmonizing admirably, while their selections were well chosen and rendered with ease and grace. They responded to numerous encores.

The violin numbers by Jay DeSpain were well rendered and he certainly gets a fine tone from his chosen instrument. With energetic attention to this instrument he will soon be able to entertain any audience.

Prof. G. E. Johnson demonstrated the fact that he has a splendid tenor voice and knows how to use it, either in solo, quartet or chorus work. He is also somewhat of a musical comedian.

The piano solos and duets by Mrs. Johnson and Misses Gertrude Emmerson, Alice Wheeler, and Mary Hopper were well received. The mixed quartet, including Misses Mary Hopper, Gertrude Emerson, Messrs G. E. Johnson and Almon Owens, never failed to receive an encore.

The guitar solos by Miss Gertrude Emmerson, were also well executed as was the violin and cornet duet by Jay DeSpain and Frank Wheeler.

The male quartet, Prescott Wheeler, G. E. Johnson, Frank Wheeler and Almon Owens, never failed to please the audience and respond to hearty encores.

The vocal trio by Misses Alice Wheeler, Olive Parmele and Amy Owens, was a pretty sacred number and was well rendered.

The concluding chorus, "Our country's Flag," with the unfurling of a great flag from the ceiling behind the singers and a flag drill, was a fitting patriotic climax to the evening's entertainment and bought forth much applause. Considering the brief time in which this recital was prepared the Chorus Club members acquitted themselves admirably.

### HIGHEST PRAISE

Some Cottage Grove Citizens Grow Enthusiastic on the Subject.

The praise of the public is merit's just reward. Nothing in modern times has received the praise accorded "The Little Conqueror."

Of some kinds of praise we are skeptical. We doubt the praise of strangers. The highest praise for Cottage Grove public.

Is hearty expression from Cottage Grove people. Doan's Kidney pills are endorsed in Cottage Grove.

No better proof of merit can be had. Here's a case of it. We have plenty more like it.

Mrs. M. Hartung, River street, Ore., says: "It is a pleasure for me to recommend Doan's Kidney pills. This remedy has been used in our family with the most excellent results and I cannot praise it too highly. I would advise anybody suffering with kidney trouble to use Doan's Kidney pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

Given away—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.
