Immense Crowd at Skating Rink.

Saturday evening the big new skating pavilion was opened on south Fourth street by W. B. Cooper, the owner. The rink is on the second floor over the great swimming pool and dressing rooms which will not be completed for some little time. The skating pavilion is 100x100 feet and has a fine smooth floor with ample room for all kinds of fancy and plain skating. It promises to become a popular resort regardless of its being quite a distance from Main street. There was an immense crowd in attendance Saturday evening and a good attendance each evening since.

Something Doing.

There will be something doing every minute at the big skating rink Thursday, Friday and Saturday evenings. All kinds of races Thursday and Friday evenings and a grand skating masquerade Saturday evening. Get out and enjoy a pleasant evening at the rink. Admission 10 cents, 15 cents extra for skates. Good order and gentlemanly conduct maintained at all times.

Marriage Licenses Issued.

The following marriage licenses were issued Saturday: To Henry S. McKibben and Burda Johnson, both of Cottage Grove; to Henry L. Boyle of Harrisburg and Miss Hattie I. Cole of Junction; to Walter E. Dodge of Washington and Miss Dollie West of Pleasant Hill; to Henry Allen Wetzel and Miss Maggie May of Springfield.

Notice to the L.adies

It was announced that the art and fancy work of the forthcoming fair would have to be given up, but upon after consideration it has been decided to prepare a department, damp-proof in the main building, for such an exhibit and the ladies are invited to prepare their displays.

A Henpecked Husband.

Sunday morning F. B. Phillips was reviewing his chickens with reference to selecting prize winners for the district fair, when one pullet alighted upon his shoulder and pecked him in the eye, causing considerable pain which required the services of a physician.

Breaks News Handling Record.

The rapidity with which the Associated Press handled the news of the attempted assassination of Francis J. Heney will stand as a record for a long time to come. Heney was shot at 4:22 and in just two minutes after the shot was fired the Associated Press wires were flashing the news over the country. The first flash was received in the Portland office at 4:25 and just 18 minutes after the brief story was sent over the wire, the news, in the form of an extra, was on the streets.

When the news of Pope Leo's death was flashed from Rome and reached San Francisco just 30 minutes after, it was thought a great achievement, but the swift- ness with which the attempted killing of Heney was handled sets this record aside. It was the quickest handled of spontaneous news in the history of news gathering in this or any other country.

Another remarkable feat was played by the Portland Evening Telegram. Its first extra was on the street at 4:42, the second 5 o'clock and the third and last, with a complete story of the shooting, was on the streets at 5:15. Thousands of copies were sold during this short period of time.

M. W. A. Speaking.

In the M. W. A. hall, west Cottage Grove, Tuesday evening, Nov. 24, National Lecturer J. D. Davis of California, will deliver an interesting address on Woodcraft. All members and friends of this popular order are urged to be present and enjoy a pleasant evening. Everybody invited.

Worth Remembering.

Housekeepers should bear in mind that when asked by canvassers or grocers to purchase a phosphate baking powder, that, if they value their health they will refuse such powder. Phosphate baking powder is made from burning bones, gathered at slaughter houses, whether from diseased animals or not. It is then mixed with a solution of oil of vitrol.

Such baking powder usually contains more or less alum and sells for 25 cents per pound.

Married.

McKIBBEN-JOHNSON—At the McKibben Bros. sawmill a few miles east of Cottage Grove, Sunday, Nov. 15, 1908, Henry S. McKibben and Miss Byrda Johnson, rev. S. B. Moss officiating.

The bride and groom are well and favorably known in this community, the former being a daughter of Mr. and Mrs. George Johnson, while the groom is a member of the lumbering firm of McKibben Bros. and is a very exemplary and industrious young man. The wedding was witnessed by a number of relatives and friends and was a very joyous affair. Many friends join the Leader in extending congratulations and best wishes.

CITY SCHOOL NOTES DEBATING TRY OUT

In the armory building on the evening of November 20th at 7:30 o'clock the questions below will be discussed by pupils of the High School to determine who shall be honored with a place on the State League Debating Team.

Resolved, "That the negro in the United States has been wronged to a greater extent than the Indian." Affirmative, Gladys Farley, leader; Elsie Brewer, Negative; John Cooter, Ernest Anderson.

Resolved, "That war has been more detrimental to the human family than Intemperance." Affirmative, Allie Phillips, leader; Mabel Rosenberg, Negative; Gertrude Hogate, Maude Hooper.

Resolved, "That Foreign Immigration is detrimental to the welfare of our nation." Affirmative, Marvin Jordan, leader; Luther King, Negative; Benjamin King, Melvin Jordan.

Resolved, "That a new county should be formed from the southern part of Lane county and the northern part of Douglas county." Affirmative, Myrtle DeSpain, Negative.

A small admission fee of 15 cents for reserved seats and 10 cents for common seats will be charged to meet expenses. We would earnestly request everybody to attend these exercises to encourage the young people of the High School.

The new fire escape recently erected at the east building insures a ready means of escape in case of fire and its erection is very commendable.

At the last fire drill the entire student body of the east building occupied only 62 seconds in leaving the building. We hope to do better.

School work of the pupils from different rooms along various lines will be on exhibition at the Cottage Grove Fair.

The first number of the school paper—"The Superlative"—has made its appearance and speaks well for the work of the pupils along that line.

The High school has organized a Literary society and the first section will give its initial performance on Friday afternoon Nov. 20th. Parents and friends of education are cordially invited to be present.

The pupils with scarcely an exception were delighted when they learned they would be permitted to visit the "Demonstration train." The large and orderly line of school children as they marched along Main street was a beautiful sight and one of which the people of Cottage Grove might well feel proud.

Enrollment for the second month:

EAST BUILDING
First room 44, second 56, third 31, fourth 28, fifth 42, sixth 34, High school 52.

WEST BUILDING
First room 24, second 39, third 38, eighth grade 39. Total enrollment 426.

E. K. BARNES, Supt.

The district fair association of Cottage Grove has extended to the Eugene Commercial Club an invitation to attend the fair in a body but the invitation has arrived so late, it is doubtful if it can be accepted. The fair will be held on Thursday, Friday and Saturday of this week.—Eugene Guard.

Sunday school teachers are especially requested to call and look over that fine line of xmas booklets at the Wave.

Died.

KNOX—At his farm home near Post, Crook county, Oregon, Saturday Nov. 14, 1908, Roscoe Knox, aged about 68 years.

Mr. Knox and family resided for many years across the river east of Creswell and was well and favorably known throughout Lane county. He was a brother of Mrs. Laura and Frona McFarland, Mrs. Jane Veatch and Attorney Jerome Knox of this city and has many other relatives in this county. His brother Jerome was with him at the time of his death. He leaves four daughters and seven sons to mourn their loss, his wife having died last spring. The remains were interred on the home ranch in Crook county near Post Monday.

HENEY REST WELL THE BULLET'S OUT

San Francisco, Nov. 16.—Francis J. Heney passed a very restful night and is feeling well this morning. It is reported from the Lane Hospital that no unfavorable symptoms have developed and that the prospect of his recovery is most encouraging.

The bullet fired by Morris Haas at Mr. Heney was removed from the muscles of the lower left maxillary, where it was located by means of the X-Ray, at 10:20 o'clock this morning. The operation was successfully performed by Dr. Wallace I. Terry, chief surgeon of the Central Emergency hospital. Mr. Heney bore the ordeal well, and is reported to be resting quietly, showing no ill effects from the operation.

"READY! AIM! FIRE!"
"Buzz!" rose a pheasant o'er my head. I aimed my gun to shoot him dead. When, lo, I had forgot The load of shot.
"Whiz!" flew a bird into the air. I let him have it full and fair. But, lo, it was no go. I aimed too low.
"Buzz!" whizzed a third across the glen. But I was watching scenery then. I hardly raised my head. When he had fled.
But when the next bird rose in flight I quickly glanced along the sight. I hit him in the brain With deadly aim.
Thus some win prizes in earth's strife. While others make a mile of life. They're careless or too slow. They aim too low.
If you are seeking real renown And wish to win the victor's crown. The highest things aspire. Be "Ready! Aim! Fire!" C. M. B.

WANTED—NATIONAL PHEASANTRIES.

Time for Uncle Sam to hatch pheasants. He raises fish to restock streams and tadpoles for bully run farms, and why not beautiful pheasants for wood and field, so that once more we may sit at breakfast and shoot fat pheasants off the back fence for dinner?
Not such a big contract. Why, in 1881 Oregon turned loose thirty-six birds, and only sixteen years later her sportsmen bagged 100,000. What hunting! Makes your trigger finger jerk to think of it. Makes your mouth water to think of all that juicy breast meat. Oregon, Colorado, Kansas, Illinois and other western states are being stocked mostly by individuals and gun clubs. But it's a national matter, and Uncle Sam can still run in another iron and not burn his fingers. Does it pay? Well, they are ornamental, no plus ultra table birds and sell for big money. Sportsmen will gladly pay landowners for permits to engage in such magnificent sport. Brain storms will thus cease, and the festive green worm that dropped down your neck while meditating on the subtleties of nature will be gobbled, for the pheasant will do the pests and thus add millions to the farmers' riches.

Mrs. H. H. Petrie returned home Saturday from a pleasant visit at the home of her brother, Jess Griffin at Eugene.
