SOME POINTERS ON MINING.

A short time ago a newspaper gave an account of a rich strike of gold ore in the Whitlatch-Union mine, "running 80 per cent pure, or at the rate of \$388,000 a ton." This streak was described as 6 in. wide. It wouldn't take long with such a streak to pay the national debt and yet—well, there are hundreds of men in the community better off than the men who made this rich strike.

You have known farmers who, on digging their potatoes in the fall, have found a few in a patch of an acre or more which would weigh 3 or 4 pounds each. If a farmer showed these as a sample of his lot you would know enough about potatoes to know that there would be many left on the ground too small to pay to pick up. Now, 4-pound potatoes don't grow in every hill; and when you find a bonanza piece of ore, just remember that there are certain to be small potatoes in the same hill and that as a general rule neither the farmer nor the miner makes his money out of either extreme, but from the average between. You will find persons who will tell you that "an ore deposit is but a combination of fortuitous circumstances" ("the accident of an accident"), but an ore deposit is a mineral growth, formed under the same governing laws as regulate the growth of plants or the growth of anything else.

There are some prospectors in this world who seem to find it necessary to fool themselves in order to keep up their courage. They pick out rich specimens and have them assayed and then they say: "If I had a few tons of that kind of ore I would be on Easy street." I have never felt that there would be any satisfaction in fooling myself that way, and you may go around to places where I have worked and find hundreds of tons of fine looking ore on dumps that will not pay to mill. Several times I have had ore of this kind stolen from me, when I was away from home; but I never envied the man that had it mined. Let the prospector who needs something to bolster up his courage get the rich ore he finds assayed; but for your-

self, make your calculations in the first place that all ore is not high class and be sure that what you send to mill or smelter will return a profit, says an old miner.

The Bohemia miners cannot afford to miss another opportunity to make a grand display of minerals at the Cottage Grove district fair. It is suggested that the poultry building be turned over to them next year in which to make a creditable exhibit and that a new and a larger building be erected for the accommodation of the poultrymen. The Blackbutte quick silver mines should also have an exhibit next year.

Former Anna Gould, who has been trying a lot of those foreign snobs for husbands during the past few years, is seeking a divorce from her last catch, Princess de Segan. Anna ought to learn something pretty soon.

ETHEL ROOSEVELT.
On Dec. 28 the second daughter of the president will make her debut in society at a grand function at the White House.

A widower who was married recently for the third time, and whose bride had been married once before herself, wrote across the bottom of the wedding invitations: "Be sure and come; this is no amateur performance."

All the apples raised by the Lane County Fruit Growers have been sold and they have many orders for more. If our people will raise good fruit they can always sell it at good figures.

Good roads and prosperity go hand in hand. A bad farm on a good road is infinitely better than a good farm on a poor road.

Eugene's \$50,000 Y. M. C. A. building fund was raised in the required time with a surplus of \$1,089. Enterprising Eugene.

A lot of men who bravely combat an evil afar shrink like cowards from an abuse near at home.

Christmas will soon be here.

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps.

DEATH OF A PROMINENT PIONEER MERCHANT.

The Brownsville Times says: George C. Cooley, merchant of this city and pioneer of 1853, was born in Grayson county, Virginia, July 28, 1831, and died at his home in this city November 17, 1908. His parents, Martin Cooley and Chrischana Currin Cooley, were natives of the same state. His father followed farming until his death in 1840, in which year he started for Mexico with a drove of cattle and was never heard from afterwards. The next year the widowed mother with her four children moved to Henry county, Missouri, and in 1846 to Cass county, Missouri, where they followed farming and continued in the same occupation until the spring of 1853, when with two wagons and five yoke of oxen they started for Oregon, arriving here in the following fall.

The wagon train numbered 50 people and 13 wagons. They reached Foster's without any serious accident befalling them, from where they proceeded to Lane county, where Mrs. Cooley's brother, William Currin, was located, and took up a claim near Cottage Grove and although in poor circumstances and with little to do with they engaged in farming.

George C. Cooley, who was the eldest child, secured a position as clerk in the store of Hugh L. Brown and Hugh Fields, which business was established by Hugh L. Brown and James Blakey in 1850, the first and pioneer store of Brownsville, Oregon, and for four years he used his salary for the support of the family, thus contributing until they had paid up on their land and were a little ahead. He continued as clerk until 1863, when he purchased a one-fourth interest in the store and then ran it with several changes in the firm name until 1868, when the firm of Cooley and Washburn was organized, which continued without interruption until 1889, when Mr. Cooley purchased the interest of Mr. Washburn therein, and with his eldest son, W. C. Cooley and his son-in-law, J. D. Irvine, established the firm of G. C. Cooley & Co., in the interest of which he continued at his post of duty. He acquired some real property adjoining the city of Brownsville and in 1892 platted Cooley's addition thereto.

He was married in Brownsville, October 8, 1857, to Miss Harriet Blakeley, daughter of Capt. Blakeley, a pioneer of 1846, and veteran officer of the Rogue river Indian war in Oregon and who founded the city of Brownsville about 1854. To this union were born six children, as follows:

William C. Cooley, Carrie, wife of J. D. Irvine; Etta, wife of Atty. Geo. W. Wright of Albany; Kitty, wife of W. W. Bailey; Jas. B. Cooley, and Emma, wife of Homer Drinkard, of Almira, Wash. He leaves surviving him, his wife and the children above named and two brothers, John and Alex Cooley and one sister, Mrs. Ann Small, all of Cottage Grove, Oregon.

The funeral was conducted from the Presbyterian church Wednesday afternoon at 2 o'clock, the sermon being preached by Rev. John F. Lyons, assisted by Father Robe. The funeral was largely attended, the remains being interred in the Masonic cemetery. A good man has gone!

MUST RETURN TO TEXAS FOR TRIAL

Rev. Clark Summers will be taken back to Texas from Gardiner by a Texas sheriff Saturday for trial on a charge of obtaining money by questionable methods, requisition papers having been signed by Governor Chamberlain. From Roseburg we learn that District Attorney George M. Brown received a letter from Gardiner yesterday morning to the effect that Bessie Massey, alias Mrs. George Clark Summers, had confessed, relating a detailed account of the elopement as well as other circumstances connected with the case. She also said that she wished to return to her father, Judge Massie, of Throckmorton, believing that he would protect his child in time of trouble, and she will be allowed to return with the sheriff.

CAMPAIGN IN INTEREST OF OUR MINES.

(CONTINUED FROM PAGE ONE)

any person friendly to the mining interests and signing the application for membership shall entitle him to membership for one year from that date. Said membership shall be continued upon payment of annual fee of two dollars thereafter.

II.

Only members are eligible to office, seats on committees, or to votes; although non-members may otherwise participate in the proceedings. No proxy can be voted at any general or committee meeting, except where noted.

III.

The election of the general officers shall take place at the annual meetings, except the Vice Presidents, who shall be named by their subordinate organizations. Each committee shall select its own chairman and secretary and when so selected shall report same to the General Secretary.

IV.

Special committees may be selected under rules usual to such selection.

V.

The major number of the elective members of each standing committee shall serve the first term for one year and thereafter for two years. The minority number shall serve two years.

VI.

The standing committees shall each have a stated date to meet, at least once each month, and at such other times as the committee may provide and the secretary of each committee shall notify each member of his committee of the date, after which no further notice shall be necessary, except for special meetings. Each committee shall meet and elect its chairman and secretary at the earliest possible date. The reports of all standing committees shall be made to the Executive committee who shall meet upon request of such reporting committee or shall receive and act upon such report at following regular meeting. The members of the reporting committee present shall each be entitled to a vote as to final disposition of their report.

VII.

The First Vice President shall be the President of the Spokane subordinate organization. He shall be elected by the members of that body.

VIII.

The Second Vice Presidents shall be the Presidents of their respective local organizations. They shall be elected by the members of such local body.

IX.

The President, First Vice President, Treasurer and Secretary shall be those officers of the Executive committee.

X.

It is desirable that subordinate organizations be named after their city, town, district or camp, to which should be added "Mining Association." As for example, "Spokane Mining Association."

XI.

These by-laws may be altered or amended under the same rule that governs amendment of the constitution.

SHIP 12,000 TURKEYS FROM OLD DOUGLAS

Last Saturday night was completed the shipments of turkeys from Douglas county for the Thanksgiving markets. While full details of these shipments are not obtainable, it is known that the total is upwards of 12,000 choice birds.

Oakland, as usual, holds a big lead over all other shipping points, about 7,000 fine turkeys being shipped from there. Roseburg is second with something over 3,000. Other shipments were sent from Vonnella, Drain, Myrtle Creek and Riddle and will doubtless bring the total to over 12,000. Fully one-third as many more are still held for the coming holiday season.

The prices this season are unusually good, the growers realizing from 18 to 21 and 22 cents per pound, so it is easy to see that the income from this source is many thousands of dollars. Douglas county easily holds first place as the turkey producing center of the Pacific coast.

A GREAT WHEEL-BARROW GLOBE TROTTER.

"Colonial Jack," who is making a tour around the border of the United States with a wheelbarrow, arrived in Cottage Grove from the north today. He is walking and pushing his wheelbarrow contrivance in which he carries articles of necessities. He started from Portland, Maine, on June 1, 1908, and is now on his way up the Willamette valley, being in Eugene Thursday. He is out on a big wager and is several hundred miles ahead of his schedule. He is returning to his starting point via California and the Southern borders of the United States.

The souvenir coin, sold by Capt. Jack at 10 cents bears the following inscription: "Colonial Jack is walking and pushing his sphinx around the border of the United States, a distance of 9000 miles in 400 days, started June 1, 1908 from Portland, Maine, and ending at Portland, Maine." The cyclometer on his wheel registered 4,052 miles at Cottage Grove and he will win \$1000 if he makes the trip in 400 days. He is ahead of time many miles now. He is writing a book of his trip. The Leader was favored with a souvenir coin.

Files Water Right.

J. S. Campbell, has filed a water right appropriating the waters from Row river for power purposes.

Sunday school teachers are especially requested to call and look over that fine line of xmas booklets at the Wave.

Dependable Varieties

Naturally you want the best—only those sorts that will yield the greatest return on your orchard investment.

Are you planting Stark Trees? You should, because "Stark Trees Bear Fruit"—the kind of fruit that brings the highest prices on all markets. For 83 years Stark Trees have been the standard by which nursery stock is measured. Stark varieties are always the best and most up-to-date varieties. Every tree is grown on scientific principles by the largest nursery in the world (capital \$1,000,000) and every tree has our reputation behind it.

Western Varieties
This year we are especially strong on the varieties popular with western orchardists such as apple (chiefly the unexcelled 1-year), Peach, Pear, Cherry, Apricot, Plum, Small Fruits, etc., and we want your order whether for one Stark Tree or one million. Write for our Stark Fruit Book.

Stark Delicious Apple
is a wondrous success, and solely on its genuine merit is the most talked of apple today. This is what one of the greatest commission houses in the country says of it:—

"Last year we secured one carload of Delicious from Washington and placed them in small lots in Chicago and large Eastern cities at 40 per cent more in price than other varieties we handled at that time. Whoever had them last year, have repeatedly asked for them this year before our supply arrived. This year we are selling Delicious at 50 per cent more than Jonathan, Grimes Golden, Rome Beauty, Alexander, etc.

They are just what particular people want in a fine table apple, being neither too sweet nor too sour, a fine looker and have good keeping qualities. We unhesitatingly say we consider it the best all round apple, especially for table use, and in our estimation Delicious should head the list of all apples."

H. Woods Co., Commission Merchants Chicago, Ill., By C. W. Wilmeroth.

T. H. Atkinson, Evangelist-Orchardist Chelan County, Washington, writes: "100 7 year old Delicious trees in the Blackman orchard, Kittitas Co., Washington, are bowed to the ground with their fruit and this year, when prices are low, turned a revenue to the owner of \$2000.00 Eight years ago this land could have been purchased for a trifle. Today \$3000.00 per acre would not buy it. Stark trees make land fabulous in value."

We have 1,250,000 Delicious trees this year—hardly enough to supply the demand. How many do you want? Better order early.

Have you tasted this royal fruit?

If not, we will send a box of 3 specimens on receipt of 25 cents to pay partial express charges. (No charge is made for the fruit). The 25 cents we will refund to you on the first order of trees sent us. Send for the fruit today and ask for our New Delicious Booklet. It is free.

REGISTRATION OF LAND TITLE. NOTICE FOR PUBLICATION.

In the matter of the application of Eva C. Wheeler to register the title to lot No. 1 and the east 1/2 of lot 2 of block No. 1 of J. E. Young's addition to Cottage Grove, Lane county, Oregon.

All to whom it may concern:— Take notice that on the 27th day of October, 1908, an application was filed by the said Eva C. Wheeler, in the Circuit court for Lane county, Oregon, for initial registration of the title of the land above described. Now, unless you appear on or before the 28th day of November, 1908, and show cause why such application should not be granted, the same will be taken as confessed, and a decree will be entered according to the prayer of the application and you will be forever barred from disputing the same. E. U. LEE, County Clerk. J. E. YOUNG, Applicant's Attorney.

Department of the Interior, U. S. Land Office at Roseburg, Ore. July 27, 1908.

Notice is hereby given that CHARLES E. CLARK

of Comstock, Douglas county, Oregon, who, on May 12th, 1903, made homestead entry No. 12745, S. E. 1/4, 0510 for the North West quarter of the North West quarter Section 28, Township 21 South, Range 4, West of the Willamette Meridian, has filed notice of intention to make final five years proof to establish claim to the land above described, before Register and Receiver at Roseburg, Oregon on the 23rd day of January, 1909.

Claimant names as witnesses, C. C. Watkins, O. T. Olsson, John Watkins, M. A. Clark, all of Comstock, Oregon.

E. U. LEE, County Clerk. J. E. YOUNG, Applicant's Attorney.
