

HENDERSON Habit Back

Corsets

"FRONT LACED"

THE front laced models are the culmination of the latest and best ideas in corset fashion. They remodel the figure, giving it a perfectly moulded back, giving it lines of grace and symmetry and the long, tapering curves which are so artistically beautiful. They reduce the full figure, giving it the flattened front and slender hip effects. They are absolutely hygienic and have the endorsement of the leading physicians and dressmakers. We call special attention to the model illustrated which is made in two lengths, high bust, for the tall figure, and medium bust, for the shorter waisted stout figure. This model is extremely long over the back and hips. The extra lacing in the back from the waist-line down permits an absolutely perfect adjustment over the back and assists further in keeping the hips in perfect subjection, thus giving the so-called hipless figure. We carry the front laced corsets in a varied line of materials at prices ranging from \$2.50 to \$12. We cordially invite the ladies of our city and vicinity to visit our corset department and inspect these most exquisite models. Consultation and fitting free.

The poultry business in the Pacific northwest is on the boom. All the people who have pure bred stock are doing well. Better than ever before. And there are more of them than at any time in the past. When a man enters a grocery store and discovers the cat in the crackers, a green mold on the cheese and a layer of dust over everything, he speedily decides that is not the particular store he wishes to patronize. So the customer crosses the street to a progressive store, where neatness joins hands with orderliness and all is inviting as a field of daisies after a rain. That is the kind of grocery that invites and holds trade.

There is no reasonable excuse for any man to live in a town if he doesn't like it. If you have no word of commendation to say for your town or her people, emigrate. You won't stop the clock by going away. The dogs will play the same and the pure air, bright sunshine and sparkling water will have the same healthgiving properties. Speak a good word for your neighbors if you can. If you cannot, don't everlastingly enlarge on their faults. If you have become thoroughly disgruntled, move away; go where things will suit you. You won't be missed very much.

Taxes are payable at the First National Bank as heretofore.
