

HENDERSON Habit Back

Corsets

"FRONT LACED"

THE front laced models are the culmination of the latest and best ideas in corset fashion. They remodel the figure, giving it a perfectly moulded back, giving it lines of grace and symmetry and the long, tapering curves which are so artistically beautiful. They reduce the full figure, giving it the flattened front and slender hip effects. They are absolutely hygienic and have the endorsement of the leading physicians and dressmakers. We call special attention to the model illustrated which is made in two lengths, high bust, for the tall figure, and medium bust, for the shorter waisted stout figure. This model is extremely long over the back and hips. The extra lacing in the back from the waist-line down permits an absolutely perfect adjustment over the back and assists further in keeping the hips in perfect subjection, thus giving the so-called hipless figure. We carry the front laced corsets in a varied line of materials at prices ranging from \$2.50 to \$12. We cordially invite the ladies of our city and vicinity to visit our corset department and inspect these most exquisite models. Consultation and fitting free.

WHERE YOU DO BETTER

A Lie Promptly Nailed.

Some individual who has an imaginary grievance against the Leader, and also our old friend, A. P. Churchill, are alleging that the Leader stated that "the Bohemia miners who voted in the late city election only possessed a grip sack, containing a pair of socks and an unlaundried shirt." The Leader did not say anything of the kind, nor make any such reference to the Bohemia miners and any person or persons who say we did willfully and maliciously state an untruth. Here is what the Leader did say. Get a copy of the paper of April 6th and read for yourself.

THE LEADER'S STATEMENT.

"As usual, little regard was paid to the qualification of voters and many men were voted who never have had nor never will have interests to the value of a single dollar in the town, pay no city or any other tax and whose earthly wares consist of a grip sack containing a pair of socks, a necktie and an unlaundried shirt."

One fellow, just one, had the Leader "stopped" last week because it advocated the enforcement of law and order in this city. Yet, a few highbinders are going around saying "the Leader lost 40 subscribers Saturday as a result of its stand on municipal affairs." We will give \$5 a head for every "lost" subscriber, which can be found or pointed out by the said highbinders with the exception of the one man referred to above. Come in fellows and look over our list of new ones!

Dorris and placed under bonds of \$250 for his appearance before the federal court in Portland. The young man's mother and E. D. Moxley went on his bonds and he was released.—Guard.

An old duffer with a proboscis looming up like a light house at midnight and a rotunda like unto a (near) beer keg, is trying to induce some of his friends to notify the merchants with whom they trade that they must "remove their ad" from the Leader or lose their trade." One merchant who had heard of the boycott or blackmail scheme remarked that the first fellow who put such a proposition up to him would get "punched on the spot and he would not be particular as to the spot."
