

HENDERSON Habit Back

Corsets

"FRONT LACED"

The front laced models are the culmination of the latest and best ideas in corset fashion. They remodel the figure, giving it a perfectly moulded back, giving it lines of grace and symmetry and the long, tapering curves which are so artistically beautiful. They reduce the full figure, giving it the flattened front and slender hip effects. They are absolutely hygienic and have the endorsement of the leading physicians and dressmakers. We call special attention to the model illustrated which is made in two lengths, high bust, for the tall figure, and medium bust, for the shorter waisted stout figure. This model is extremely long over the back and hips. The extra lacing in the back from the waist-line down permits an absolutely perfect adjustment over the back and assists further in keeping the hips in perfect subjection, thus giving the so-called hipless figure. We carry the front laced corsets in a varied line of materials at prices ranging from \$2.50 to \$12. We cordially invite the ladies of our city and vicinity to visit our corset department and inspect these most exquisite models. Consultation and fitting free.

WHERE YOU DO BETTER

Report Was Premature.

An article appeared in the Cottage Grove Leader Tuesday to the effect that Messrs Rodman & Stewart had sold to the Churchill-Mathews company a tract of 3000 acres of land in the Lorane valley, to be planted to fruit and walnuts. While Mr. Rodman does not deny that a deal is pending for land there, the report of a sale is premature as yet.—Eugene Register.

Representatives of the Churchill-Mathews Co. have visited this Lorane tract several times this spring investigating the proposition and when Mr. Rodman and Mr. Churchill left Cottage Grove for Lorane last Tuesday morning by private conveyance, it was stated about Hotel Oregon and currently reported on the streets that the deal for the big tract would be consummated on that day, or before the return of Messrs Rodman and Churchill, the wide-awake Leader reporter, therefore getting busy with a supposed authentic news item.

During a recent small-pox epidemic in one of the large southern cities a general vaccination crusade was undertaken. An old colored woman who worked in a laundry, declared it was positively out of the question for her to have a lame arm. "Well, auntie," said the doctor, "I will vaccinate you on one of your lower limbs, so it won't interfere with your work." "No, siree," said auntie; "I can't spare one o' my laigs neither." "Well, what spot could you spare, because you must be vaccinated?" The old colored woman thought and thought and finally said slowly: "Well—Lord knows—I don't never get no chance to set down."

BEST THEATRICAL CO. TO VISIT COTTAGE GROVE

Those who witnessed the presentation of "A Wicked Woman" by the Josephine Deffry company at the armory theater last night went home more than pleased.

Such a meritorious and richly costumed company has not been billed in this city during the season, and theater goers are delighted to know that this excellent company will play two more nights in this city, tonight and Saturday evening. The splendid comedy, "A Grass Widow" is the bill for tonight and "The Judge and the Girl" will be presented Saturday evening. Those enjoying a clean, cleverly presented drama, by all star artists in gorgeous costumes and appropriate stage scenery should not fail to patronize the Josephine Deffry company tonight and Saturday evening.

The supporting company carried by Miss Deffry is the best obtainable and comprises the following well known people: Miss May Roberts, Mr. L. Victor Gaillard, Louis Koch, E. F. Hawkins, C. J. Daup and W. S. Gardiner. It will be surprising if such an excellent company does not have record houses tonight and Saturday evening.

There is a mistaken idea that culture means to paint a little, to sing a little, to dance a little, and to quote passages from late popular books. As a matter of fact, culture means nothing of the kind. Culture means mastery over self; politeness, charity, fairness, good temper, good conduct. Culture is not a thing to make a display of; it is something to use so modestly that people do not discover all at once that you have it.
