

HENDERSON Habit Back

Corsets

"FRONT LACED"

THE front laced models are the culmination of the latest and best ideas in corset fashion. They remodel the figure, giving it a perfectly moulded back, giving it lines of grace and symmetry and the long, tapering curves which are so artistically beautiful. They

reduce the full figure, giving it the flattened front and slender hip effects. They are absolutely hygienic and have the endorsement of the leading physicians and dressmakers. We call special attention to the model illustrated which is made in two lengths, high bust, for the tall figure, and medium bust, for the shorter waisted stout figure. This model is extremely long over the back and hips. The extra lacing in the back from the waist-line down permits an absolutely perfect adjustment over the back and assists further in keeping the hips in perfect subjection, thus giving the so-called hipless figure. We carry the front laced corsets in a varied line of materials at prices ranging from \$2.50 to \$12. We cordially invite the ladies of our city and vicinity to visit our corset department and inspect these most exquisite models. Consultation and fitting free.

WHERE YOU DO BETTER

Mother's Day.

Mother's day will be observed at the Presbyterian church next Sunday. Let every man, woman and child make mother feel this May day, that in her children's hearts she is "Queen of the May."

This day was first observed at Norfolk, Va., May 6, 1908, in connection with the Simultaneous Evangelistic services. This year the evangelistic committee of the General Assembly has requested that each church observe this day on the second Sunday in May.

At the morning service it is hoped that all mothers and all who feels that he or she has the best mother that ever lived, and not having a louder call of church duty elsewhere, may attend. The songs and the sermon will be in keeping with the day. A floral badge will be provided for all who attend by the flower committee of the Christian Endeavor. A white carnation is the preferred flower when it can be obtained, because it is thought to typify mother love, its color standing for purity; its flower, beauty; its lasting quality, faithfulness; its fragrance, love; and its wide growth charity.

The evening sermon will be, "The Man of Galilee."

Administrator is Appointed.

J. N. Jones was appointed administrator of the estate of Francis M. Eby of Cottage Grove yesterday. There are about \$800 in outstanding blacksmithing accounts belonging to the estate.

Another Fine Home.

C. C. Woodward, late from Colorado, who will soon build a fine two story brick on the corner of Main and Third streets, 74x95 feet on this prominent corner lot which he recently acquired, has also secured the nice corner lot on Kansas and Third street on which he will build a modern cottage home 26x46 feet. The contract for this new home has been let to J. C. Wallace and Claude Plaster and they have the work well in hand, the building being provided with a concrete foundation and it will be plastered throughout.

Dave Haskins has let the contract for the building of a second story on his neat cottage near River street opposite the old creamery site to Messrs O. H. Willard and J. T. Allison. The work is well advanced and Mr. Haskins will soon have a neat modern two story residence.

W. B. Cooper has let the contract for three modern cottages to be built on the Garoutte lots which he recently purchased on Fifth street. Work is well under way—and Cooper continues to boost in a practical way.

J. R. Ford, the Eugene architect who is drafting plans for the new London Springs hotel, was in town yesterday and favored the Leader with a professional card. Look it up.

The state convention tent has arrived. It will be set up in a few days. Then look out for the best meeting in the interest of religion and morals ever held in Cottage Grove. E. G. O. GROAT.

Dr. Dittebrandt, wife and daughter, went to Forest Grove today, where the doctor will form a partnership with an old college friend, who is also a physician and they contemplate establishing a private hospital at that place. The doctor and his estimable family made many friends during their brief stay at this place who regret their decision to locate elsewhere.

The musical recital given by Warren Glaze at the M. E. church Wednesday evening under the auspices of the Epworth League was largely attended and every number was well rendered, reflecting much credit both upon pupils and teacher. The program was carried out as advertised very creditably, Prof. Glaze proving himself quite a specialist. The ocarina, bottles, cornet and piano being among the instruments presented and played by him on this occasion. A collection of about \$15 was received by the Leaguers.

Harry Webber visited Portland Wednesday and says that he was astonished at the rapid growth of the metropolis and the increase in property values. Suburban residence property worth \$4,000 or \$5,000 a few years ago is now valued at \$40,000 to \$50,000. He visited his old home property and hardly recognized it surrounded as it is now with paved streets and worth ten times the amount he received for it a few years ago. He says it looks like Simon and boss rule again for Portland, which he predicts will become a basis for strong opposition to Oregon's direct primary law. This prospective political development he deplors.

The Oregon palate is never without a relish for a good warm soaking, growing rain, but never did it taste more like a full meal than during the last days of dry, record breaking April.

Gov. Benson has re-appointed Dr. Lowe, the optician, to serve for a term of 3 years on the State Board of Examiners of Optometry. This is a well deserved recognition of Dr. Lowe's ability as an optician.

Proof Desired.

I would like to ask Dr. J. O. Van Winkle if his "Bed Bug story" is founded on facts or fiction. If the former, will the doctor kindly furnish the proof, as Natural history is silent on the subject, as silent as on the charges against the "Sap Suckers" who are supposed to carry bottles under their wings to convey sap to their growing brood.

PANSIES AND POSIES EVERYWHERE AT A.-Y.-P. EXPOSITION.

In the foreground of the picture is shown the bank which slopes up from Geyser Basin at the Alaska-Yukon-Pacific Exposition, Seattle. Upon it have been planted 300,000 tufted pansy plants, and close up to the ballustrades high-growing plants of bright blossom. Above Geyser Basin can be seen the banks of the Cascades, and around these are growing 100,000 rose bushes, so selected that there will be a rotation of blooms throughout the Exposition.

THE HAWAIIAN BUILDING, A.-Y.-P. EXPOSITION, SEATTLE.

The building erected at the Alaska-Yukon-Pacific Exposition for the exclusive use of the Hawaiian Islands, occupies a prominent position on the Court of Honor next the central government structure.

Hawaii has prepared a more extensive and comprehensive exhibit of its marvelous resources than for any other world's fair. It will show all of its native fruits and vegetables; will offer an aquarium of live fish, and in various other ways interest the fair visitors. Fruits will be served by native girls and native orchestras and singers will be always on-hand. A tank in the center of the structure will show the islands as they rest in the Pacific Ocean.

Upwards of \$100,000 has been expended in assembling Hawaii's display.
