

HENDERSON Habit Back

Corsets

"FRONT LACED"

THE front laced models are the culmination of the latest and best ideas in corset fashion. They remodel the figure, giving it a perfectly moulded back, giving it lines of grace and symmetry and the long, tapering curves which are so artistically beautiful. They reduce the full figure, giving it the flattened front and slender hip effects. They are absolutely hygienic and have the endorsement of the leading physicians and dressmakers. We call special attention to the model illustrated which is made in two lengths, high bust, for the tall figure, and medium bust, for the shorter waisted stout figure. This model is extremely long over the back and hips. The extra lacing in the back from the waist-line down permits an absolutely perfect adjustment over the back and assists further in keeping the hips in perfect subjection, thus giving the so-called hipless figure. We carry the front laced corsets in a varied line of materials at prices ranging from \$2.50 to \$12. We cordially invite the ladies of our city and vicinity to visit our corset department and inspect these most exquisite models. Consultation and fitting free.

"The Leader keeps right on shocking the community by persistently presenting the plain, naked truth in its columns" remarked a friend of the paper Saturday after he had listened to some of the hue and cry about two or three plain truths presented in Friday's paper. Oh, well they'll get used to it by and by friend. It's a dangerous thing to handle, this virtue truth, but we always did enjoy a little reckless diversion.

Dr. H. A. Foster, the well known chiropractic practitioner, formerly of this city, but now of Bandon, Coos county, with his family are visiting with Cottage Grove relatives and friends. The doctor has been accorded a good practice in Coos county and speaks in very complimentary terms regarding the coast country. He says Ray Deau, the Coquille hustler for names on the Nesmith initiative petitions, visited Bandon recently and secured a large list, the people subscribing freely for the division of the big unwieldy counties. Dr. Foster says he is amazed at the substantial improvements in Cottage Grove in the past two years, or since he left this place, and predicts that the Grove will soon take rank as an important upper Willamette valley city.
