

HENDERSON Habit Back

Corsets

"FRONT LACED"

THE front laced models are the culmination of the latest and best ideas in corset fashion. They remodel the figure, giving it a perfectly moulded back, giving it lines of grace and symmetry and the long, tapering curves which are so artistically beautiful. They

reduce the full figure, giving it the flattened front and slender hip effects. They are absolutely hygienic and have the endorsement of the leading physicians and dressmakers. We call special attention to the model illustrated which is made in two lengths, high bust, for the tall figure, and medium bust, for the shorter waisted stout figure. This model is extremely long over the back and hips. The extra lacing in the back from the waist-line down permits an absolutely perfect adjustment over the back and assists further in keeping the hips in perfect subjection, thus giving the so-called hipless figure. We carry the front laced corsets in a varied line of materials at prices ranging from \$2.50 to \$12. We cordially invite the ladies of our city and vicinity to visit our corset department and inspect these most exquisite models. Consultation and fitting free.

WHERE YOU DO BETTER

To Organize a Gun Club.

Preliminary steps have been taken toward the organization of a gun club in this city, that its members may enjoy a little pleasant recreation at the traps in West Cottage Grove an hour or two each week in "winging" blue rocks, a handsome trophy being offered by the Du Pont Powder Co. through its local agents, the Griffin, Veatch Hardware Co. The rules governing these shooting contests are such that the amateur stands the same chance in winning the trophy which the expert does. If, for instance, a low score man maintains a better average in his class than the men in the higher class he is entitled to the winnings. This makes the shoot equally fair for all. Some of the boys are already cleaning up their shot guns in anticipation of some good times at the traps during the next 60 or 90 days, it being planned to meet at the traps at about three or four o'clock on Wednesday afternoons for the regular 25 rounds shoot. All owners of shot guns who enjoy a little shooting are invited to join the club and participate in the big shoot which will no doubt be held during the annual Independence day celebration and also during the local district fair in September. H. H. Veatch, the well known local blue rock expert shootist and hardwareman, has very kindly agreed to give the gun club its ammunition and blue rocks at a fraction above cost, so the diversion will not be expensive.

The following named gentlemen have already signified their intention of joining the club: A. J. Armstrong, Geo. Baker, Walt Mason, H. H. Veatch, W. C. Conner, Roy Wicks, Orvil Knapp and Horace Cochran. It is the wish of the club to secure from 12 to 15 members. Names are being enrolled at the Leader office.

Presbyterian Church.

Sunday school at 10 a. m. Preaching at 11 by Rev. R. G. White. In the evening Rev. Henry L. Nave, D. D. of Albany college, will preach the baccalaureate sermon to the eighth grade pupils.

Run Down by Bicyclist.

While on their way home from church Sunday evening, Mr. and Mrs. Arne, an esteemed elderly couple who reside on a little farm just outside of the southern city limits, were run down by a careless bicyclist out on Fourth street near A. J. Stewart's residence and quite severely bruised. The night was dark and the wheelman came up behind the aged couple and struck them full force. All three were knocked down by the concussion, Mr. Arne being thrown against a city hydrant and his breast severely injured. Mrs. Arne was also quite severely bruised and otherwise injured, while the young man speedily gathered up his wheel and beat a hasty retreat refusing to give his name. Such reckless bicycling cannot be too strongly condemned and if the cyclists will violate the city ordinances in this respect they should be very cautious regarding such accidents.

Dr. Foster Relocates Here.

Dr. H. A. Foster, chiropractor and natural healer, late of Bandon but formerly of this city, upon the earnest solicitation of friends and former patients has decided to re-locate in this city for the practice of his profession. He has opened a temporary office adjoining the tailor shop on the west side pending the completion of the Veatch & Wheeler brick in which he will open permanent offices. The doctor is well and favorably known here and his many friends join in welcoming himself and family back to Cottage Grove.

Last Sunday morning the fox hounds of G. W. McFarland ran a wild deer almost within the incorporate limits of this city. They immersed from the timber on the O. P. Adams place, ran near the home of W. P. Huff, where both dogs and deer crossed the river at the mill dam, came down nearly to Dr. Wood's residence and recrossed the river returning to the timber through the Adams place. A few years ago it was no uncommon thing for a wild deer to pass through this city in crossing from the Coast range to the foothills of the Cascade range, but of late years they have been driven back in the higher altitudes by the numerous homesteaders.

No middle man's profit or jobbers commission to pay when you buy a high grade piano from Marion Veatch, for he buys and ships all his stock direct from the factory. Moral, buy at home and save money. 5tf
