Corsets

"FRONT LACED"

THE front laced models are the culmination of the latest and best ideas in corset fashion. They remodel the figure, giving it a perfectly moulded back, giving it lines of grace and symmetry and the long, tapering curves which are so artistically beautiful. They reduce the full figure, giving it the flattened front and slender hip effects. They are absolutely hygienic and have the endorsement of the leading physicians and dressmakers. We call special attention to the model illustrated which is made in two lengths, high bust, for the tall figure, and medium bust, for the shorter waisted stout figure. This model is extremely long over the back and hips. The extra lacing in the back from the waist-line down permits an absolutely perfect adjustment over the back and assists further in keeping the hips in perfect subjection, thus giving the so-called hipless figure. We carry the front laced corsets in a varied line of materials at prices ranging from \$2.50 to \$12. We cordially invite the ladies of our city and vicinity to visit our corset department and inspect these most exquisite models. Consultation and fitting free.

WHERE YOU DO BETTER

Took a Shot at Prowlers.

Last Thursday night two men, one tall the other short, appeared at the home of Mr. and Mrs. Will Brown on Fourth Street and one of them upon reaching a window peered in, remarking to the other: "They have a light burning," which was heard by the little daughter of Mr. and Mrs. Brown, who was kept awake on account of suffering severely from poison oak. Mrs. Brown in attempting to telephone to neighbors scared the strangers away. Not much was thought of this midnight visit by the family as the strange visitors were supposed to be tramps prowling around, but the family were considerably alarmed when they were paid a second visit by the two suspicious looking characters again Friday night, upon which occasion Mrs. Brown took a shot at one of them with a revolver at close range while he was prowling around the premises and it is more than probable that the miscreants will hereafter make themselves scarce in that locality. Mr. Brown being a laboring man and keeping little money about the house the object of the visits from the strangers is not understood.

Foot Crushed.

M. Laumon, who resides on Fourth street met with a very painful and severe accident Saturday while working about the well drilling outfit of Ralston & Spear, who were drilling a well for him. In some way he placed his foot under the crank of the machine and it came down with terrible force on his foot mashing it to a pulp. He was taken to the general hospital at Eugene to receive surgical and medical treatment and is reported as getting along satisfactory.

Two More New Homes.

W. C. Monroe has the frame work all up for a neat modern eight roomed bungalow on his lots on East River street, while W. B. Cooper has work well under way on a fine large modern cottage on Fourth streets adjoining the Joe Garroutte cottage. Mr. Cooper has recently built three neat Cottages on Fifth street.

Ordinance No. 225 to provide a license for peddlers was read and will come up for final action at the next regular meeting. It will provide for a license of from \$2.50 to \$10 per day.

The contract for the grading and graveling Kansas and Burkholder streets was awarded to H. Venske for \$897 and work on the same commenced this morning.

The street committee was ordered to have the street and sidewalk grade established fronting the city park.

A new sidewalk was ordered built on the west side of Fourth street from Parkers bakery to Tennessee avenue.

The street committee was instructed to examine the newly gravelled south street and report.

The recorder was instructed to prepare an ordinance for the laying of a sewer from manhole on "A" street to the west line of F. H. Rosenberg's lots near the west side school. Council adjourned.

New Pastor Tendered a Reception.

Rev. S. C. Adams and family, who were recently called to the Presbyterian church charge at this place, were tendered a very pleasant and cordial reception at the Presbyterian manse Monday evening, and besides the church membership, the other pastors of the city, Rev. W. V. McGee and family of Creswell and Dr. Nave of Albany, were present. Addresses of welcome were made by the ministers present, music was furnished by a male quartet, splendid refreshments were served and Rev. Adams and family were made to feel that they were indeed welcome to a place in this community and are among friends who will endeavor to make their residence here pleasant and prosperous.

O. P. Adams has returned home from a few weeks visit with his daughters at Portland. During his stay he visited many Portland suburbs and Hillsboro and done a great deal of boosting for Nesmith county. He says he only found one man who talked against the creation of Nesmith county and he had friends residing on the upper middle fork who are laboring under the wrong impression that that section is included in the proposed Nesmith boundary. When told by Mr. Adams that the proposed north boundary line followed the divide between the Middle Fork and Row River, the fellow would hardly believe it, but seemed inclined to look upon the matter in a different light. Some means should be taken to correctly inform the Middle Fork people regarding the location of the proposed north boundary line of Nesmith county. It would make votes for Nesmith. 5f
