## Corsets "FRONT LACED"

THE front laced models are the culmination of the latest and best ideas in corset fashion. They remodel the figure, giving it a perfectly moulded back, giving it lines of grace and symmetry and the long, tapering curves which are so artistically beautiful. They reduce the full figure, giving it the flattened front and slender hip effects. They are absolutely hygienic and have the endorsement of the leading physicians and dressmakers. We call special attention to the model illustrated which is made in two lengths, high bust, for the tall figure, and medium bust, for the shorter waisted stout figure. This model is extremely long over the back and hips. The extra lacing in the back from the waist-line down permits an absolutely perfect adjustment over the back and assists further in keeping the hips in perfect subjection, thus giving the so-called hipless figure. We carry the front laced corsets in a varied line of materials at prices ranging from \$2.50 to \$12. We cordially invite the ladies of our city and vicinity to visit our corset department and inspect these most exquisite models. Consultation and fitting free.

### Lay of the Carpet Beater.

This from an exchange carries the plaint of some overwrought citizen who is serving time as main assistant to his wife in the work of spring house cleaning; hear him:

"Tell me, ye winged winds that around my pathway roar, do you not know some quiet spot where wives clean house no more, some lone sequestered dale, some island, ocean-girt, where life is not one ceaseless war with cobwebs and with dirt; where only natures carpet spreads beneath their tired feet, and wretched men are ne'er compelled its emerald folds to beat? The lake breeze fanned my heated face and said: "Beat on! There's no such place."

### A Grand Picture of Cottage Grove.

One of the finest bird's-eye-views of this city ever made may be seen at the "Wave." It is five feet in length and ten inches wide and is a photograph, hand painted in natural colors. The framing is also handsome, being of the mission style, all the handiwork of Charles Adams, of the S. P. tie plant. This view shows the town and surrounding country looking south from Mt. David and makes a beautiful picture.

### In Society Circles.

On Wednesday afternoon Mesdames J. H. Chambers, D. T. Awbrey, C. H. Burkholder and Marion Veatch entertained a large number of their lady friends in the Phillips hall. The hall and banquet room was artistically decorated with dog wood blossoms, evergreens and ferns and interesting games were provided for the entertainment of guests, one to create much merriment being the dressing of clothespins with tissue paper to represent characters of the various nations. Mrs. Abrams was declared the winner in this contest and was awarded the prize. Late in the afternoon the hostesses led the way to the banquet hall where dainty refreshments were served and a most pleasant social afternoon was brought to a close. The guests were:
