

HENDERSON Habit Back

Corsets

"FRONT LACED"

THE front laced models are the culmination of the latest and best ideas in corset fashion. They remodel the figure, giving it a perfectly moulded back, giving it lines of grace and symmetry and the long, tapering curves which are so artistically beautiful. They reduce the full figure, giving it the flattened front and slender hip effects. They are absolutely hygienic and have the endorsement of the leading physicians and dressmakers. We call special attention to the model illustrated which is made in two lengths, high bust, for the tall figure, and medium bust, for the shorter waisted stout figure. This model is extremely long over the back and hips. The extra lacing in the back from the waist-line down permits an absolutely perfect adjustment over the back and assists further in keeping the hips in perfect subjection, thus giving the so-called hipless figure. We carry the front laced corsets in a varied line of materials at prices ranging from \$2.50 to \$12. We cordially invite the ladies of our city and vicinity to visit our corset department and inspect these most exquisite models. Consultation and fitting free.

Parted.
I once had a friend
Who was dear to my heart.
We swore by our whalers
We never would part.
I loaned him a dollar.
Thank fate 'twas not ten.
For since then I never
Have seen him again.

He came to my office
And said: "By the bye,
Just slip me a dollar.
I find I am shy.
I'll pay you tomorrow."
He carelessly said,
And often I wonder
How long he's been dead.

Had I but refused it
And made an excuse
I'd still have the friendship
That naught could jar loose.
For he would be living
In hopes that some day
He'd manage to touch me
And wander away.

'Tis that way with friendships
Too often, I fear.
They're bound by the dollar,
No matter how near.
The test is the money,
Pathetic, but true.
To lose them just loan them
A dollar or two.

Not to Be Disappointed.
"Going to move this spring?"
"Yes, if we can find a worse place
than we have for more money."
"That is a funny notion."
"Might as well look for what we will
be sure to find."

Humor and Philosophy

By DUNCAN M. SMITH

PERT PARAGRAPHS.

It is as hard to give away a thing that you don't want as it is to keep a thing you do.

There are lots of people in this world who aren't to blame.

Time is money, and the fellow who steals money gets time, but it doesn't follow that the fellow who steals time gets money.

The man in politics has to be all things to all men and is liable to end by being nothing to anybody.

When it comes to paying the price the general opinion of mankind is apt to be that it isn't worth it.

If some clever man who doesn't believe in woman suffrage would just suggest to the women—and get them to adopt the suggestion—that they settle the tariff question among themselves before demanding the suffrage, the men might feel secure from the suffragettes for the next hundred years.

Wanted Results.

"I am going to advertise with signs hung on the sides of every mule team in town."
"What is the idea?"
"They have such wonderful pulling qualities."

Emancipated.

"Does your wife want to vote?"
"She doesn't know."
"Why doesn't she know?"
"I haven't told her yet."

Looking Around.

"The doctor says he must quit smoking."
"What is he going to do about it?"
"Get another doctor."
