TRIBUTE TO OREGON.

Frank B. Tichenor, Woodmen of the World Organizer, recently paid this state the following glowing tribute:

"When you speak of out west you must speak of Oregon. Oregon is the last west and the best west. Here we find the most western city in the United States; here people live in a region of exceptional natural conditions. There are great and abiding physical causes which create a southern temperature in a northern latitude. Climatic conditions along the Oregon coast have no counterpart save in the Mediterranean region of Southern Europe and the causes are exactly similar. Here is Italy, here the South of France, the Portugal, the Northern Spain of Europe, and here is the temperate Oregon of the Pacific coast in an equally mild and delightful climate. The climate is not unlike that of Southern England, but it is better in everything in which England's climate is good. If it has less sunshine than the South of France, it has a more constant and equable temperature, and the significance of this every farmer ought to appreciate. Given fertility of soil, warmth and moisture and you have the elements of production, and here we find the happy Neighbors of Western Oregon living in the beautiful Willamette Valley."

"Oregon legislatures no longer have any terrors for us," said Hon. J. H. Booth, the Roseburg banker Tuesday morning. "The Douglas County bank is now the Douglas National bank," Mr. Booth explained, "and we are now doing business as a national bank by virtue of a charter granted to us today." In passing from the control of the state, this institution was actuated by the constant tinkering of legislatures with the state banking laws. The official number of the new National bank is 9423.—Roseburg Review.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants. THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most precious possession—your health—may be your life itself. See that you get what you ask for.

Creswell will celebrate the 4th of July with a parade and picnic in the Hillegas grove. The Creswell Reed Cornet band will furnish the music and there will be some speeches and recitations appropriate to the day. The celebration will be held on Saturday, July 3rd.

The following people were the guests of the Bohnstedt company this week: Mr. and Mrs. Collins, Dr. and Mrs. Dick, R. W. Leach, Mr. and Mrs. J. T. George, Miss Fox, Miss Myrtle Spencer, Minneapolis; Mr. and Mrs. Clarke of Dakota; Mr. W. Dunn, Mr. Fay, Portland; Mr. LaFrance, Mr. Trestrail, Mr. Bohnstedt, of Minneapolis and Mr. Newell of Portland.

The A. C. Bohnstedt Company excursion from Minneapolis to Creswell left this morning after a three days stop in Creswell. They will spend three days at the Alaska-Yukon exposition in Seattle and two days at Lethbridge, Canada, on their way home. There are twenty-five people in their excursion. During their stay here the A. C. Bohnstedt company sold 25 tracts of orchard land amounting to \$68,000. These lands are all to be planted to fruit trees and cared for by the Bohnstedt company under the supervision of Hon. W. K. Newell for a period of five years and at the end of that time turned over to the purchaser a fully developed orchard.

Fourth of July Celebration.

Arrangements for a grand three days Fourth of July celebration at Cottage Grove are well under way, the band boys having the preliminaries in charge and they will be assisted by Company E, and members of the local G. A. R. Post. A liberal fund has been provided for fireworks of which committee F. H. Rosenberg is chairman, whom we understand has already placed an order for the grand pyrotechnic display. It is also announced that the famous baseball team of the Keats Automobile Mfg. Co. will be at this place during the three days and will play a game each day with some crack team on the local diamond. Committees and other features of the program will soon be announced.

The city park committee, Mrs. A. B. Wood and Mrs. DuBruille in particular, done its full part toward making the Queen Esther cantata a success. The citizens of the town are also entitled to commendation for their liberal support.

Yamhill county contains the largest apple orchard on the coast, the largest prune orchard in Oregon, the largest walnut grove and one of the largest cherry orchards in Oregon. It has the largest evaporator on the Pacific coast and its hop yards are among the largest in the country. Yamhill county has more milk condensers than any other county on the coast and one of these is the largest on the coast.

A Portland paper says: "Everybody loves a booster. People from South Lane and northern Douglas county who visit Portland register from Nesmith county."

Senator Chamberlain voted for a higher duty on hops. What's a democrat? Who's a democrat?—Portland Journal.

Don't be a chronic kicker at people who do things. Be a doer yourself and you will be less critical of others.

June 14 is Flag Raising day. Let it be generally observed.
