

HENDERSON Habit Back

Corsets

"FRONT LACED"

THE front laced models are the culmination of the latest and best ideas in corset fashion. They remodel the figure, giving it a perfectly moulded back, giving it lines of grace and symmetry and the long, tapering curves which are so artistically beautiful. They reduce the full figure, giving it the flattened front and slender hip effects. They are absolutely hygienic and have the endorsement of the leading physicians and dressmakers. We call special attention to the model illustrated which is made in two lengths, high bust, for the tall figure, and medium bust, for the shorter waisted stout figure. This model is extremely long over the back and hips. The extra lacing in the back from the waist-line down permits an absolutely perfect adjustment over the back and assists further in keeping the hips in perfect subjection, thus giving the so-called hipless figure. We carry the front laced corsets in a varied line of materials at prices ranging from \$2.50 to \$12. We cordially invite the ladies of our city and vicinity to visit our corset department and inspect these most exquisite models. Consultation and fitting free.

NEW FRUIT PEST NOT VERY PROLIFIC

Frank King recently discovered a peculiar fruit tree pest in this vicinity which seems to work on pear trees exclusively. He sent twigs and a specimen of the insect to the Oregon Agricultural College and Experimental Station and received the following reply which will be gratifying to local orchardists:

G. F. KING:
Dear Sir:—Replying to your letter of June 4th, referred to me by Dr. Withycombe, will say the insect which you sent with the report that it is injuring pear trees in that vicinity, proves to be what is known as the branch twig borer, *Polycaca confertus*. This insect is comparatively rare and can hardly be considered of economic importance, at least it has never yet become abundant enough in any locality to cause any serious injury. I am, Truly Yours,

All of the old wooden buildings have been moved from the corner lots of C. C. Woodward on Main and Third streets, to make room for his big new two story brick. The two story Knox building now sets near the creamery on Third street by the side of which reposes Ostrander's barber shop, while the New Era drug store building took a long jaunt to the corner lot of Ed Jenks on Main and First streets near the depot. Thus the improvement caravan marches on.
