Have no vain regrets—celebrate in Cottage Grove.

"Never mind a change of scene—try a change of thinking."

Men who receive courtesies, but never show any, don't have any to receive after awhile.

You will assuredly celebrate the Fourth in Cottage Grove if you desire to celebrate the anniversary to the fullest extent.

The New York Sun is mean enough to say that if Theodore Roosevelt doesn't look out he is liable to kill the missing link.

Why not abbreviate the much overworked "after dinner speech" by having it delivered before dinner, when the speaker is too hungry to speak long.

The Currin footbridge has been declared unsafe and closed. As this has long been one of Cottage Grove's attractions as well as a great convenience, some means of providing for its early reconstruction should be inaugurated.

The Brownsville Creamery has a neat scheme of publishing at the first of the month a roll of honor of men receiving checks for over \$50. During May there were sixteen. W. W. Poland was the biggest with a check of \$133.23. Great has become the cow in the diversified farming of the valley.—Albany Democrat.

The importance of the hog as a mortgage lifter has never been more evident than now. The hog market at Portland has advanced recently from \$7.75 to \$8.15 per hundred pounds for suitable fat hogs and packers say the supply is practically nil. The hog raising industry is one of the most lucrative to which farmers of the northwest can turn their attention. Oregon and Washington need more hogs and offer good prices to growers. Figures here are higher than in the Chicago market and there is every inducement for more extensive hog raising.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. VOTED UNION HIGH SCHOOL AT LORANE

The school election held at Lorane and other nearby school districts Monday for the purpose of voting on the proposition of a union high school at Lorane backed by the three other adjoining districts of Coyote, Cartwright, and Fawn Creek, all tributary to Lorane valley, resulted in a nearly unanimous vote in favor of the Union High school at Lorane, which will be established and opened in time for the opening of the September school year. The school patrons of that part of west Laue county are jubilant over the prospects for more advanced and improved educational advantages in a heretofore somewhat remote section of the county, as they may well be, for it will be a great advance to that part of Laue county and a great convenience to the people residing there.

Old Oregon.

By W. H. ROWAN.

You may talk of your own dear native state
With its riches, its wine, its gold,
But listen to me a moment,
And I will tell you a tale unfold.

You may tell of your golden grain fields,
Your broad fields filled with corn,
But give to me Old Oregon,
The place where I was born.

It has its beautiful, snow capped mountains,
Its little rocks and fjells,
Its dense, bright green forests,
And beautiful grass covered hills.

We have beautiful flowing rivers
Their banks decked with green,
That makes a nice cushion for nature lovers,
To view our wonderful streams.

And as I view those mighty rivers,
While on their mossy banks I lay,
I cannot but thus write of them,
As they roll upon their way.

"From the Cascades frozen gorges,
Leaping like a child at play,
(With apologies to Oregon's noted poet.)
Bright Willamette glides away."

On the banks of the great Columbia,
Beautiful and wonderful sights are seen,
Cataracts, waterfalls and deep hewn gorges,
While the sparkling river flows between.

On its banks is located the place,
Where the wonderful Hood River apples grow,
Famous this wide world over
Both for excellent flavor and for show.

Look at the vastness of our ocean,
As she beats our bright green shore,
With ships on its billowy bosom
That carry our commerce o'er.

Our brooks are all filled with fishes
And see the angler with rod and line,
Catching the shining beauties,
Which is sport so fine.

Think of our Royal Chinook salmon,
That swim our grand old rivers,
Fit to adorn the table of a king,
We eat and say "God bless the giver."

You ought to see our beautiful roses,
That grow on every hand,
Beautiful sweet scented roses,
Helping to make old Oregon so grand.

Have you seen our lovely maidens?
With cheeks all rosy red,
With snowy teeth and skin as soft as velvet,
And beautiful tresses adorn their head.

True we have our rainstorms,
They say our backs are covered with moss,
But thanks to God for webfeet,
To take us safe the water across.

When my aged form with years is bent,
May I be in old Oregon I so dearly love,
When I die, there let my body rest,
While my spirit takes its flight above.

MARRIED.
