**LOOKING ACROSS GEYSER BASIN AT HORTICULTURAL HALL.**

No fairer scene can be offered any place than the outlook from the foot of the Alaska Monument on the grounds of the Alaska-Yukon-Pacific Exposition. Standing directly in front of the great building of the United States Government, the enormous golden eagle on his towering perch of northern gold keeps watch and guard over the most perfect exposition city that has ever been reared. Under his eye are gathered the rarest collection of man's examples of skill and art ever assembled, and these find shelter in a magnificent group of permanent and temporary buildings, whose architectural design and clever construction exemplify the very highest of man's inventive ability.

At night when the long twilight of the northern latitudes close down, the manifold beauties of the spot show their greatest charm. With the fading of day comes the romance of evening and the millions of lamps, made brilliant by electricity, flash their rainbow tints over a land such as fairies might have builded. The rushing, tumbling torrents of the Cascades pour their enormous volume over a bed covered by electric bulbs, and from the quiet pool of Geyser Basin are reflected as in a mirror. Electrolights of French design are lavishly scattered beneath the trees, and from their clear rays the fields of flowers are seen in added hues.

**Died.**

At her home at Lorane July 12, 1909, Miss Ruth Annette Seales, aged 15 years. She leaves a mother, Mrs. Jessie Seales, and a father in Eastern Oregon, besides the following brothers: David E., William E. and Charles L. Seales. The funeral was held Tuesday afternoon with interment in the Lorane cemetery.

It is rumored here that this young lady died from the effects of eating stale ice cream.

**Card of Thanks.**

We wish to express our sincere thanks and appreciation for the many acts of kindness by our friends and neighbors during our late bereavement.

**"Cherry-Blossom."**

**THE JAPANESE GIVE GOOD EXAMPLE**

It is a proverb of Cherry Blossom Land that a healthy stomach is the basis of all strength. Good nature is also recognized as of great importance. The Japanese as a people are remarkable for their health, endurance, patience and skill.

The cherry tree is the most highly prized of all in Japan. It not only gives forth a beautiful blossom but the wild cherry tree furnishes a bark which is most highly prized in medicine.

**Wild Cherry** (Prunus Virginiana).

The UNITED STATES DISPENSATORY, which is an authority on medicines, says of the properties of this Black Cherrybark: "Uniting with a tonic power the property of calming irritation and diminishing nervous excitability. Adapted to the treatment of diseases in which there is debility of the stomach or of the system." Another authority, KING'S AMERICAN DISPENSATORY says, "it gives tone and strength to the system, useful in fever, cough, and found excellent in consumption." This ingredient is only one of several very important native, medicinal roots in Dr. Pierce's Golden Medical Discovery. This is a remedy which has enjoyed the public approval for nearly forty years, nothing new or untried about it, has cured thousands of people of those chronic, weakening diseases which are accompanied by a cough, such as bronchitis and incipient consumption. More than that, by reason of the other ingredients, Bloodroot, Mandrake, Golden Seal, and Queen's root, all of the medicinal virtues of great value. Its nutritive properties, Dr. Pierce believes, far surpass those of cod liver oil, entitling it to favorable consideration in all cases of incipient consumption and other wasting diseases. It is an invigorating, tonic alternative and owes its virtues to Nature's vegetable garden. Dr. Pierce is only the scientific gardener who knows how to combine the plants given us by Nature to cure our diseases. This preparation is of pleasant taste, agrees perfectly with rebellions and sensitive stomachs, and is extremely effective in restoring tone and vigor to the entire system. It cures inflammatory troubles of the stomach as well as indigestion and dyspepsia arising from weak stomach. One reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons from the blood through the liver and kidneys. It then begins its reconstructive work in building up flesh by first making good, rich, red blood.

The "Golden Medical Discovery" is made in a large laboratory, thoroughly equipped with every scientific appliance, at Buffalo, N. Y. Qualified chemists are in charge of the laboratory, with nearly a score of skilled physicians and surgeons employed to scrutinize, determine and prescribe these remedies and other means of cure as seen best suited to many thousands of cases of chronic diseases which come before them for treatment each year. It costs you nothing to write to Dr. R. V. Pierce—the head of this Institution, at Buffalo, N. Y. and get an accurate medical opinion in your special case and wholly without charge.
