"Where You Do Better"

COTTAGE GROVE TO PLAY COLTS SUNDAY

Today's Eugene Register says: The Cottage Grove team which will play the locals next Sunday has played 13 games this year and has won 10 of them—a record to be proud of. As the locals have played 6 and won all of them—if comparative games count for anything, Sunday's game should be a hard one.

The Grove's lineup will be the same as it has been all season, with the exception of Baker, their pitcher. However, another Baker has been secured to pitch for them and he travelled all over the country last year pitching for the Chicago Ladie's team, thereby gaining lots of experience, as the Ladie's team played every day. Earl Hill, the well-known heavy-hitting first baseman plays with them, as does McFarland, the ex-big-leaguer. All Nesmith county is proud of its team and will boost them to the finish.

For the locals, a new man will pitch, in the person of Bond, a flax-haired sothpaw, who comes here well recommended as a slab artist. Wager will catch; Coleman will play first in the absence of Captain Paine, who will be on his vacation; Smith second; Hobbs third and Driver short. The outfield has not been chosen for Sunday's game, but it is certain that the heavy-hitting ball will ramble in one of the gardens.

Three street cars will run to the grounds continually, beginning at 1:30, so everyone will have good accommodations Sunday, which has been lacking heretofore. All the cars will be at the grounds when the game breaks up and in one load they will be able to carry the people from the grounds.

Fine Bungalow.

David Scholl the jeweler, has let a contract to Will Hart, the house builder, for a neat modern bungalow to be built on Mr. Scholl's acre lot on Wall street between the two Silk Creek bridges. It is to contain 5 rooms beside hall, bath room, pantries, wardrobes and toilet. Lumber is now being placed on the ground for this new home. Thus the good work goes on.

Marriage Licenses.

Marriage licenses were issued to the following couples: Willis W. Gildersleeve and Miss Alice A. Wheeler, both of Cottage Grove; Albert C. Thomson, of Portland, and Miss Ernestine Fisher, of Eugene; Frank Wilson, of Crescent City, Cal.; and Miss Leonie Belle Powell, of Eugene.

Cottage Grove's Record.

Sid Smith's Colts will play Cottage Grove here Sunday. The "trailers" have arrived and Manager Smith expects to be able to handle the crowd without any difficulty. Cottage Grove has been defeated but three of thirteen games this season.—Guard.

Mrs. Tate and daughter Miss Bertha, of San Diego, California, were guests of Cottage Grove friends this week including Mrs. Rice Hastings. The Tates' formerly resided on a nice farm north of this city, but sold it a few years ago and located in Southern California with which they are delighted. Mrs. Tate says they have two crops down there a year—oranges and tourists, and that both are profitable, to the people of the southern California cities and rural communities. She says building lots as far as two miles out from the business section of San Diego sell for \$5,000 and farm and orchard land is in proportion.

The city of Eugene with a 100 acre park presented to it by a millionaire banker, has proceeded to add 50 acres more. On top of that the city bought the butte across the railroad track from the depot. Who doubts that such policies have done much to make Eugene a desirable residence city.

H. O. Thompson, president of the Commercial Club, returned home from a trip to Florence this morning and says that the lower Siuslaw is certainly a fine country, but is greatly in need of railroad facilities to the interior, that country like south Lane having been greatly neglected in the way of public road improvements. It is therefore no wonder they are also talking for the creation of a new coast county.

Room for You In Cottage Grove

Cottage Grove is in the Sunny South of the Beautiful Willamette Valley and is at present the center of the largest body of standing timber in the world, of commercial value.

Cottage Grove offers more opportunities in every line of industry than any like area in the Pacific States. The geographical location makes this point the chief trading center for the thirty-one sawmills, logging camps, gold, silver, copper, lead and quick silver mines which lie within a radius of thirty miles.

This section is the home of the famous Conice Pear and every variety of American Grapes. Spitzenberg, Yellow Newton and Baldwin Apples here attain perfection and are eagerly sought for by the New York buyers. This can be wondered at by those who are not familiar with the fact, however, New York fruit raisers are coming here and purchasing land upon which to raise the above mentioned fruits.

This section is adapted to the raising of every known variety of fruit that will exist outside of the tropics, for with an elevation of 671 feet and no prevailing high winds or sudden climatic changes, the conditions as found here conform to the requirements of all fruits.

If you are an energetic citizen, wanting to improve your condition physically or financially, do not grab at a straw, but investigate this section, for there is "Room for you in Cottage Grove."
