"Where You Do Better"

### Notice to Hop Pickers.

Picking will commence at Brady's yard, Creswell, August 31, and pickers will receive \$1.00 per hundred pounds. Pickers should bring their own baskets or boxes to pick in. There will be a boarding house in yard but no sleeping apartments provided, so pickers should bring their own bed and tent. Those wishing to pick hops will please write me so I may list their names. R. O. BRADY, Sept. 1<sup>st</sup> Creswell, Ore.

### New Way to Can Tomatoes.

Last summer I tried a new method of canning tomatoes, and it proved so satisfactory that I want to pass it on. Scald and peel the tomatoes as usual. Have the cans sterilized, place the raw tomatoes in them whole, pour in boiling water to fill the cans, running a knife around in the cans, so that all the crevices are filled, then put on the cover. Place the cans in a boiler or large vessel, pour in boiling water till it reaches the neck of the can, put the lid on the boiler, wrap it with a blanket or rug, and leave until the water is cold, which will be next morning. The cans are then ready to put away. I did not lose a can out of forty quarts. When the cans were opened, the tomatoes were whole and firm enough to slice easily.—Woman's Home Companion for September.

### Special Services of Unusual Interest.

Pastors and delegates from Eugene, Elmira, Springfield, Creswell, Dorena, Roseburg and Oakland churches will meet with the Baptist church at Cottage Grove to form a council for the purpose of recognizing them as a church in gospel order. Council will meet in the Presbyterian church, Wednesday, September 1st, at 3 o'clock p. m., to hear the history of the church. Services of recognition in the evening at 7:30, consisting of sermon, charge to the church, hand of fellowship and other devotional service. A cordial invitation to all who may be interested to attend these services is hereby given. "Come and see." E. G. O. Groat, Pastor.

### An Elopement Averted.

The local police force is surprised at a clever piece of detective work done by one of Cottage Grove's prominent young men. It is all the more surprising since this young man poses as a clerk and not as a detective. Matters are of such a nature that it is not policy to make it public just at present, but the readers of this paper may rest assured that everything will be explained fully by Detective Ren Sanford in the comic opera "Pinafore" at the Armory Theater.

### Dray Team Ran Away.

The large black dray team of Dennis Slagle became frightened at a large sheet of paper drifting across the street and ran away before Mr. Slagle could secure the lines and check them. They dashed across the bridge into west Cottage Grove and ran into the sidewalk on the east side of H. C. Madsen's home on Wall street which broke the coupling and loosened the front running gears, whereupon the team came to a halt. Very little damage resulted, fortunately.

### Baker Will Pitch Sunday.

The game between DeNeffe's All-Stars and the Eugene Colts, to be played at Midway park next Sunday has keyed up the local fans to a high pitch of expectancy. It will be a contest long to be remembered with Ray Baker in the box opposing either DeNeffe or Morris. It makes no difference which visitor steps onto the mound it will be another case of sending them back to Portland to try and explain away another defeat.—Register.

### For Sale or Exchange.

Twenty-five nannie goats, twenty-five weather goats, or will exchange for cows not over four years old. B. M. HAWLEY.

Latham remained in the air two hours and fifty-eight minutes and covered a distance of nearly 96 miles. Latham had not been up long when a sharp squall of wind and rain broke. The spectators did not believe it possible for Latham to ride out the storm, but to their delight he only mounted higher and took his machine over the tribunes at a height of 300 feet.

Prof. Martin E. Robinson went to Roseburg Thursday afternoon to organize a "Pinafore" chorus, which will be under the direction of Morton Hadley up to the last week when Prof. Robinson will assume the directorship. Mr. Hadley will play a prominent role in Pinafore when it is presented here just before this popular comic opera is presented at Roseburg.

The way a little railroad building booms things is illustrated in the following from Hazel Dell, on the Middle Fork: "If you want to see a boom that did not require a 'booster club' to start it, just come up this way. Hay, \$25 per ton or \$1 per span of horses over night, oats 2½ cents per pound, meals 35 cents without any extras, and land, well you would have to be a millionaire to buy any land."

H. H. Veatch added another fine specimen to his already large and valuable collection of deer horns and heads this week, when he received from Grant's Pass the head of a mature buck deer with peculiar pronged and small horns, one of which turns down in front of the ear and then stands straight out at the side. It is certainly a freak and is prized very highly by Mr. Veatch.

The Calapooia Springs Company have at last secured a lot in this city on which to build a bottling and packing plant. They barely missed a cloudburst in Colorado, saw corn and wheat without limit in Nebraska and Iowa, one man threshing 30,000 bushels of wheat. "Hot, oh, my!" they say, "84 degrees at midnight in Kansas." Melons and sweet corn in abundance. Land at Ellis, Kansas, quoted at \$15 to \$50 per acre, at Solomon \$60 to \$110. Mr. and Mrs. Kinney will celebrate their golden wedding anniversary this winter in the Kansas town where they were married and then return to their pretty Cottage Grove home.
