APPRECIATIVE OF THE CO-OPERATION OF PRESS

Seattle, Wash., Oct. 15, 1909.

Mr. W. C. Conner, Editor Cottage Grove Leader.

Dear Sir:—With the close of the Alaska-Yukon-Pacific exposition and the end of our work of exploitation and publicity, I want to assure you of my personal appreciation of the contribution you and your paper have made toward our success. No matter how complete and interesting the exposition has been, it could not have been a success without that publicity which has been given it by you and the owners and editors of other newspapers of the Pacific northwest.

Since I took charge of the exploitation and publicity of the exposition last October this division has been heartily and effectively supported by the northwestern press. I have found a general feeling that the exposition would be and has been of greatest benefit to all sections. I am certain, as I believe you are, that we will all realize this benefit the more fully as time goes on.

With earnest thanks for your generous co-operation and best wishes for success in all your undertakings, I remain very sincerely yours,

JAMES A. WOOD, Director of Exploitation.

A well filled house greeted the "Lena Rivers" company at the armory Monday evening, which opened the theatrical season at this place. Bessie Canwright as "Lena Rivers" was very pleasing, while Jack Bronner, as "Cousin John" was decidedly clever and supplied much clean comedy. Everett Gallagher as "Belmont," and Annie Girard as "Granny," were both strong characters. Flossy Fay as "Caroline" interpreted her part well, but her role is not a popular one. Theater goers were very well pleased with the performance.

The Eugene Register of Sunday said: "F. G. Conley of the Cottage Grove Commercial Club was in the city yesterday and informs the Register that the club expects to receive its issue of 10,000 community books advertising Cottage Grove and vicinity, next Friday. The books are being gotten out by the Sunset company and will be an excellent idea of that rich region. They will be scattered all through the east."

Hon. A. F. Stearns, of Oakland, spent Monday in this city looking after business matters. He is a member of the Oakland hardware firm of Stearns & Chenoweth. He says Cottage Grove is making more permanent improvement this season than any other western Oregon town of its class. Mr. Stearns says Oakland is building a fine two story brick I. O. O. F. temple this season.

Mr. R. B. Warren and Mr. I. J. Walcott, special salesmen for Foster's lots are registered at the Oregon and will be pleased to explain about the lots to those who are interested.

Wilbur McFarland and A. T. Beidler went to Goshen Sunday to get a few White Holland turkeys. Mr. McFarland has the finest flock of these beautiful fowls to be found in this part of the state.

A Safe Investment

FOSTER'S LOTS

Have you thought how you can make some easy money, without working from 7. a. m. to 7 p. m.? The average man works from eight to ten hours each day, for his entire life, without saving enough to keep him during his old age and when he gets too old to support himself. You ask the reason for this. It is because he does not SAVE his dollars and cents when he is YOUNG. The habit of saving is easily cultivated when you are young.

The Safest Investment on Earth Is the Earth Itself

Killed a Big Gray Eagle.

For some time past a great gray eagle has been preying on G. W. McFarland's turkeys on the hill range about one mile northwest of this city and so alert was the big bird that efforts of Mr. McFarland and others to bag him came to naught. But like every dog, it seems that every eagle also has his day, and it was up to A. L. Wynne of this city, to put an end to the ravages of his birdship, and he done it in the most approved fashion, bringing the eagle into town Sunday when a rule laid over the spread of its wings revealed the fact that it measured more than six feet from tip to tip. The big bird was secured by Warren McFarland who sent it to a taxidermist at Eugene to be mounted and it will hereafter perch aloft in Mr. McFarland's cigar store in the new Woodward brick.

Miss Augusta Garrouette, daughter of Howe Garrouette, has returned home from a visit at Brownsville, and on Monday presented the Leader with a large and beautiful bouquet of Dahlias in which there were many varieties and rare specimens, including the fine cactus dahlia, all perfect in every particular. Miss Garrouette also presented the Leader with a box of splendid Concord grapes all being the products of her father's Coast Fork farm — "products of Nesmith county" as Miss Garrouette announced to the editor.

A. C. Piper, son of our townsman, S. R. Piper, came up from Portland last Wednesday and returned Monday. He is a member of the metal ceiling, and cornice and heating firm of Temple & Piper, and delivered the metal ceiling for the new Woodward brick in this city. "Arch" made the Leader a pleasant call and had his measure taken for another year's worth of this popular fireside companion.
