From nursery direct to the planter, the world's standard trees (Stark Trees) are now sold at
25% Discount To
Mail Order Buyers
for all cash-with-order business.
In addition to giving this liberal discount, we also prepay freight to any point in the United States, on orders amounting to \$10 or more, box and pack shipments without extra charge, most nurserymen make extra charges for boxing and packing, guarantee safe arrival, give generous premiums and assure every customer complete satisfaction.

Why We Make This Offer
Heretofore Stark Trees have been sold through
salesmen, to whom we have paid a commission for
selling us your orders. We have now discontinued
selling through salesmen and are dealing direct with
the planter in the irrigated valleys and orchard re-
gions of the west. Thus the commissions formerly
paid are saved—and given to you.

Our Catalogue-Price-List
Is Our Only Salesman
In this state and it is a top-notch salesman too—bet-
ter by far than most men salesmen. Every question
you could ask, it will answer, and the answer will be
correct—not a guess. Every variety in all classes is
fully described, strong and weak points are pointed
out—(everything is not listed as "best" as is the
case with most nurserymen's literature). Following
each variety is a key indicating the section of the
country where experience has proven that variety
will succeed.

This book contains accurate and valuable infor-
mation on methods of planting, fertilization, cover
crops, planting and care of trees, suggestions for
spraying, pruning, etc., etc. Over 150 illustrations
from actual photographs are within its pages.
You could not ask for a better salesman than is
our catalogue-price-list. With it in your hands you
can order more successfully, conveniently, and with
better results than you could by talking to the best
informed nursery salesman. Send for it today.

Have You
Planted Stark Delicious?
If not make it the first and biggest item on your
next order—you'll never regret it. Delicious is the
most wonderful apple known to horticulture for
quality, keeping qualities and selling value. This year
at the sale of the Wenatchee Valley Fruit Growers'
Ass'n (Washington) Delicious brought \$3.00 per
box f. o. b. there (the present market value is \$4.00),
while Spitzenburg brought only \$2.50, Winesap
\$2.25, Jonathan \$1.90, Black Ben \$1.75, (now \$2.00
—selling with Jonathan), Baldwin \$1.15, Ben Davis
\$1.40, Gano \$1.50, etc.

Delicious Brings \$2,000 Per Acre
100 seven year old Stark Delicious apple trees in the
Bailey Orchard, Chelan Co., Washington, earned
\$2,000 for their owner last year and when prices were
low—or an average of \$20 per tree for one season's crop.
Delicious is today making more profits—big
profits, for the long-headed, far-sighted orchardists
who have planted it than any other variety. Write

Quality and price have
made Cleveland's Baking
Powder the leading
seller in Oregon.

for "The Apple Stark Delicious" a booklet giving
its full history and the opinions of the world's
greatest horticulturists and successful orchardists.
It will convince you. Last year we sold 1,250,000
trees of Delicious alone and could have sold another
1 million had we had them. Planters now-a-days
do not buy a variety at that rate unless there's a rea-
son. And there is one—send for the booklet.

Stark King David Apple
You should plant it along with Delicious—plant
it largely—you'll never regret it. It's a money mak-
er, and a big one. It has highest quality, is a long
keeper, very hardy, and has beautiful color. Sells
at highest prices. Many planters think it better
than Delicious.

"In my opinion King David will surpass Delicious as
a commercial apple. It is fine as silk."—Rev. T. H.
Atkinson, Entiat, Washington.
Was in Mr. Olds' orchard last week. His King
David 1 yr. old trees will bear quite a lot of fruit this
year. I consider them far ahead of Jonathan—the fruit
is larger, has better color and flavor and is a better
keeper.—D. J. Hayden, Chelan Co., Washington.

King David stood 25 degrees below zero last winter
without injury while Ben Davis suffered severely.—
R. G. McDougall, Chelan Co., Washington.
King David, a very rich red, makes a most beautiful
apple. Hangs on the tree well, equal to Ben Davis
and just as productive quality is equal to Spitzenburg;
picked three boxes from one season grafted on Ben
Davis. It is the finest apple you have for this part
of the country; the most beautiful apple grown, can't help
but sell anywhere, and ahead of all others. Have
heard nothing but King David all this season. Have
had to date fifty-two parties at my place to see these
apples.—F. Dando, Chelan Co., Washington.

Include King David in your next order. You'll
never regret it and will want more when you see its
magnificent fruit.

Stark Early Elberta Peach
One of the good things you can not afford to
overlook. It is winning golden opinions from
experienced fruit men the country over. Better
quality than Elberta and ripens ten days to two
weeks earlier, reaching the markets when all other
good peaches are scarce and thus commanding high
prices. A great shipping peach, surpassing Elberta.

I believe Early Elberta is one of the best varieties
introduced since the first Elberta came. In Early
Elberta one has all of the good qualities of Elberta,
and the additional feature of early ripening. When this
is taken into consideration, and when it is planted along
with the original Elberta, each of the strain and con-
sistent which comes with peach harvest will be greatly
reduced. The shipping season will be lengthened.
—E. H. Fawcett, Asst. Horticulturist, Davis Co., Utah.
Having tested its shipping and keeping qualities
thoroughly, without doubt it is the most valuable ad-
dition to the commercial peach list introduced in recent
years; an excellent shipper and as a keeper it has no
rival.—L. Marsh, Hort. Inspector, Davis Co., Utah.
J. H. Hale (The Peach King) wrote me that he took
some Early Elberta home from Georgia and that they
kept nearly twice as long as Elberta.—Dr. Sumner
Gleason (Originator of Stark Early Elberta) Davis
Co., Utah.

Up on Grammar.
When she was eighteen Mabel
thought she was old enough to go out
to work and naturally turned to sto-
pography as the line of her endeavors.
"I've studied grammar," she told her
mother, "and I know all about punctu-
ation, spelling, division and those
things."
"I don't think," teased her mother,
"you would know a pronoun if you
saw one."
However, Mabel was firm and se-
cured a place. She did not reveal her
ignorance (for, of course, she did not
know everything) until she wished to
divide the word "invisible." Then she
turned to a girl working on her right.
"Say," she remarked, "invisible is di-
vided in-vi-si-ble, isn't it—divided and
accented on the pronoun?"—Philadel-
phia Ledger.

The Eskimo Dog.
The husky pup
That draws a sledge
And sleeps curled up
Beneath a ledge
Has steadfast been,
In every role
And helped to win
The distant pole.
He lives on hide
Or castoff boots,
This canine pride
Of the Aleuts.
A true friend he,
As you'll allow,
And one to be
Remembered now.
—Louisville Courier-Journal.

Of Course.
"The public," remarked the broker,
"is always bullish—always inclined to
buy for a rise."
"I s'pose," said the other man, "that
it's hard for the public to grasp the
idea that anything is going down in
price."—Pittsburg Post.

In Danger of Forfeiting Respect.
"Come, Josiah," said Mrs. Gottiflate-
ly after the waiter had gone for their
salad; "hurry up and make a kick
about something or they'll think we
ain't never et in a first class place be-
fore."—Chicago Record-Herald.

Early Elberta is all right. Two trees bore fine, yel-
low, spicy fruit and although not a full crop, it was more
than was produced by 50 Elberta trees in the same
orchard. Ripened with Carman.—E. H. Riehl, (Ill.
Experiment Station) Pres. Alton Horticultural Society,
Madison Co., Ill.
Stark Early Elberta is worthy of your utmost
confidence—plant it largely and reap the harvest of
profits which will surely follow. The true Stark
Early Elberta can be had only of us. We
purchased the exclusive propagating right from the
originator, Dr. Sumner Gleason.

Other Western Varieties
The success of an orchard is dependent upon the
judgment displayed in the selection of varieties—
the profit paying kind. And profit in fruit growing
means quality. Quality and color are the two
things that the great fruit consuming public pay
their money for. That's certain—you can't deny it.

Increase your orchard profits—do it by planting
the splendid tested special sorts of Stark Trees. Begin
now—don't wait until next season. Plant now
and be that much nearer a big profit paying crop
than you would be by waiting 6 months or a year.

Here is a brief list of varieties highly adapted
to western conditions—the kind that will make a
model orchard which will yield profitable returns.
