**CHURCH NOTES AND ANNOUNCEMENTS**

Five new accession to the Presbyterian Church Sunday is reported by Rev. S. C. Adams. He also announces that the usual services morning and evening will be held at the Presbyterian Church Sunday.

A very large congregation was in attendance at the Methodist Church on Sunday morning. One adult was received into full membership. Many new scholars were enrolled in the Bible School. The attendance at the Epworth League devotional meeting broke the record. The folding doors between the vestry and the main audience room were opened to accommodate the overflow. There is no sign of any abatement in the interest whatever. Many who were in attendance declare that the final union service was the very best of the entire series. Rev. S. C. Adams' sermon on the question "What Think Ye of Christ?" made a profound impression. Several manifested desire for the better life. A house filling audience was present.

Read, remember and respond to this invitation to attend the services of the Methodist church next Sunday, Bible school at 10 a. m. The pastor's class for young men is steadily growing. At 11 public worship with address by Robert Sutcliffe on "Fighters who Could use Both Hands." Most of us can only do work successfully with one of the twain. Epworth League devotional meeting at 6:30 p. m. There is no doubt but what this is one of the largest young people's societies in the state. People's popular service at 7:30. The victorious debating teams of the high schools are the honored guests. Seats reserved for directors, officials, teachers and scholars of the public schools. Subject of pastors address "Giants and how to kill them." Come and help to make this gathering one of the most notable ever held in the city.

**Whiston and Longman Coming.**

At a special meeting of the members of the Christian church last Sunday evening the pastor of the church, Rev. W. A. Elkins, was instructed to close a contract with Whiston and Longman, evangelists with headquarters at Bethany, Nebraska. These evangelistic specialists, accompanied by Mrs. Whiston, an accomplished instrumental musician and personal worker, will begin a series of meetings at the Christian church about the fifteenth of April and continue for at least one month. They have held a number of successful meetings in the west, in fact they are uniformly successful wherever they enter a campaign. As a soloist and chorus leader Mr. Longman can not easily be surpassed. Last summer he had charge of the large chorus at the state convention of the Christian churches of Oregon. Mr. Whiston was given the place of honor on the program and his sermon was highly pleasing to the two thousand or more people who heard him. The campaign being planned for here will be the largest and most thorough of any similar campaign ever under taken in Cottage Grove.

"The Hope of Glory" will be the subject of the morning discourse at the Christian church next Sunday, 11 a. m. One hundred and forty eight was the attendance at the Bible school last Sunday. Christian Endeavor at 6:30 p. m. Twenty-one new members were voted into the Endeavor at the last service. At 7:30 Rev. Elkins will preach on the subject "The Call of the Wild." The discourse will be based on the parable of the Prodigal son. A large colored chalk cartoon will be made use of at that time. In the foreground of the picture the prodigal will be seen as he was and as he comes to be, a feeder of swine. In the background, in vision, will be seen the beautiful home of the boys' father. The public is cordially invited to attend all the services of the day.

H. H. Whipple of Lewistown, Montana, writes Booster Conley of the Commercial Club, that he has a fine 150 acre farm near Wilbur, Douglas county, known as the Lamb place which he would like to exchange for farm property near Cottage Grove. Mr. Whipple is an engineer and millwright and thinks if he could effect an exchange he could find employment here in our mills and mines while his family conducted the farm and would still be able to spend considerable time at home with his family, there being nothing in his line of work about Wilbur.

Irvin Bath, formerly editor of the Cottage Grove Western Oregon now Sentinel, is in town settling up his business affairs. He has been sojourning at McMinnville lately.

**CHRISTIAN CHURCH BUSINESS MEETING**

The Christian church of this city held its annual business meeting at the church building Saturday Jan. 1. A sumptuous feast had been prepared by the ladies, which was enjoyed by those present. There was a large attendance of the membership, which has grown until now two hundred and seventy five are enrolled. At 1 p. m. the meeting was called to order and the annual reports were read, which were very encouraging indeed, all departments without exception showing very satisfactory work accomplished. The members of the church are highly gratified with their year's work. The advance has been of a solid, substantial nature. This manner of progress has been and is the cherished policy of the pastor. It is the determination of the church membership to make 1910 their banner year. They have the utmost confidence in the leadership of their pastor, who is now in the third year of his work in Cottage Grove. Because of lack of space only partial reports can be given.

The following officers were elected for the ensuing year:

Elders: Thos. Awbrey, J. M. Murray, D. Read, D. C. Baughman.

Deacons: Prof. Inlow, LeRoy Woods, Clarence Boyd, A. L. Woodard, George Carlisle, Max and George Dorward.

Trustees: Wood, Awbrey, and Young.

Deaconesses: Mrs. Dr. Fuller, Mrs. Thos. Awbrey, Mrs. Clara Young, Mrs. L. M. Thompson.

Clerk: Clarence Boyd, Assistant, Mrs. Ida Caldwell.

Treasurer, Dr. E. C. Macy, Assistant, Menzo Finucerty.

Organist: Verna Brown, Assistant, Dollie Hawkins, Chorister, Thos. Awbrey. Supt. of Bible school, Mrs. Ida Caldwell.

The report of the treasurer Dr. E. C. Macy showed that all current bills have been paid, with the exception of \$91.14 which is more than covered by pledges now due. There was a debt of \$500 which was incurred a few years ago when a necessary enlargement of the building was made at a cost of about \$2000. The soliciting committee, appointed to raise money to pay off this debt, reported raised in cash and pledges \$434. The balance will be taken care of very easily.

The Ladies Aid Society made the following report: Receipts for work \$44.80; dues \$26.35; donations \$15.35—total \$86.50. Disbursements, \$55.25, amount in bank \$34.70, cash in hand \$2.55, calls on sick about 200, calls on strangers 100, charity, \$10.50, baskets of provisions and bundles of clothing given to the poor.

The Bible school superintendent reported a well organized, and efficient school. The corps of teachers are well equipped and faithful. Changes in plans of work and organization of school suggested by Rev. Billington, Bible School Evangelist, will be followed out. The Home department of this school is the largest of any Bible school of any denomination in the state. There are three hundred in the home department. This is the result of the faithful work of Daniel Reed. A teacher training class, under the direction of the pastor, has been organized in connection with the school.

The report of the president of the Christian Endeavor society gave evidence that the C. E. is one of the most thoroughly alive departments of the church. Their growth has been steady. The young people's enthusiasm and capacity for hard work are unbounded. Their present average attendance at Sunday evening prayer meetings is about forty. They are entering upon a contest which will add greatly to their membership and general interest in the work.

The auxiliary of the Christian Woman's Board of Missions also had a good report, as to the study of missions and as to money raised for missions.

During the business session it was decided by the members that the evangelistic meetings, now being conducted, should enter the union meetings as first planned. This matter was regarded as finally settled. When this information, was communicated to the ministers of the Methodist and Presbyterian churches they said, in substance, "It would be a pity to discontinue your evangelistic services when you are meeting with such good success. Go ahead, and it will be alright with us." Acting upon this suggestion and with this understanding the church, later gave direction to the Boy Evangelist to continue the "gospel bombardment."

meeting with "good success" certainly expresses the truth. They are stirring up an intense interest, the like of which has not been known in Cottage Grove for several years. Twenty-four have responded to the invitation during the first eleven days of the meeting. Of this number seventeen have made a public confession of faith for the first time. Three from neighboring denominations, came forward to obey Christ fully in the ordinance of Christian baptism. Four came to take membership, having been members of the Christian church elsewhere. These young evangelists are living examples of the effectiveness of consecrated young manhood. When they leave here and return to take up their work in the Eugene high school every young man and young woman in Cottage Grove who has heard them will have higher ideals of life. They will be strengthened by the thought, "What has been done can be done."

Reference has been made to the necessity of having doors at the entrance of public buildings swung outward. This matter was spring attended to at the Christian church, when the building was constructed. Just now, however, the people of the community are not thinking so much about an alarming exit as they are of a happy entrance.

**COTTAGE GROVE CEDAR TIMBER IN DEMAND**

The fame of our timber is known even to the Atlantic. Our city was visited by three officials of the Postal Telegraph Cable company last week who spent several days here looking up contracts for cedar poles for the purpose of stringing two new copper wires from San Francisco through to Seattle via Cottage Grove. The same company is also arranging to construct a new overland route from San Francisco to New York.

These additions to their now already efficient equipment being necessary to handle the vast increase in their traffic, which they are fast acquiring in competition with the Merger formed by the consolidation of the Bell Telephone and Western Union Telegraph companies a short time ago.

Possibly a small percentage of the public realizes what it means to have two such giant telegraph companies as "competitors, without which our telegraph rates would soon soar upward to a high figure, and it is to be hoped that patrons of the telegraph will consider these conditions in placing their patronage.

The above parties are Messrs W. I. Capen, General Supt. of Plant, New York; J. G. Blake, General Supt. Pacific Division, San Francisco and W. M. Smith, Purchasing Agent of Chicago, who are frank in stating that our Oregon cedar is the best wood that can be used in telegraph construction.

Since their advent we notice a new, neat sign, adorns the office of D. T. Awbrey, who is their local manager at this point.
