What was a great booster sermon delivered by Rev. Robt. Sutcliffe at the Methodist church Sunday evening, when the church edifice was filled with a large attentive audience as usual. His subject, "Cottage Grove not the worst place in the world to live" and his contrast of our free, prosperous, healthful and independent life as compared with the crowded, unsanitary, busy, uncharitable life of the average city resident was very interesting and entertaining and had a tendency to make all those who listened to it better satisfied with their lot and environments than ever before. The experience of Rev. Sutcliffe in religious work in the large cities gives him a great store of knowledge concerning the conditions and disadvantages of city life and his warning to young people of the folly of rushing to the great cities was timely and full of food for reflection. The brotherhood of the citizens of the country towns and their social relations are greatly in contrast to the formal and snobbish social relations found in city life. "Here we are close to nature, supplied with commodious homes surrounded with green lawns and beautiful gardens of vegetables, fruits and flowers" said the speaker, "with plenty in the larder and all or most of the comforts of life and we should be happy and contented." It was a sermon which inspired pride in home and a feeling of happiness and contentment with one's lot in life no matter how humble.

### First Prayer in Congress.

Mrs. L. M. Thompson, who resides on Taylor street, exhibited an old almanac to the Leader last week bearing date of June 15, 1849. It contained the "Poor Richard" sayings, and the following among the interesting "Congressional Notes."

When Congress first met, Mr. Cushing moved that it should be opened with prayer. This was opposed on the ground that the members, being of various denominations, were so divided in their religious sentiments that they could not join in any one mode of worship. Mr. Samuel Adams arose, and after saying he was no bigot, and could hear a prayer from any gentleman of piety and virtue who was a friend to his country, moved that Rev. Mr. Duche—an Episcopal clergyman, who, he said, he understood deserved that character—be invited to read prayers before Congress the next morning. The motion was passed and the next morning Mr. Duche appeared, and after reading several prayers in the established form, then read the collect for the 7th of September, which was the thirty-fifth psalm. This was the next morning after the startling news had come of the cannonade of Boston; and says John Adams, "I never saw a greater effect upon an audience."

The fourth of the series of Unitarian services in Phillips Hall will be held Friday evening June 24 at 8 o'clock. Subject, "The Religion of an understanding heart." The question of farther continuance of the services will also be decided at this time. Everybody welcome.
