

The Fair

Woodward Building
Cottage Grove's new store is now open for business
ANNOUNCEMENT

A Handy Store.

A lady remarked one day: "This is such a handy store. I can find so many things here that I want without having to run all over town to get what I want."

Now, that's just what we want The Fair to be—a "handy store"—a place where you can drop in and easily find a thousand and one things daily needed in the home, on the farm or for personal use.

Looking Made Easy.

As you will notice, we display our goods in plain sight on tables and shelving built with the special object of making it easy for anyone to see and handle goods. You will find it interesting to look over, whether you care to buy or not.

Special Bargain Counters.

Take a careful look at our 5c, 10c and 15c counters. They are loaded with bargains. Keep your eye on our windows, too. Some extra good values will be offered in our windows from time to time.

About Delivering Goods.

We do not deliver packages that can be conveniently carried by customers.

Large orders and large articles, like tubs, boilers, etc., will be delivered in town without extra charge.

Never Urge You To Buy.

Our salespeople have positive instructions never to urge anyone to buy. Drop in any time and see what we have and get our prices. We are here to show goods and would be pleased to sell you, but our goods and prices must do the selling.

Prices Plainly Marked.

There is no secret about our prices. Every article in our store is plainly priced, and the marked price is our selling price—we know our prices are right, and goods will be sold to all alike at just what they are marked.

A WORD IN CONFIDENCE TO YOU

Keep in mind that we will have the largest and choicest assortment of toys, dolls, fancy Chinaware, and other goods for the Christmas trade ever seen in Cottage Grove.

C. J. SKOW, Prop.

Will Organize Class in Music.

Prof. J. N. Waterhouse, a graduate of the Royal Academy of London, England, has located in Cottage Grove and with his estimable wife have taken up their residence in the Lincoln cottage on B. street west Cottage Grove. The professor has in his home a very fine piano and organ, and he has decided to organize classes on both instruments. All those interested in the latest and best methods of piano or organ instructions should consult with Professor Waterhouse who is promised a large class. Read his professional card on the last page of the Leader.

LeRoy Woods and wife went to Newport Saturday returning home Monday. We did not learn how much Roy paid for the fish and clams he brought home with him.

Cantata Next Week.

A cantata "A Dream of Fairyland" will be given at the Armory some time next week, under the auspices of the Presbyterian church assisted by Mr. and Mrs. Waterhouse. Rehearsals are being held daily and the affair will be very dainty and graceful in every respect.

White Minoreas, from D. T. Aubrey's prize winning stock for sale, two cockerels at \$1.50 each and three pullets at \$1.00 each. Apply to Mrs. E. Tompkins, Cottage Grove or phone Farmers 67x7.

Don't miss the Laurel Range demonstration at Spray-Wynne Co's store commencing Sept. 12. Fine Range given away, absolutely free. See ad.

Experience Is The Best Teacher

And it is through experience that we have learned the merits of the Celebrated Mallory Hat. The numerous customers who asked for a Mallory Hat at our store in the past and who would accept no other caused us to "sit up and take notice." We profited by this experience and have secured the agency for this famous hat for Cottage Grove.

Attorney J. S. Medley was circulating in Cottage Grove, the initiative nominating petitions for Sheriff Harry L. Bown for renomination on the Democratic ticket last week. We wanted to sign the petition but Judge Medley declined us the privilege on the ground that we "did not register right."

W. B. Cooper and wife and Ira Randall and family returned home Sunday from a visit to old home scenes in Iowa.
