JUDGE BEAN'S CLAIMS TO SUPREME JUDGESHIP

Pendleton, Ore. Sept. 3, 1910.
Editor Leader:—I wish to say that I am a candidate for the Republican nomination for Supreme Judge of the state of Oregon, for the term of four years, at the primary election, to be held September 24th, 1910.

I ask for your personal support for this nomination, and request that you mention the matter to your republican friends and urge them to register and vote at this primary election.

I served in the legislature in 1889, and for two terms as District Attorney, and four years as Circuit Judge, in this Judicial District, Umatilla and Morrow counties, also as County Judge of Umatilla county, and have practiced law here for about twenty-four years, and therefore feel that the people with whom I am not personally acquainted can easily ascertain my record.

Having been a life-long Republican I respectfully ask a promotion from the Circuit Court to the Supreme Court.

As you are aware, there are four Justices of the Supreme court to be nominated and elected, and there are many who think, that it is only just to all that one of them should be chosen from Eastern Oregon.

My opponent for this nomination, Mr. Wallace McCaman, of Portland, is an ardent Corporation Attorney, and the question, whether or not the people desire an attorney whose whole life work and present position, has been, and is, in the direct interest of the great corporations, is squarely presented to the voters of this state. A few corporation lawyers of Portland are strenuously opposing my candidacy.

If nominated, I believe I shall be elected and if elected, I will do the work and administer the law fairly, and impartially, to the poor as well as the rich.

Ever since the Direct Primary law was enacted by the people, I have stood firmly for it, as my political record shows and I advise the people of this state to retain this law as a safeguard. My name was not presented to the State Assembly. This is a matter for the Republican voters to determine and not the bosses alone.

Very truly, H. J. BEAN.

STATE PRINTER'S OFFICE AND NEEDED REFORMS.

This is the argument of William J. Clarke, Republican, Flat Salary candidate for state printer, which is objected to by State Printer Daniway, the fee system candidate:

"Do you know that one year's income of the state printer, under the laws governing the conduct of that department, is greater than the combined salaries of the Governor, Secretary of State, State Treasurer, Bank Examiner, Superintendent of Public Instruction and Attorney General; of the five Justices and Clerks of the Supreme Court; the Master Fish Warden, 20 state water Superintendents, State Engineer, two members of the State Tax Commission, Labor Commissioner and the Governor?"

That it would pay the expenses of any two departments of state, and his income for two years would defray the expenses of a session of the Legislature? It is a fact. Furthermore, under the new printing law which goes into effect in January, 1911, his profits will be much greater than they are now, crafty juggling of figures in a maze of technicalities to the contrary notwithstanding.

Here are some plain and startling figures, backed by the records and the facts which challenge successful contradiction:

For the years 1907-1908 the state printer received from the state printing fund \$53,064.28, and \$11,772.40 for institutional and departmental printing, a total of \$64,836.68. Up to August 1, 1910 he had drawn \$29,976.13 from the printing fund, and \$18,088.52 for departmental and institutional work, making a total of \$48,064.65. Based upon his receipts for the same work, upon a smaller scale two years ago, it is conservatively estimated that he will receive an aggregate of \$43,500 the remaining five months of the year 1910, for printing departmental reports, printing the code, 32 initiative measures with arguments for or against the same, corrupt prac-

tices pamphlets, etc., or a grand total of \$91,564.65 for the years 1909-1910 and of \$156,401.33 for the four years' term. Making a generous allowance of \$45,000 for salaries and other expenses of his office leaves him a net profit of \$111,401.33.

Under a flat salary law, upon which platform William J. Clarke stands unqualifiedly and alone before you at the primary election, September 24, it will be possible to effect a saving of over \$100,000 in four years to the state, which would otherwise go into the pockets of the individual. Therefore a vote for William J. Clarke, a native son of Oregon, practical printer and newspaper man of over 30 years of actual experience, who stands unchallenged upon his record as lifelong and staunch Republican and citizen, is a vote for progress and retrenchment in the affairs of state government.

The state printing office is the last relic of the old fee system. Will you stand for it Mr. Voter?

SEA MONSTER IN CRESCENT LAKE

Dr. Woods a Portland physician, a few days ago took 25 shots at the sea monster in Crescent lake, but his bullets, some of which must have struck their mark, apparently had no effect, says the Eugene Guard.

This monster what ever it is, has been seen in the lake at intervals of every few years by different persons and is now considered no myth or the result of the imagination of some one who has imbibed freely, because quite a number of responsible and reputable citizens have seen it during the last few years. Five or six years ago Henry Schwering and Bert Vincent, local barbers, saw the monster while they were fishing out in the middle of the lake. They had no gun along and did not attempt to get very close to it, but they declare it had a head as big as an ox and big eyes that glared viciously. Henry and Bert after their arrival home and when they told their story, were joshed unmercifully about "seeing things," but there were several others in town who had also seen the serpent or whatever it is, and these were about the only people who believed the story, but it is confirmed by Dr. Woods who with R. L. Lamson, also of Portland, was there recently and tried to kill the creature.

Dr. Wood and Mr. Lamson outfitted in Eugene for their trip, leaving in one of the Bangs Livery Co. rigs. W. L. Price and Jim Clark went along as drivers and camp tenders, and they, too, saw the monster.

A Dream of Fairyland.

The beautiful childrens cantata "A Dream of Fairyland" will be given at the Armory next Tuesday evening under the direction of Prof. and Mrs. Waterhouse. The cast consists of forty little girls between the ages of eight and thirteen and a charming Grecian drill by sixteen young ladies. The story is of two little girls Neva and May who loose their way in the woods and fall asleep. They are found by a band of good fairies, wearing dainty white gowns, glittering with silver and gold, who invite them to join their band. As they are about to depart with the good fairies, they are met by a band of evil fairies wearing gowns of black and glittering with tinsel. The evil fairies deceive the little girls by telling of their free and happy life and persuade them not to go with the good fairies, but to go with them. The poor tired little girls soon find that the evil fairies have deceived them and they try to find their way to the good fairies again. Five little sun beams next appear in their gowns of yellow singing a joyous happy song. They are soon driven away by five naughty rain drops in their gowns of gray, finally the rain drops sing a song of repentance and call back the sun beams, when a gorgeous rainbow appears in the sky. Little Neva and May are at last found by the good fairies and welcomed home. The evil fairies become penitent and are at last permitted to join the good fairy band. Rehearsals are being held daily and the children promise a rare musical treat to all who attend. Benefit of the Presbyterian church, admission, 25 and 35 cents.

NO PASS FOR EDITOR.

An editor was asking for admission to heaven. "Can't let you in," said St. Peter; "the record of your good deeds never came to our exchange table." "But," said the editor, "the postal authorities are to blame if you didn't receive my paper." "Then you'll have to go to the other place and fight it out," said St. Peter; "the postal authorities are all down there."—St. Louis Star.
