**The Cottage Grove Leader**

PUBLISHED EVERY TUESDAY

W. C. CONNER, - Editor and Manager

Entered at the Cottage Grove postoffice as second class mail matter

One year \$1.50  
Six months .75

TUESDAY, JAN. 10, 1911.

It is boosting, not boasting that counts.

There is plenty of work for the Oregon legislature.

It is now Governor West, he having been inaugurated today.

The man who does the same old way day after day is merely doing time.

An eccentric man is one who does not swear off from something on New Year's.

The railroad earnings of the U. S. last year were almost three billions. The increase was enormous \$227,000,000.

It is announced that Colonel Roosevelt will visit Oregon during the coming spring and make one speech in the state, probably in Portland.

Representative W. C. Hawley has introduced a resolution proposing an amendment to the constitution providing for the popular election of United States Senators.

State taxes for every county in the state show a decrease from last year, though there is an extra 1.25 mill to be levied for the Monmouth Normal school. Considering differences in valuation this is a decrease of 0.6 mills.

**MORE LAURELS FOR HIGH SCHOOL**

The Cottage Grove high school basket ball squad are setting a lively pace and thus far are strangers to defeat, an unconquerable host, as it were. Last week they met in this city the crack Eugene high school squad and trailed the visitors colors in the mud, the score resulting 16 to 13, in favor of Cottage Grove. From this place the visitors went to Roseburg and Ashland where they defeated both high school teams.

The lineup and score was as follows:

EUGENE  
Harlow and Hedden, F. 2; Kutch C. 9; DeBar, G; Hill G. 2. Total 13.

COTTAGE GROVE  
R. Woods, F. 2; Jess Lewis, F. 14; H. Martin, C; D. Medley, G; G. Mathews, G. Total 16.

**Meat Market Changes Hands.**

Bartels & Ernest sold their meat market and business Monday to Messrs. Summers & Taylor, formerly of Junction, this county. They will continue the business as formerly and expect by fair and courteous treatment of patrons and handling of first class meats to retain the present liberal patronage accorded this meat market. J. H. Bartels will continue to operate the ice plant here while Marion Ernest and Fred Bartels will probably engage in the butcher business over at Florence. Friends of Messrs. Ernest and Bartels will regret to learn of their intention to engage in business elsewhere.

**"NOTICE TO THE POLITICAL BOSSES OF WALL STREET."**

Mr. Editor:—The political bosses of Wall street, in a score of states scattered from the Atlantic to the Pacific will do well to read Daniels interpretation to the King of the Babylonian Empire. We must search the history of oriental nations to find a parallel of the conquests of Wall street by the aid of their corrupt bosses who have represented the privileged corporations in the senate and in congress. The splendor and magnificence of the home of the Morganheims and Guggenheims are but polluted monuments of the political character and career of such senators as Aldrich, Lodge and Depew, who have officiated as the ambassadors of Wall street, in search of more plunder for the insatiable greed of their masters. Our halls of congress have been thronged with counsellors and legislators whose gorgeous apparel and livery proclaim them emissaries of the privileged classes, who are as destitute of conscience as they are of moral courage and character.

These political parasites must be utterly destroyed, the work of extermination commenced here in Oregon (as well as many other states) at the late election and prosecuted with such substantial results that every true democrat may hope to see the last viper of special privilege routed in every state in the union at the next encounter in 1912.

The depravity of the malefactors of all the predatory trusts is made visible to the whole nation by the unfolding of the monstrous dishonesty and criminal conduct of the sugar trust. Wall street pirates have a system of bi-partisan politics which can no longer deceive the American people.

History will be searched in vain to find an instance in which such pirates, entrenched in precedent, in custom, and in political power have ever voluntarily surrendered or made restitution to the people of the rights of which they have been despoiled.

The iron jaws of Wall street monopoly of public franchises will relax only when they are broken by the action of an intelligent and united people.

Respectfully,  
G. B. STANDISH,  
"An insurgent who voted twice for Abraham Lincoln."

**A Splendid Compliment.**

George Lea, the water works contractor and civil engineer, returned home from a visit to Toledo and Newport Saturday. Five months ago he completed a fine gravity system of water works for Newport and is now making estimates for a similar system for Toledo. At a recent meeting of the Newport city council strong resolutions of thanks were unanimously passed by that body and signed by the mayor in acknowledgment of the services and excellent manner in which Mr. Lea finished and turned over Newport's new water plant to that city. A copy of these resolutions were printed, signed, and sealed with a gold seal and blue ribbon and presented to Mr. Lea by the Newport mayor upon his visit to that city last week, a compliment very gratifying to our esteemed townsman. Newport is said to have the finest gravity water system in the state for the amount of money invested.

**Jubilee Singers Coming.**

Williams' Jubilee Singers, a colored double quartet, will appear at the armory, Cottage Grove, on Saturday evening, January 28. The company is one of the very best on the road, and has met with unqualified success, both in this country and abroad. This company has visited Cottage Grove twice in the last few years, the last time two years ago and is always given a packed house here. Seats are already being engaged at the Wave.

This fine musical aggregation comes here under the direction of Chas. Hall, manager of the Arcade theater.

J. A. Sears and wife returned home Monday morning from a six weeks' visit to northern California points and reports a very enjoyable visit. In the country this side of Red Bluff dust could be seen following teams on the highway. Mr. Sears says that country is too dry for him and likes Oregon much better. He says there is more green grass growing in his dooryard than in all of northern California which he visited. "Oregon is good enough for me," he says.

**Style and Quality in Mens' Suitings**

From the Danforth Mills Co. Chicago, Ill.

A special message to the people of Cottage Grove & Lane Co. we wish to present you with the greatest line of fast-selling, low-priced patterns in America.

The Crack-A-Jack plan is simply the plan of tremendous output and a low selling bargain. We spend no money in expensive exploitation, no money in costly traveling men, no money for mere trade inveiglement.

All our capital is concentrated on producing the greatest, finest tailoring merchandise that skill and equipment can turn out and then in quoting it at a price so manifestly remarkable that the line itself sells our output.

There is no "dead-wood" or "lumber" in this line—it is out stripped to absolute "fighting trim" free of all repeaters, or "almost alike patterns," and every fabric is with a definite sales appeal.

And the line is absolutely new, sparkling with originality and innovations.

And just arrived, a full line of Spring & Summer suitings now on exhibition and for sale exclusively by, G. B. Standish, Cottage Grove, Oregon.
